Look! Three bears – a big bear and two little bears.

The big bear
is carrying a shovel.
He's going to dig a hole.

The little bears
are carrying a little tree.
They're going to plant
the little tree in the ground.

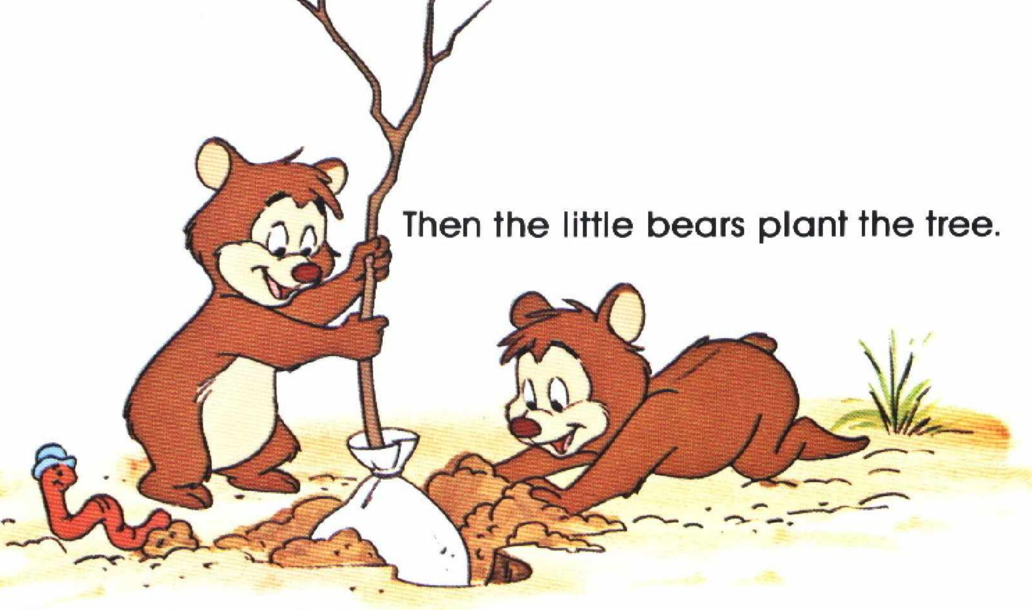

The big bear takes the shovel
and starts to dig.
He digs..
and digs...
and digs.

The hole gets deeper...
and deeper...
and deeper...
and...

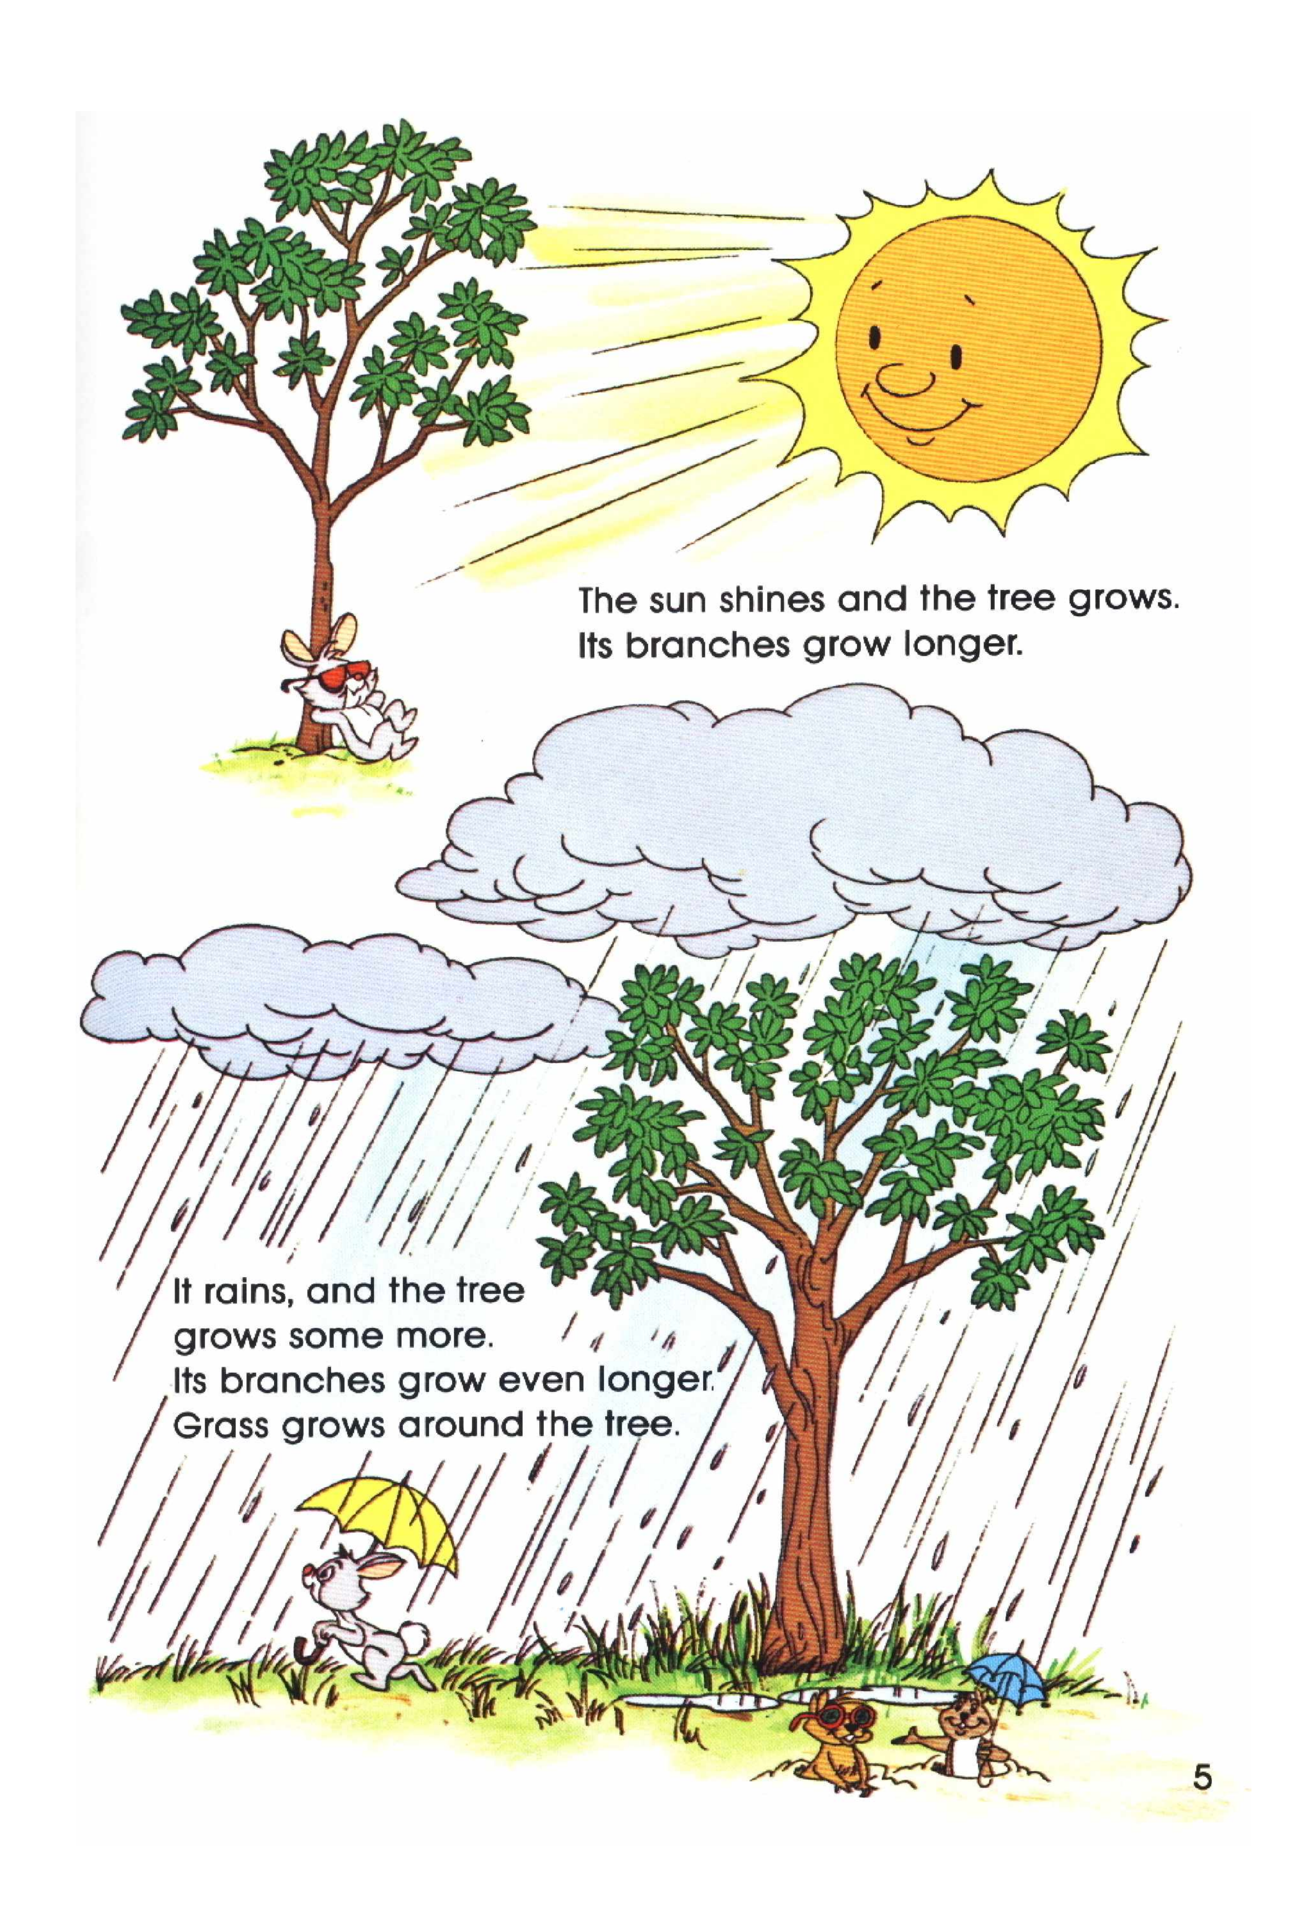

The big bear digs another hole.

Then the little bears plant the tree.

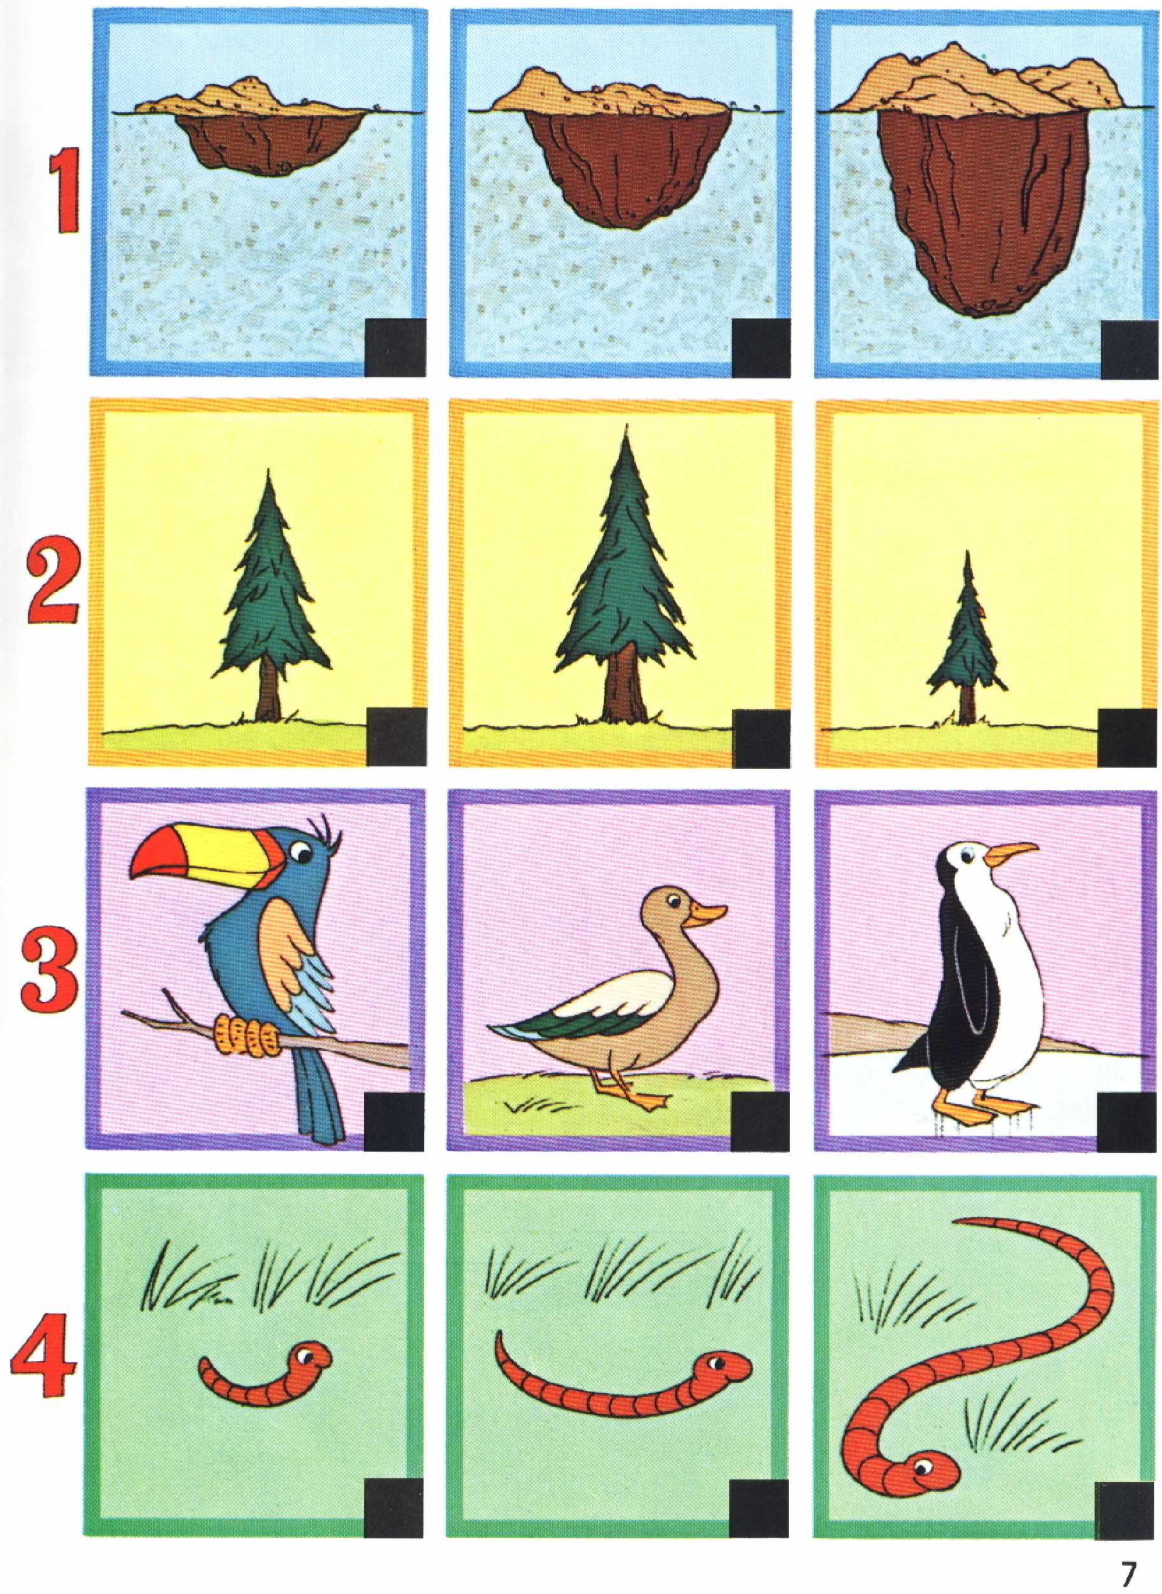

The tree is very little.
Its branches are very short.

The sun shines and the tree grows.
Its branches grow longer.

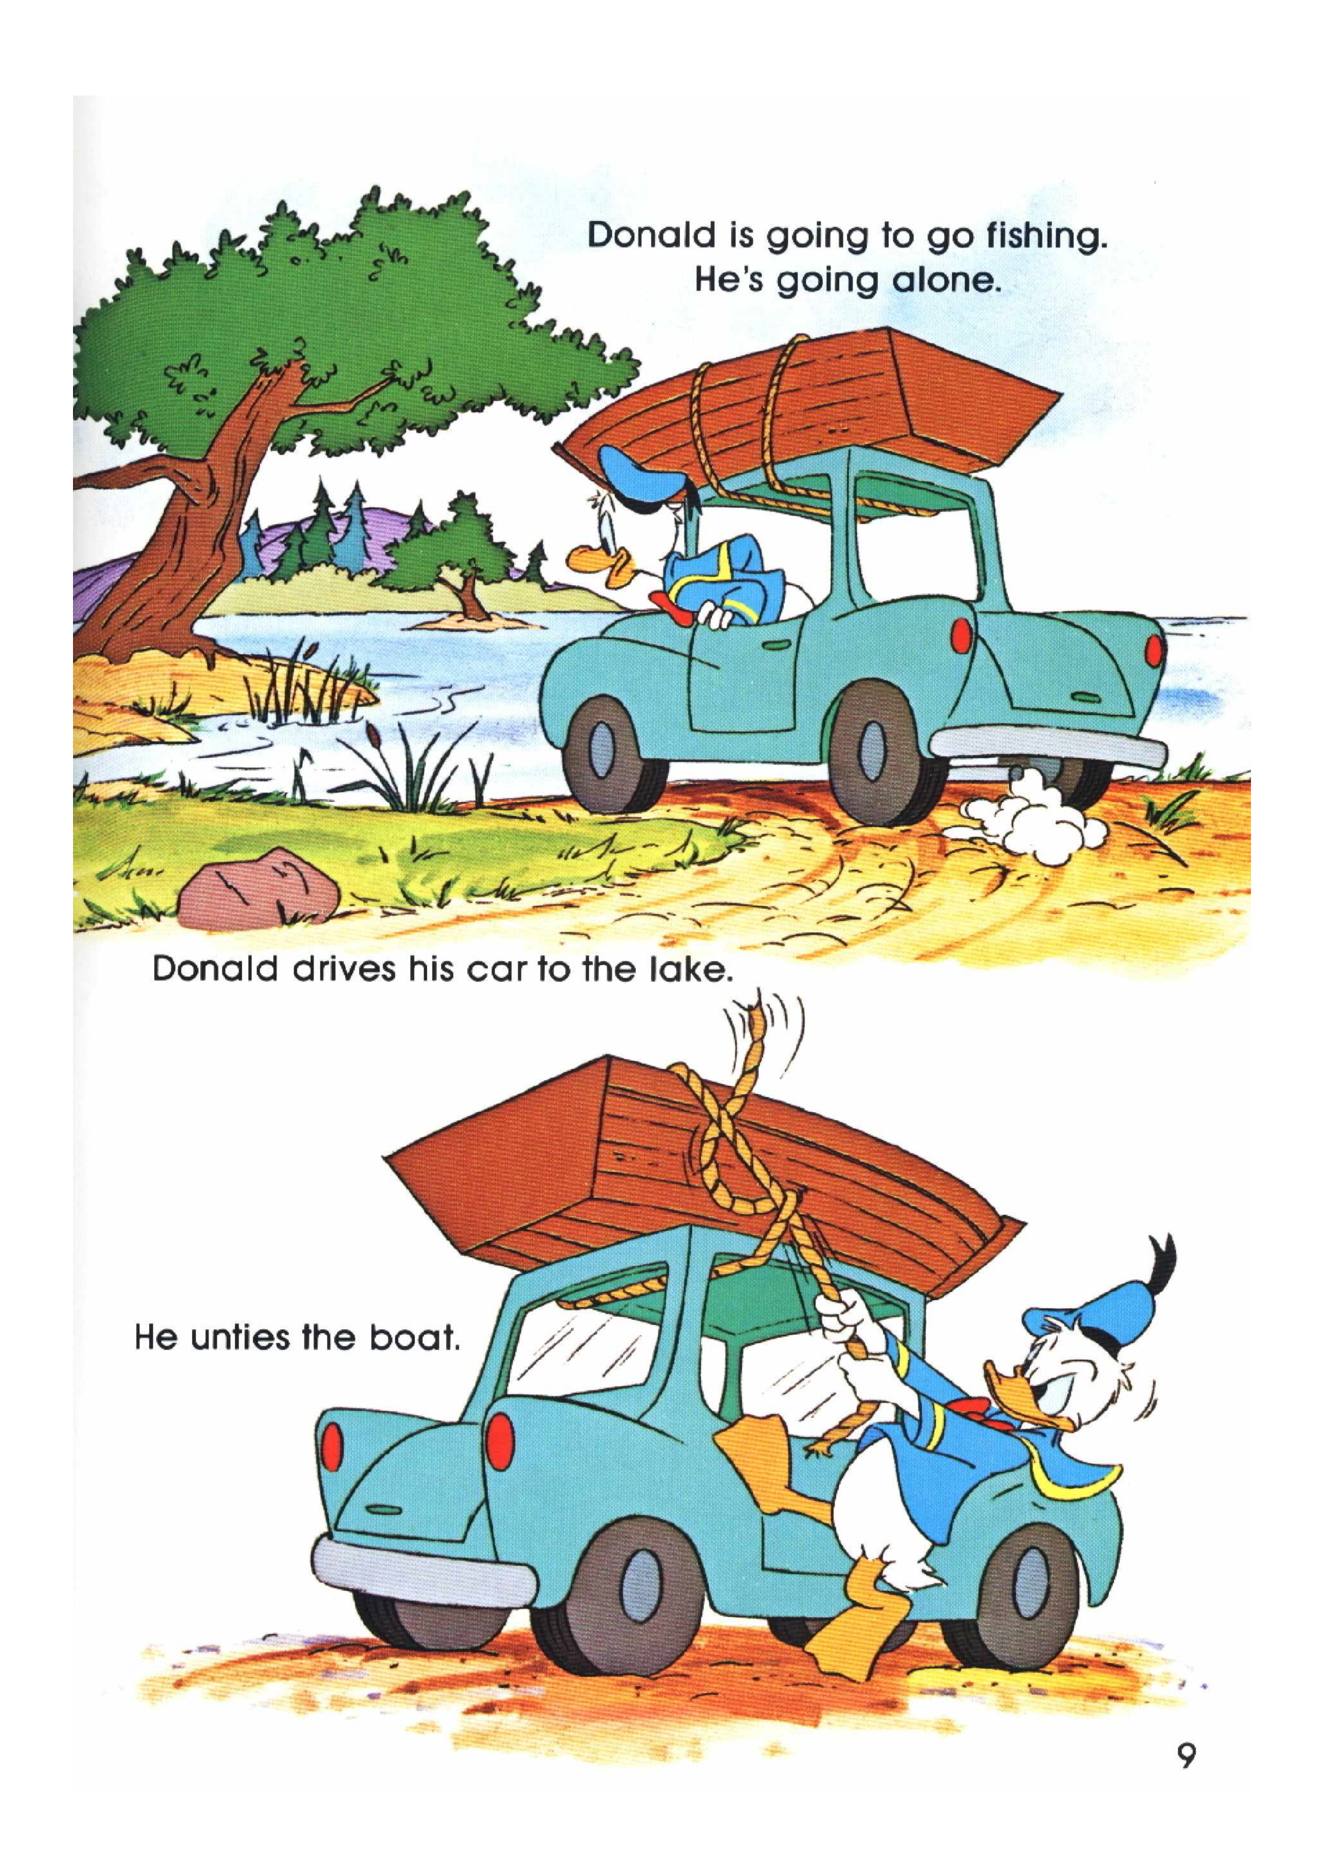

It rains, and the tree
grows some more.
Its branches grow even longer.
Grass grows around the tree.

Mickey and his friends are under the tree.
They're talking about what they're going to do.

Donald is going to go fishing.
He's going alone.
Donald drives his car to the lake.
He unties the boat.

He finds a long branch
on the ground.

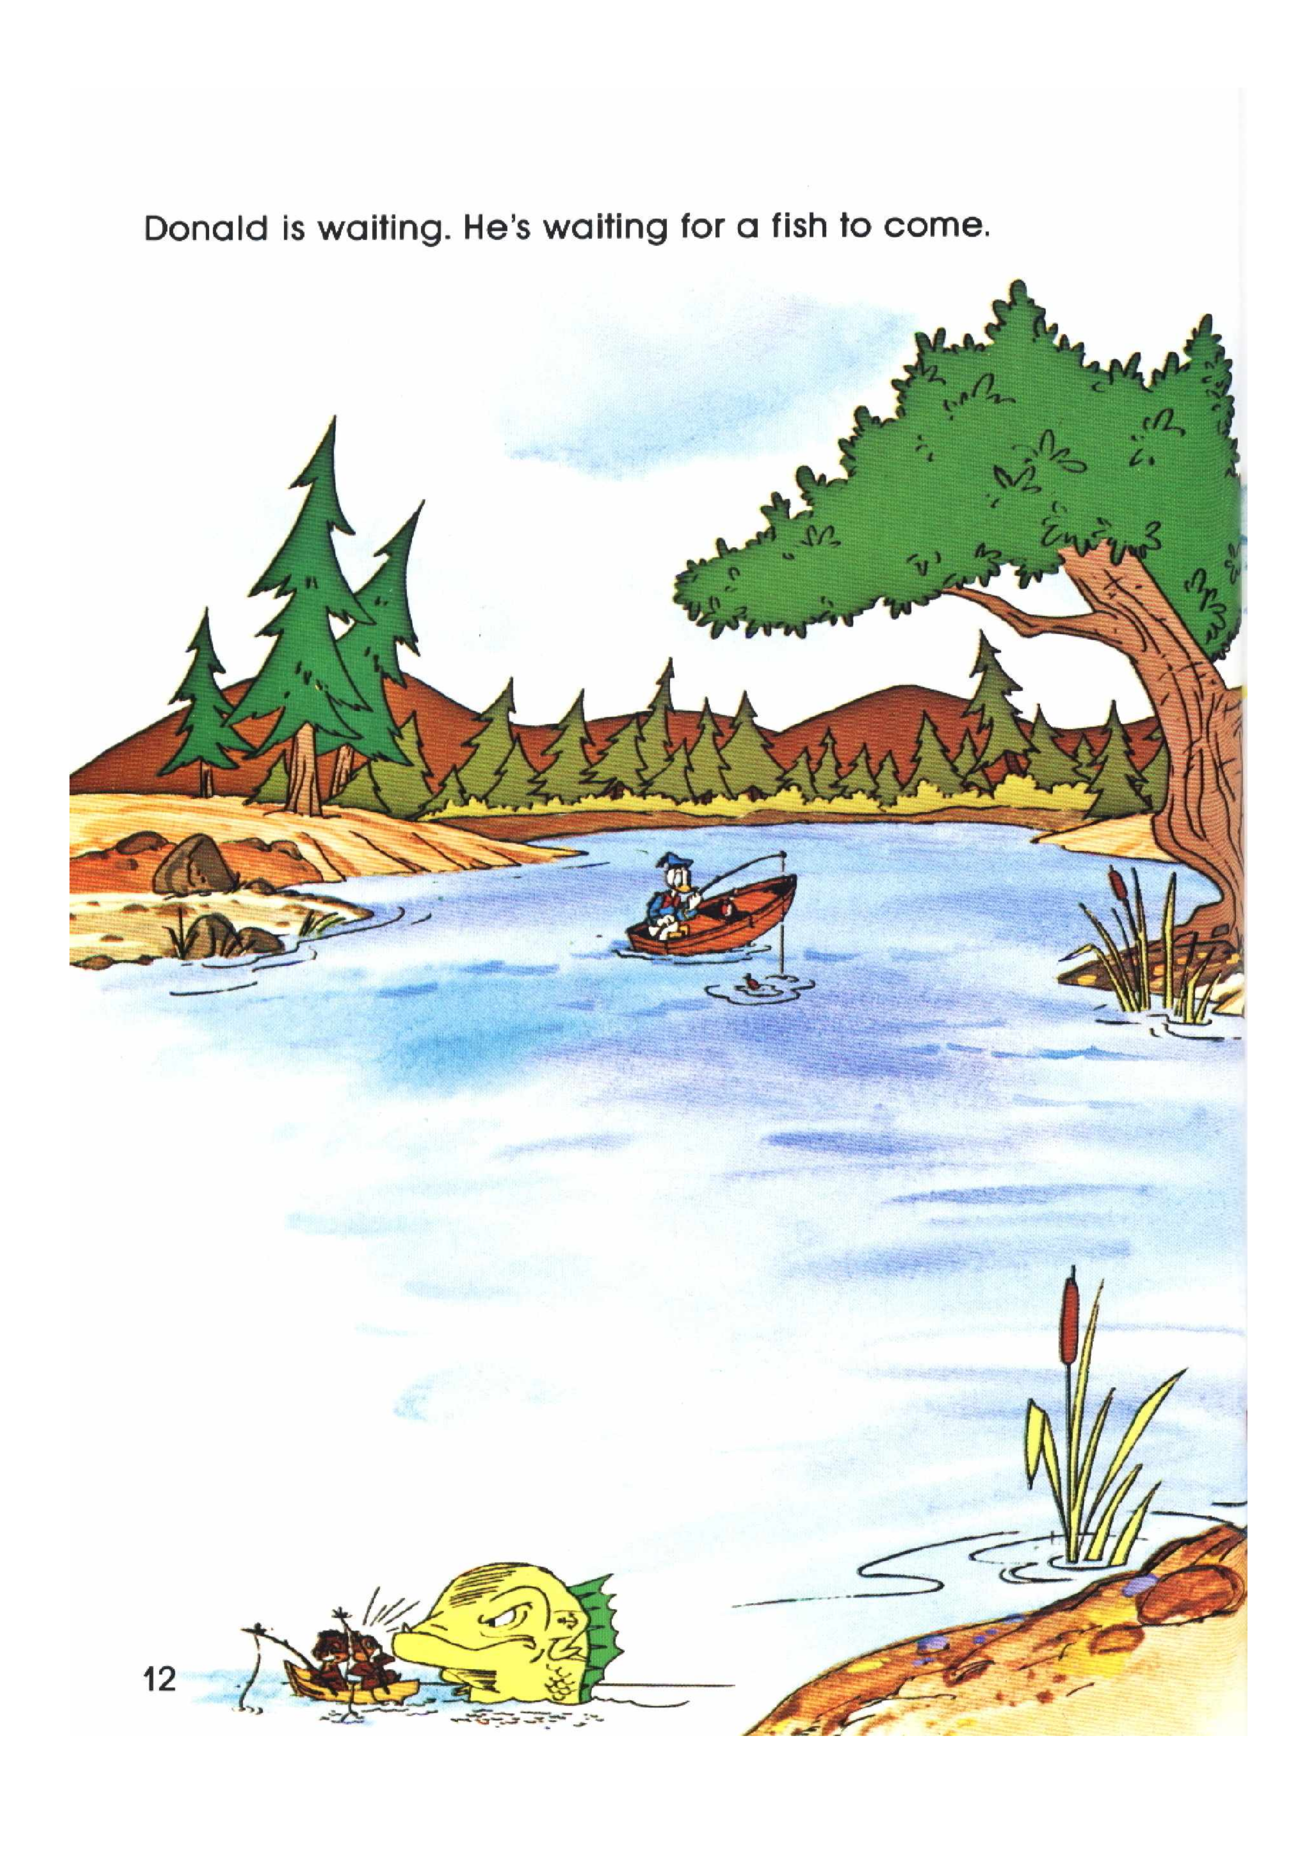

Donald cuts off
a long piece of string
with his knife.

He ties one end of the string
to the branch.

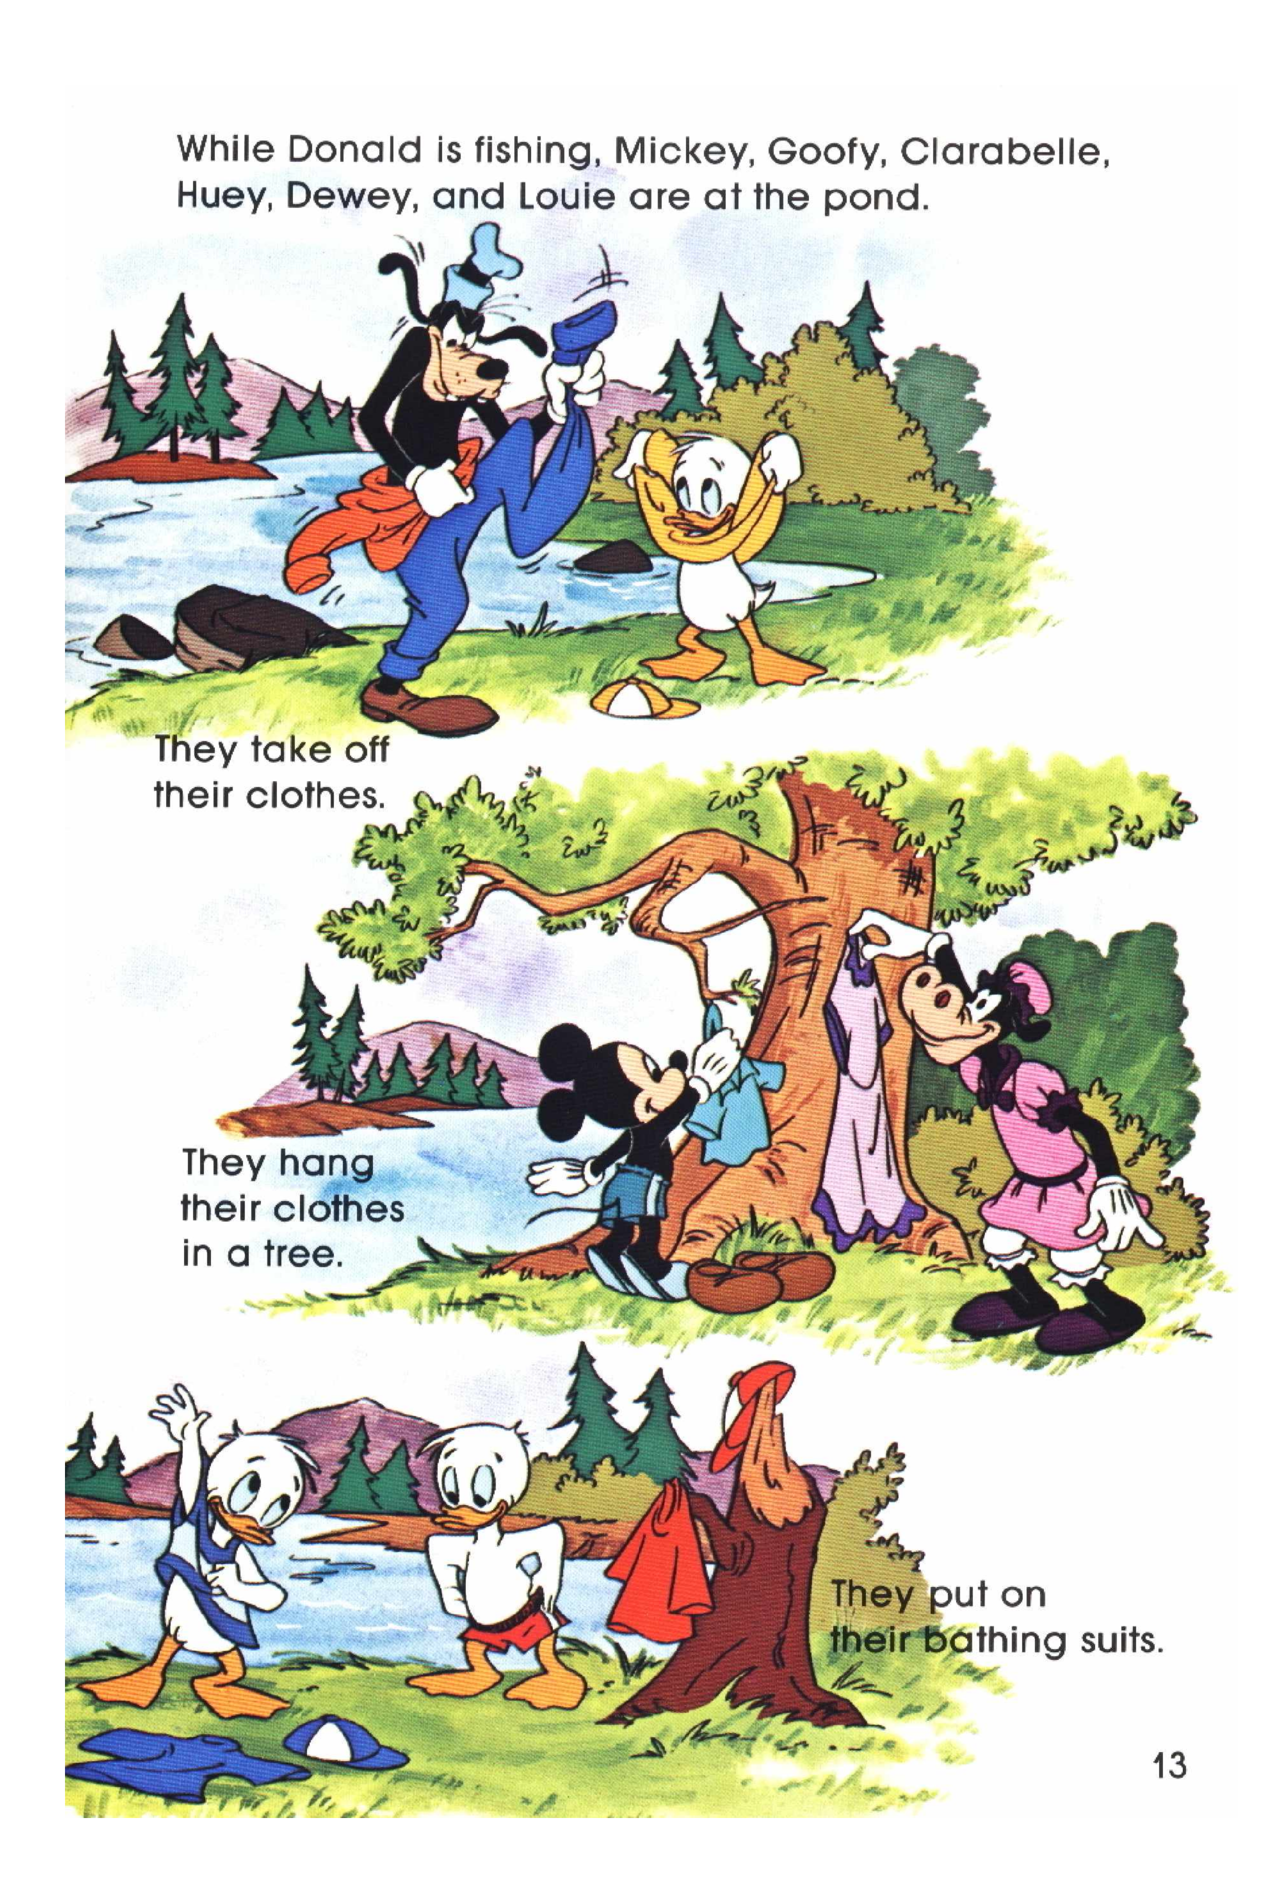

He ties a hook
to the other end
of the string.

Donald is digging for worms.
He puts the worms in a can –
all the worms except one.
He puts that worm on the hook.
Now everything is ready.

Donald is waiting. He's waiting for a fish to come.

While Donald is fishing, Mickey, Goofy, Clarabelle, Huey, Dewey, and Louie are at the pond.

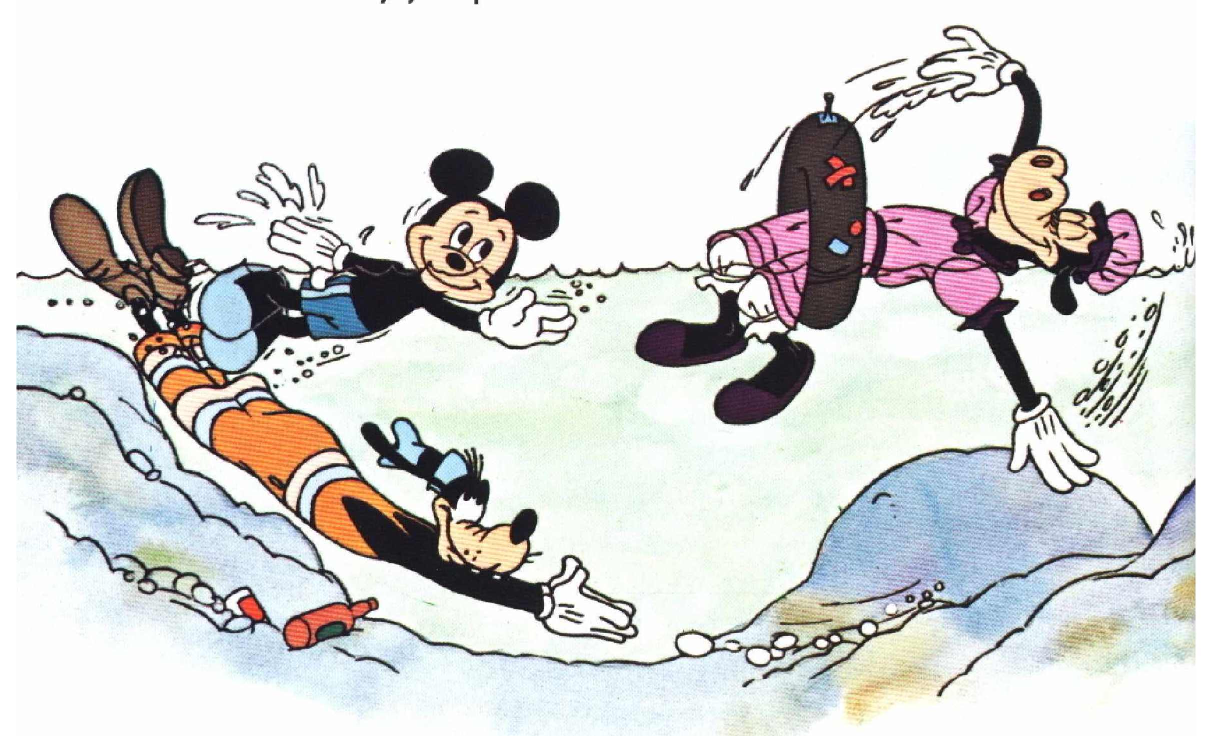

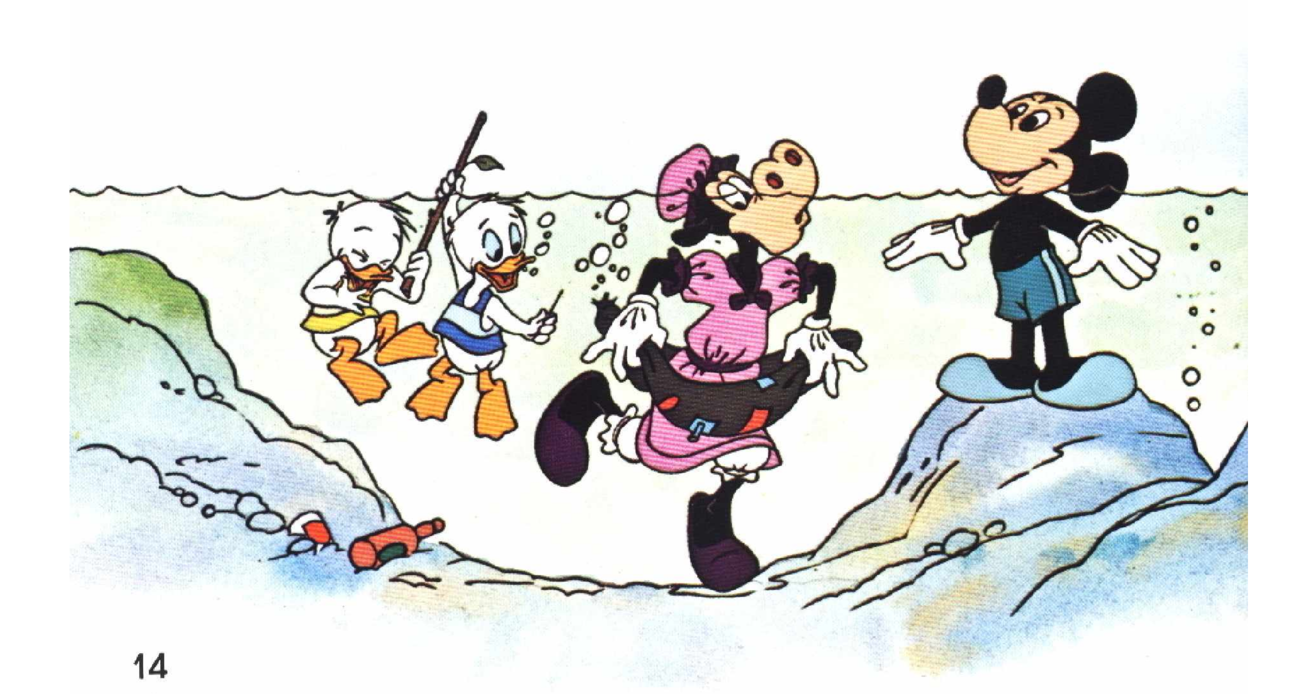

They take off their clothes.

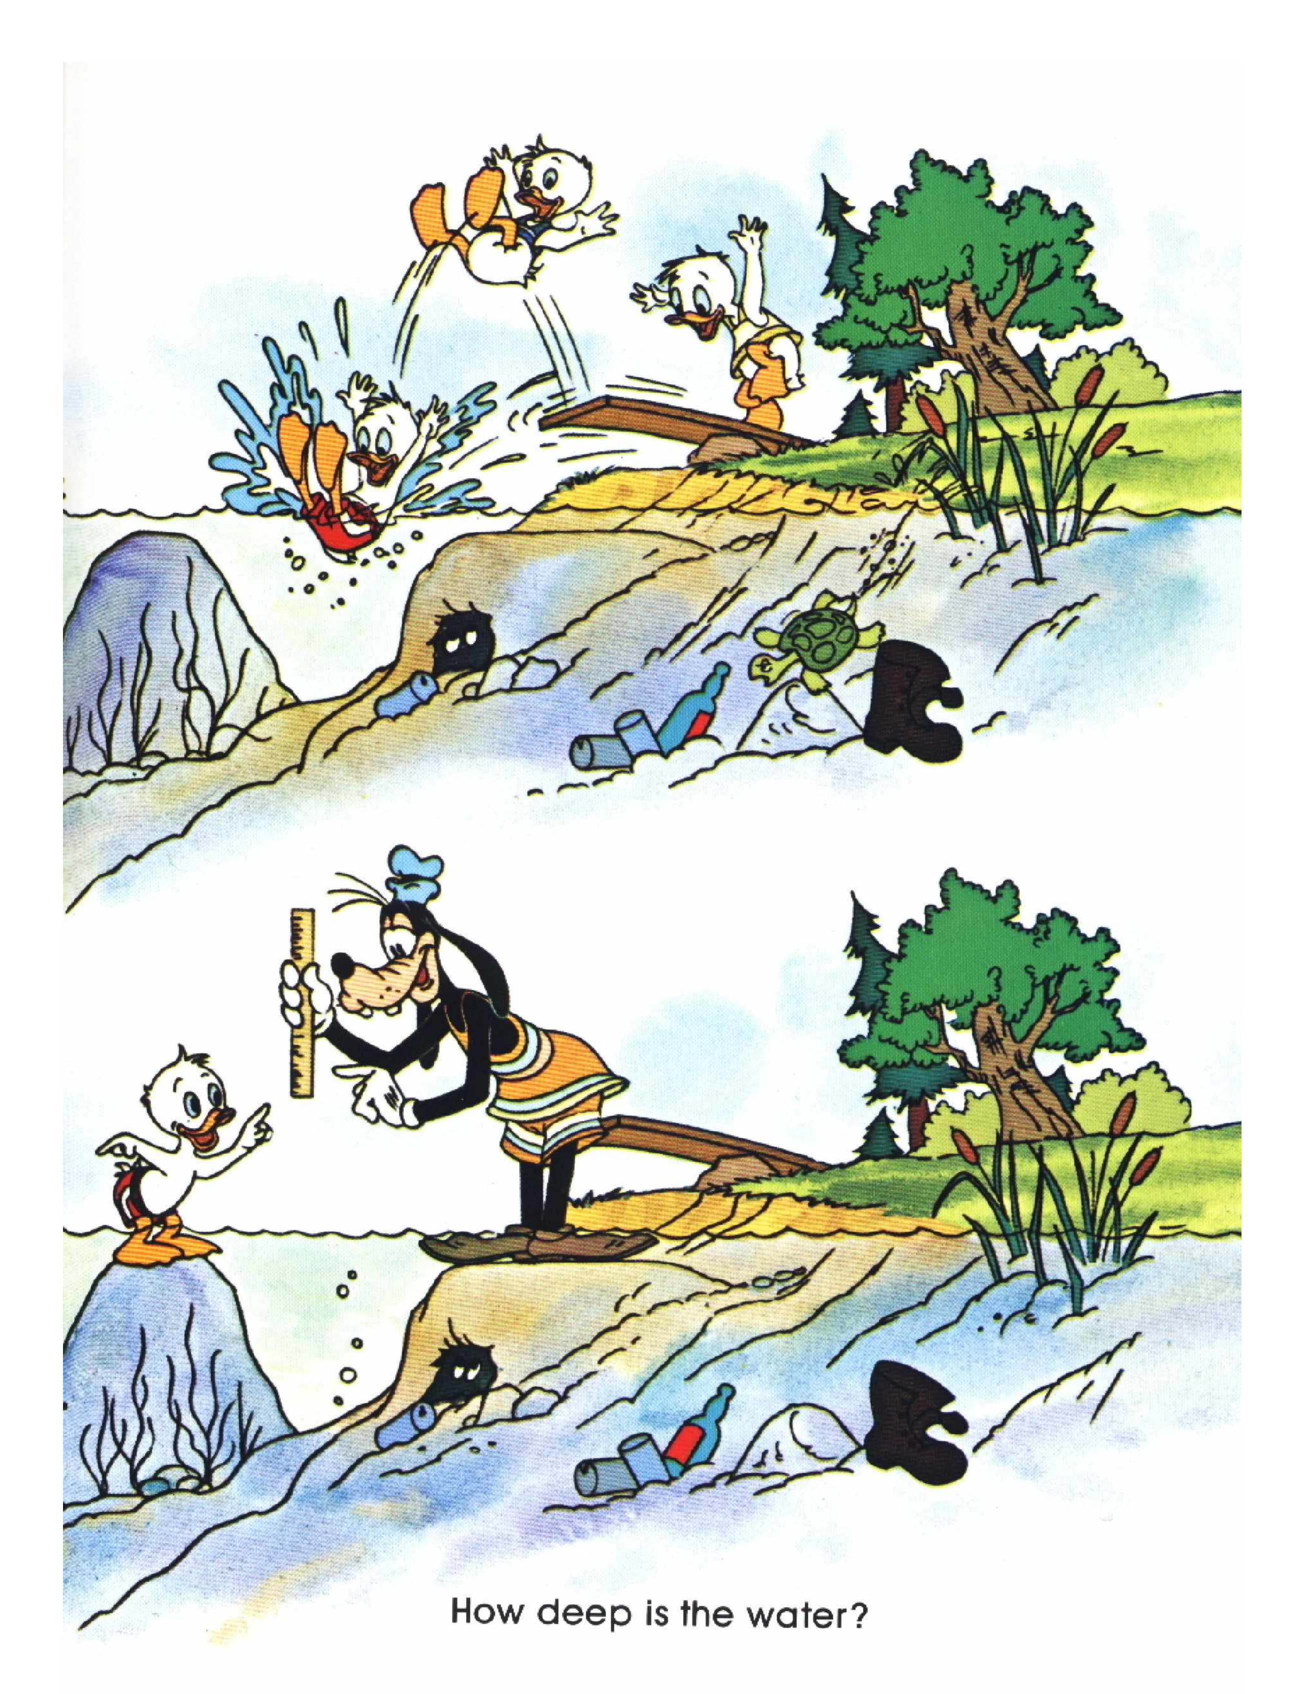

They hang their clothes in a tree.

They put on their bathing suits.

Then they jump into the water—SPLASH!—and swim.

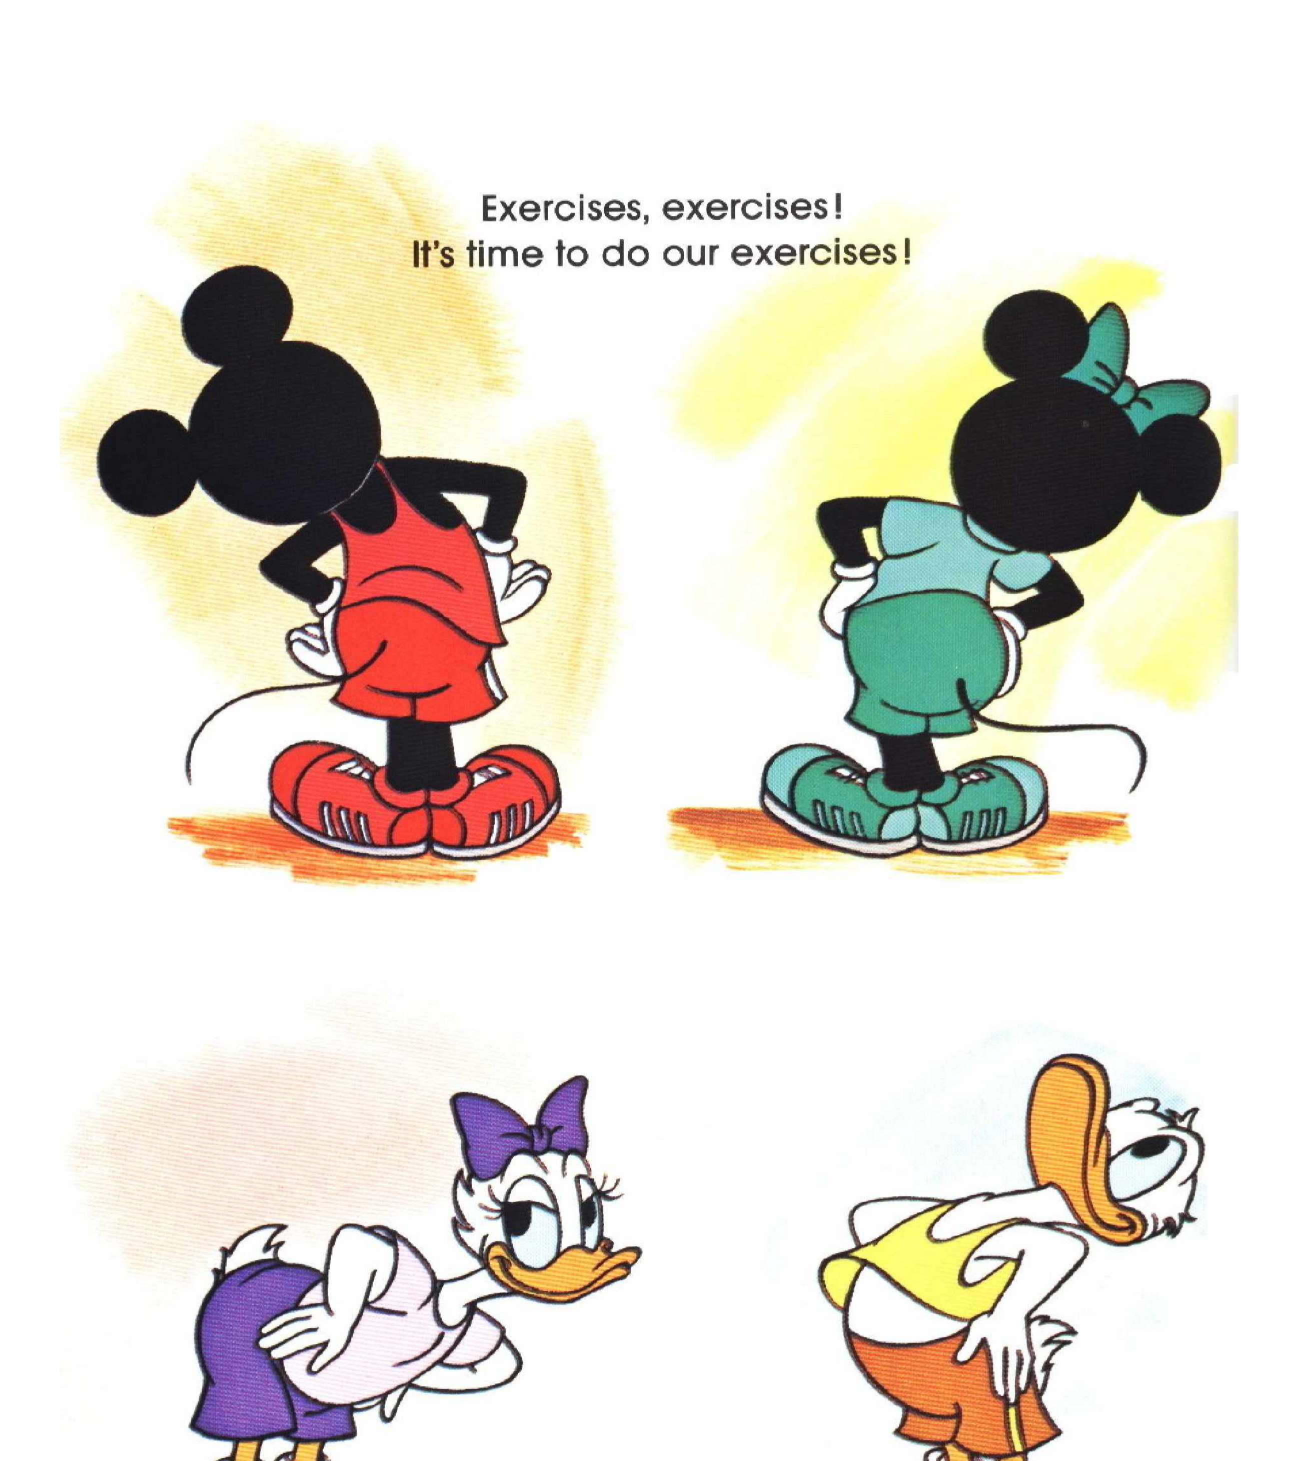

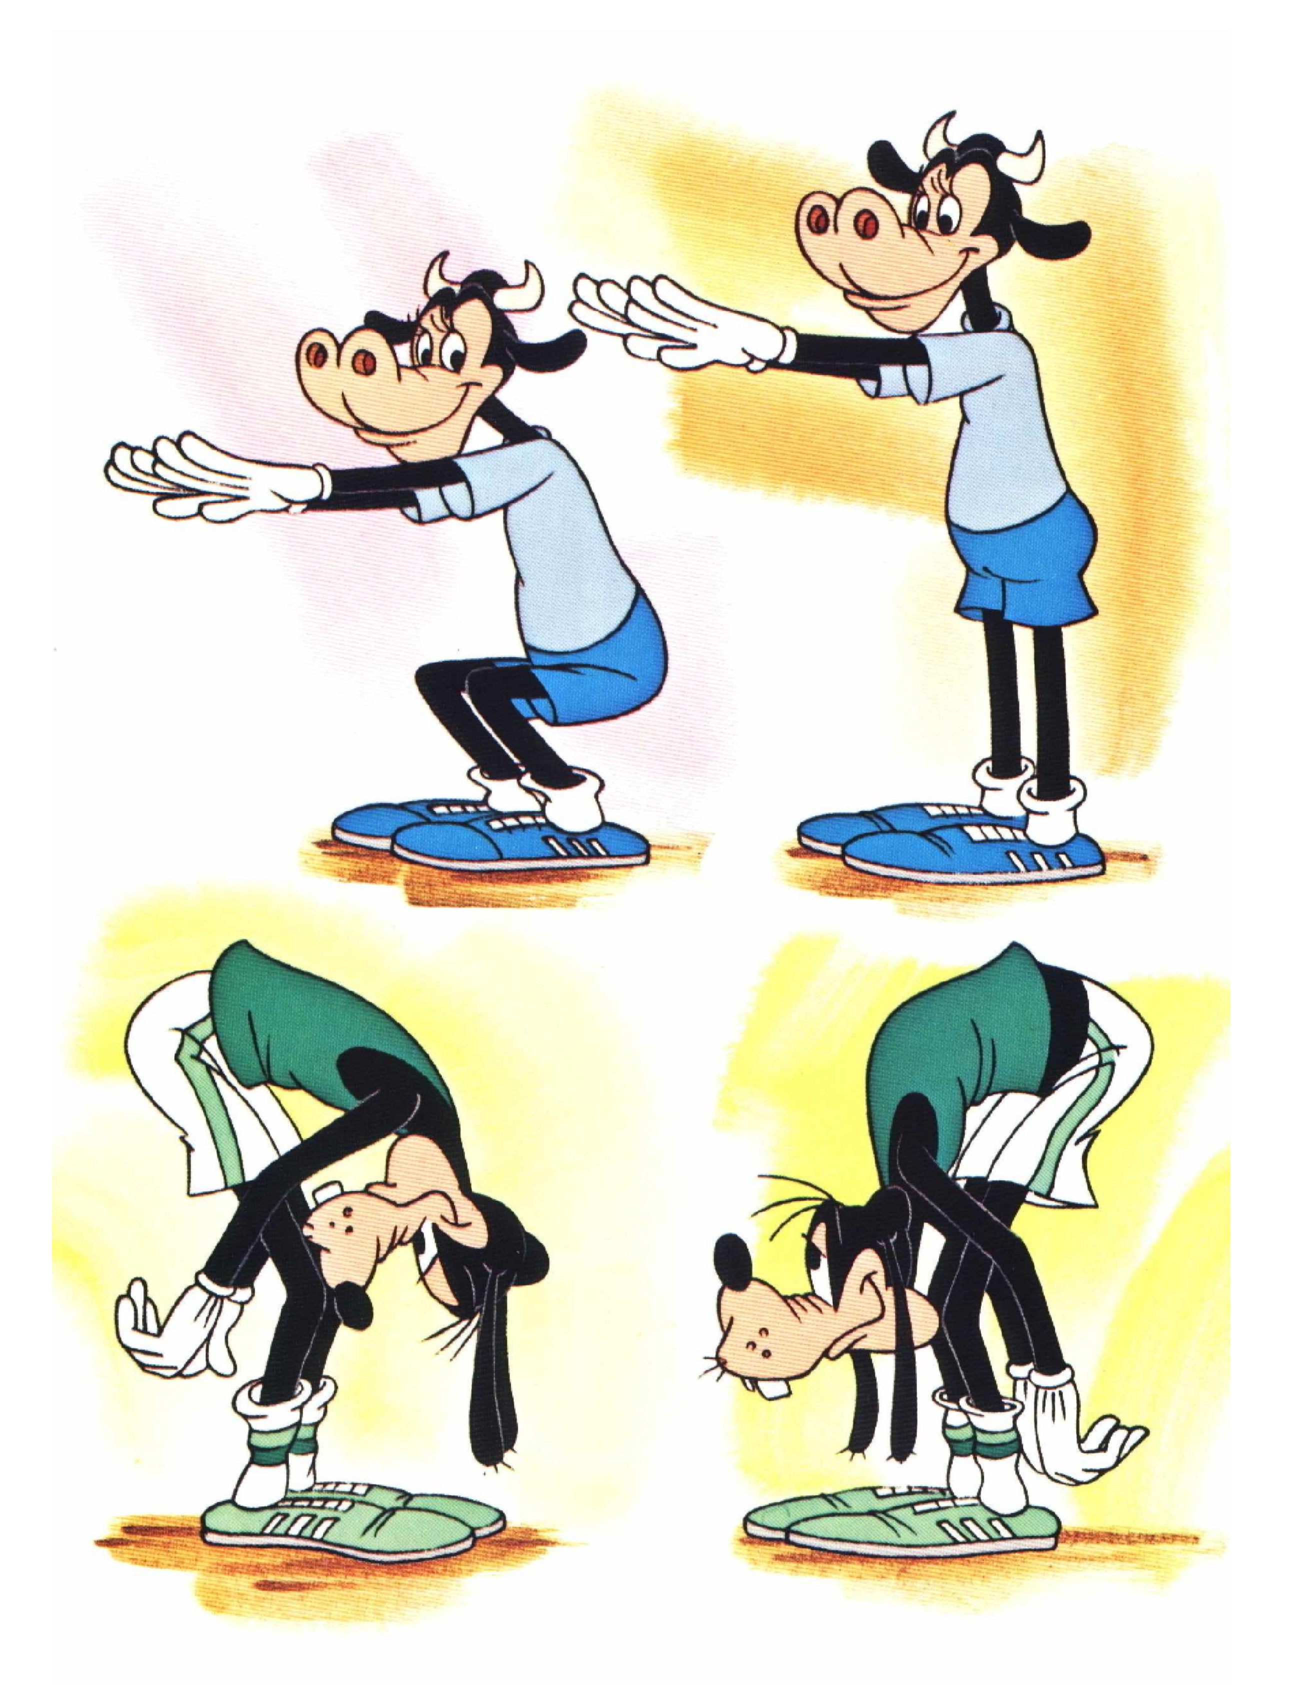

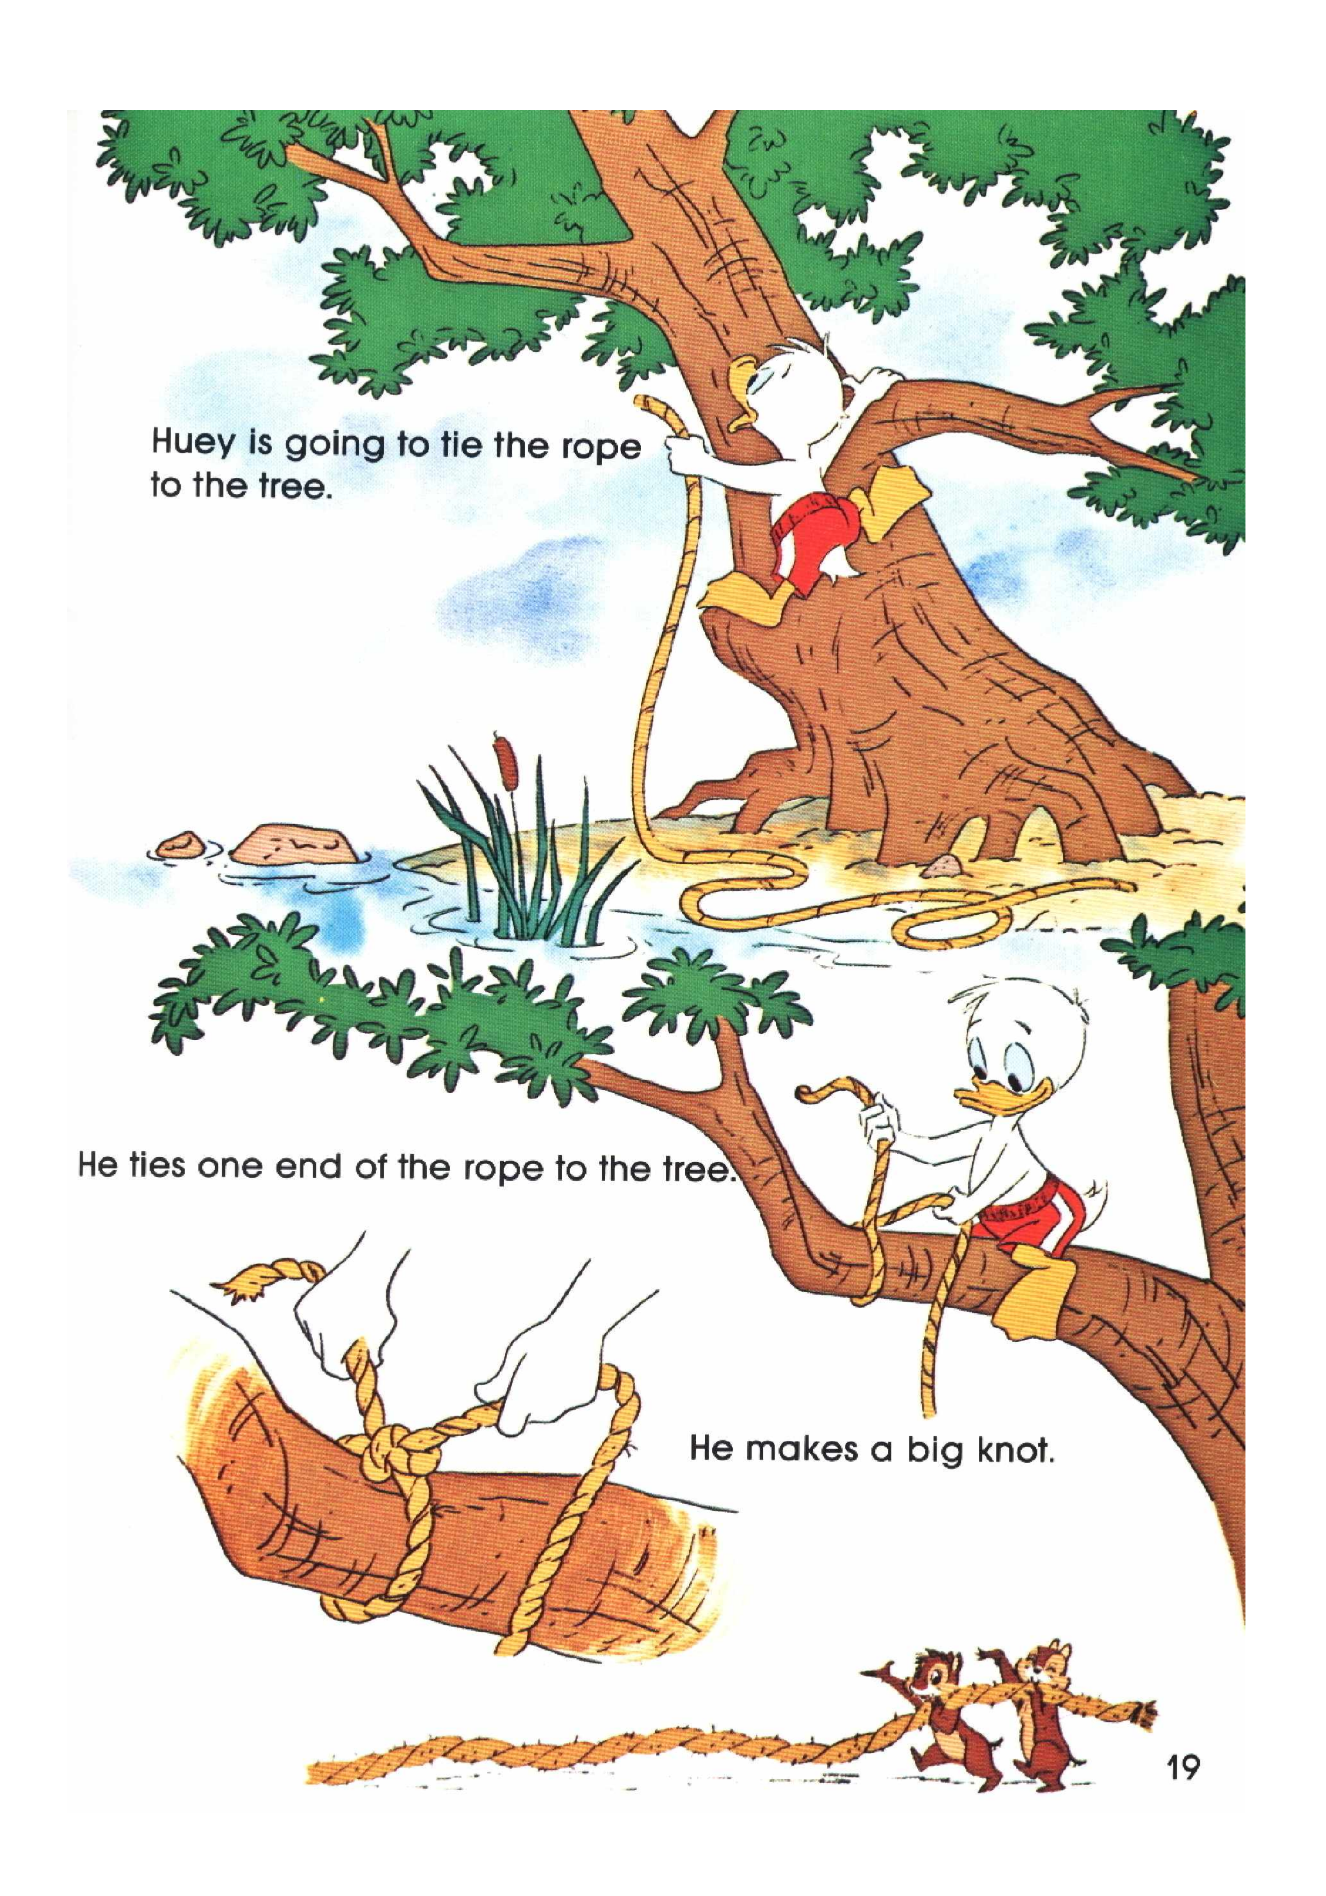

How deep is the water?

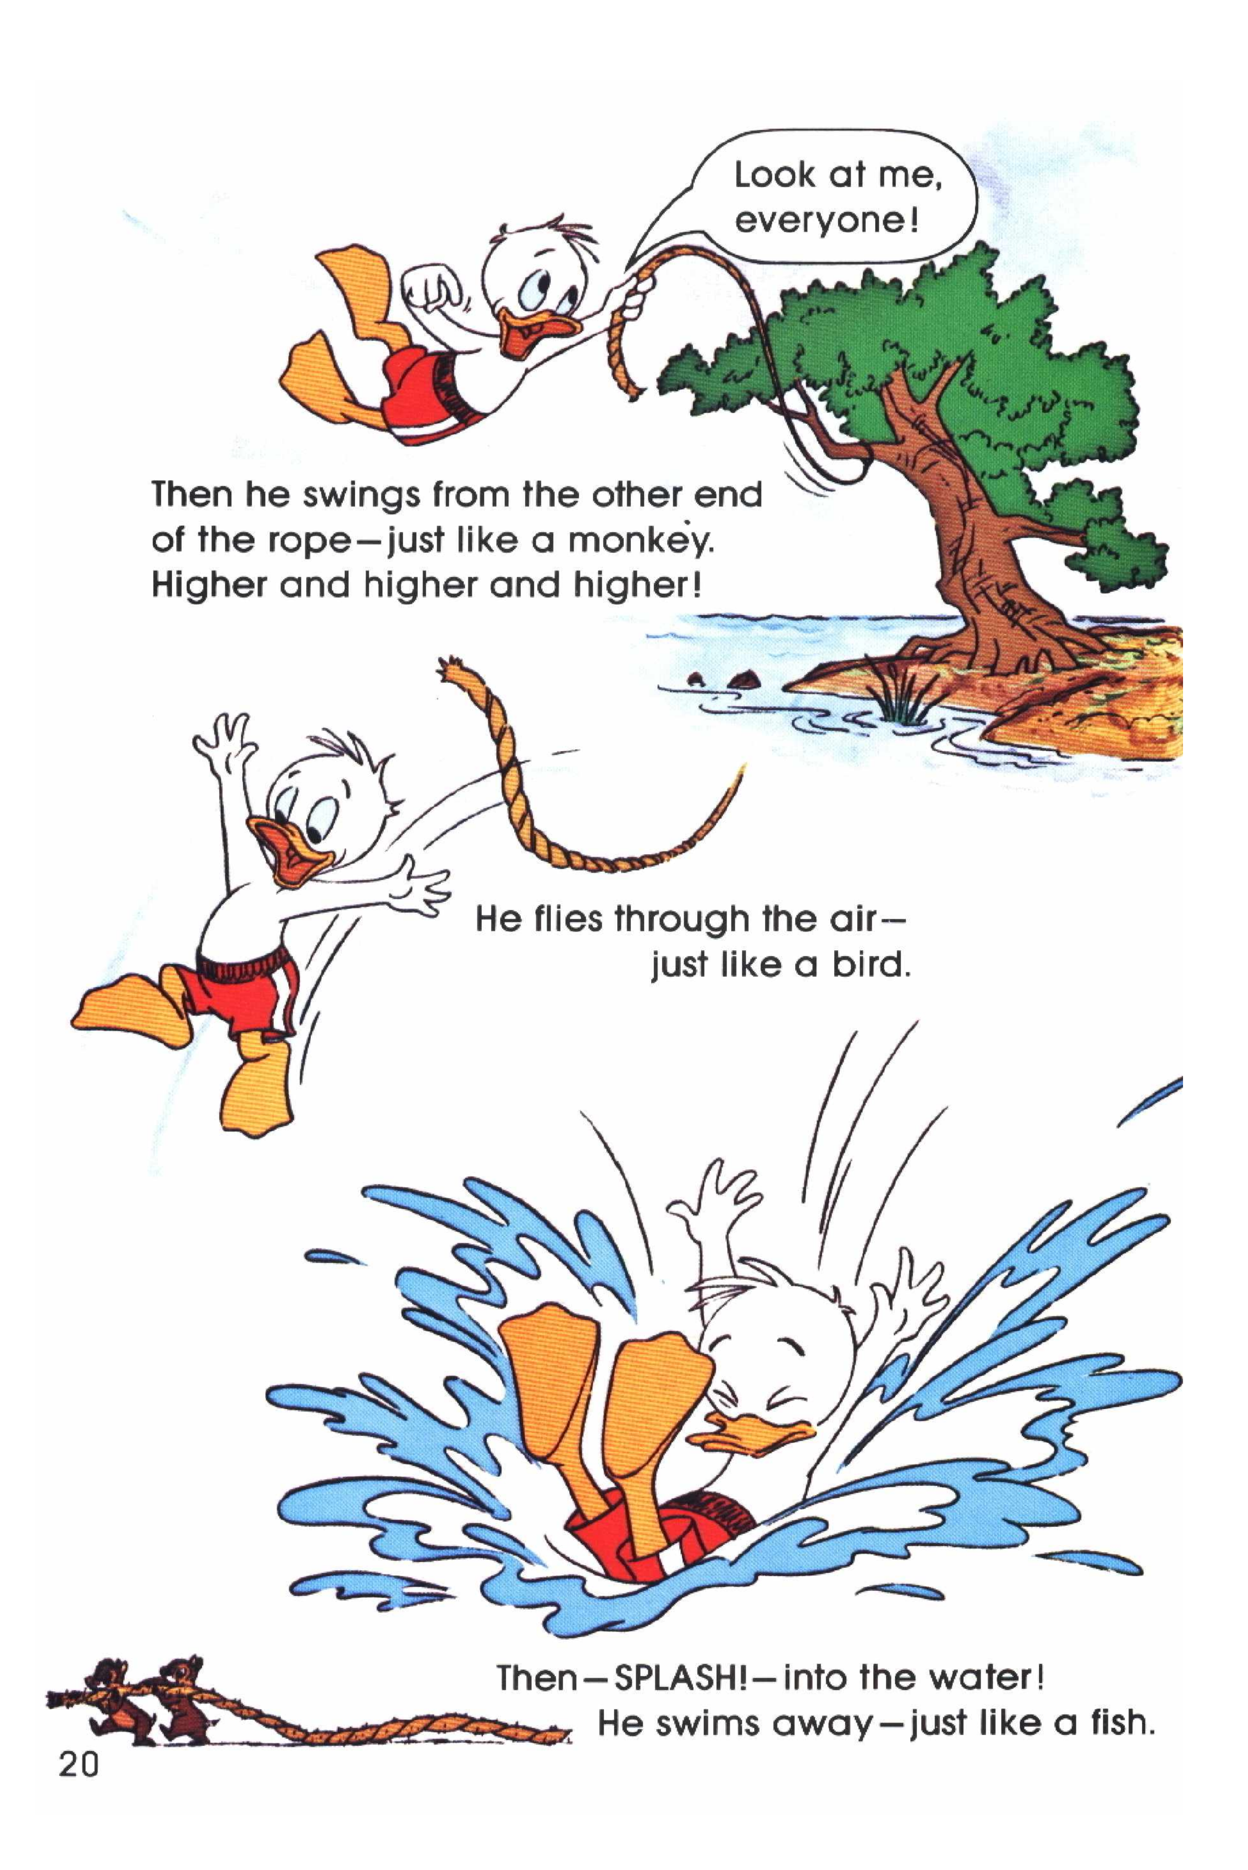

Exercises, exercises!
It's time to do our exercises!

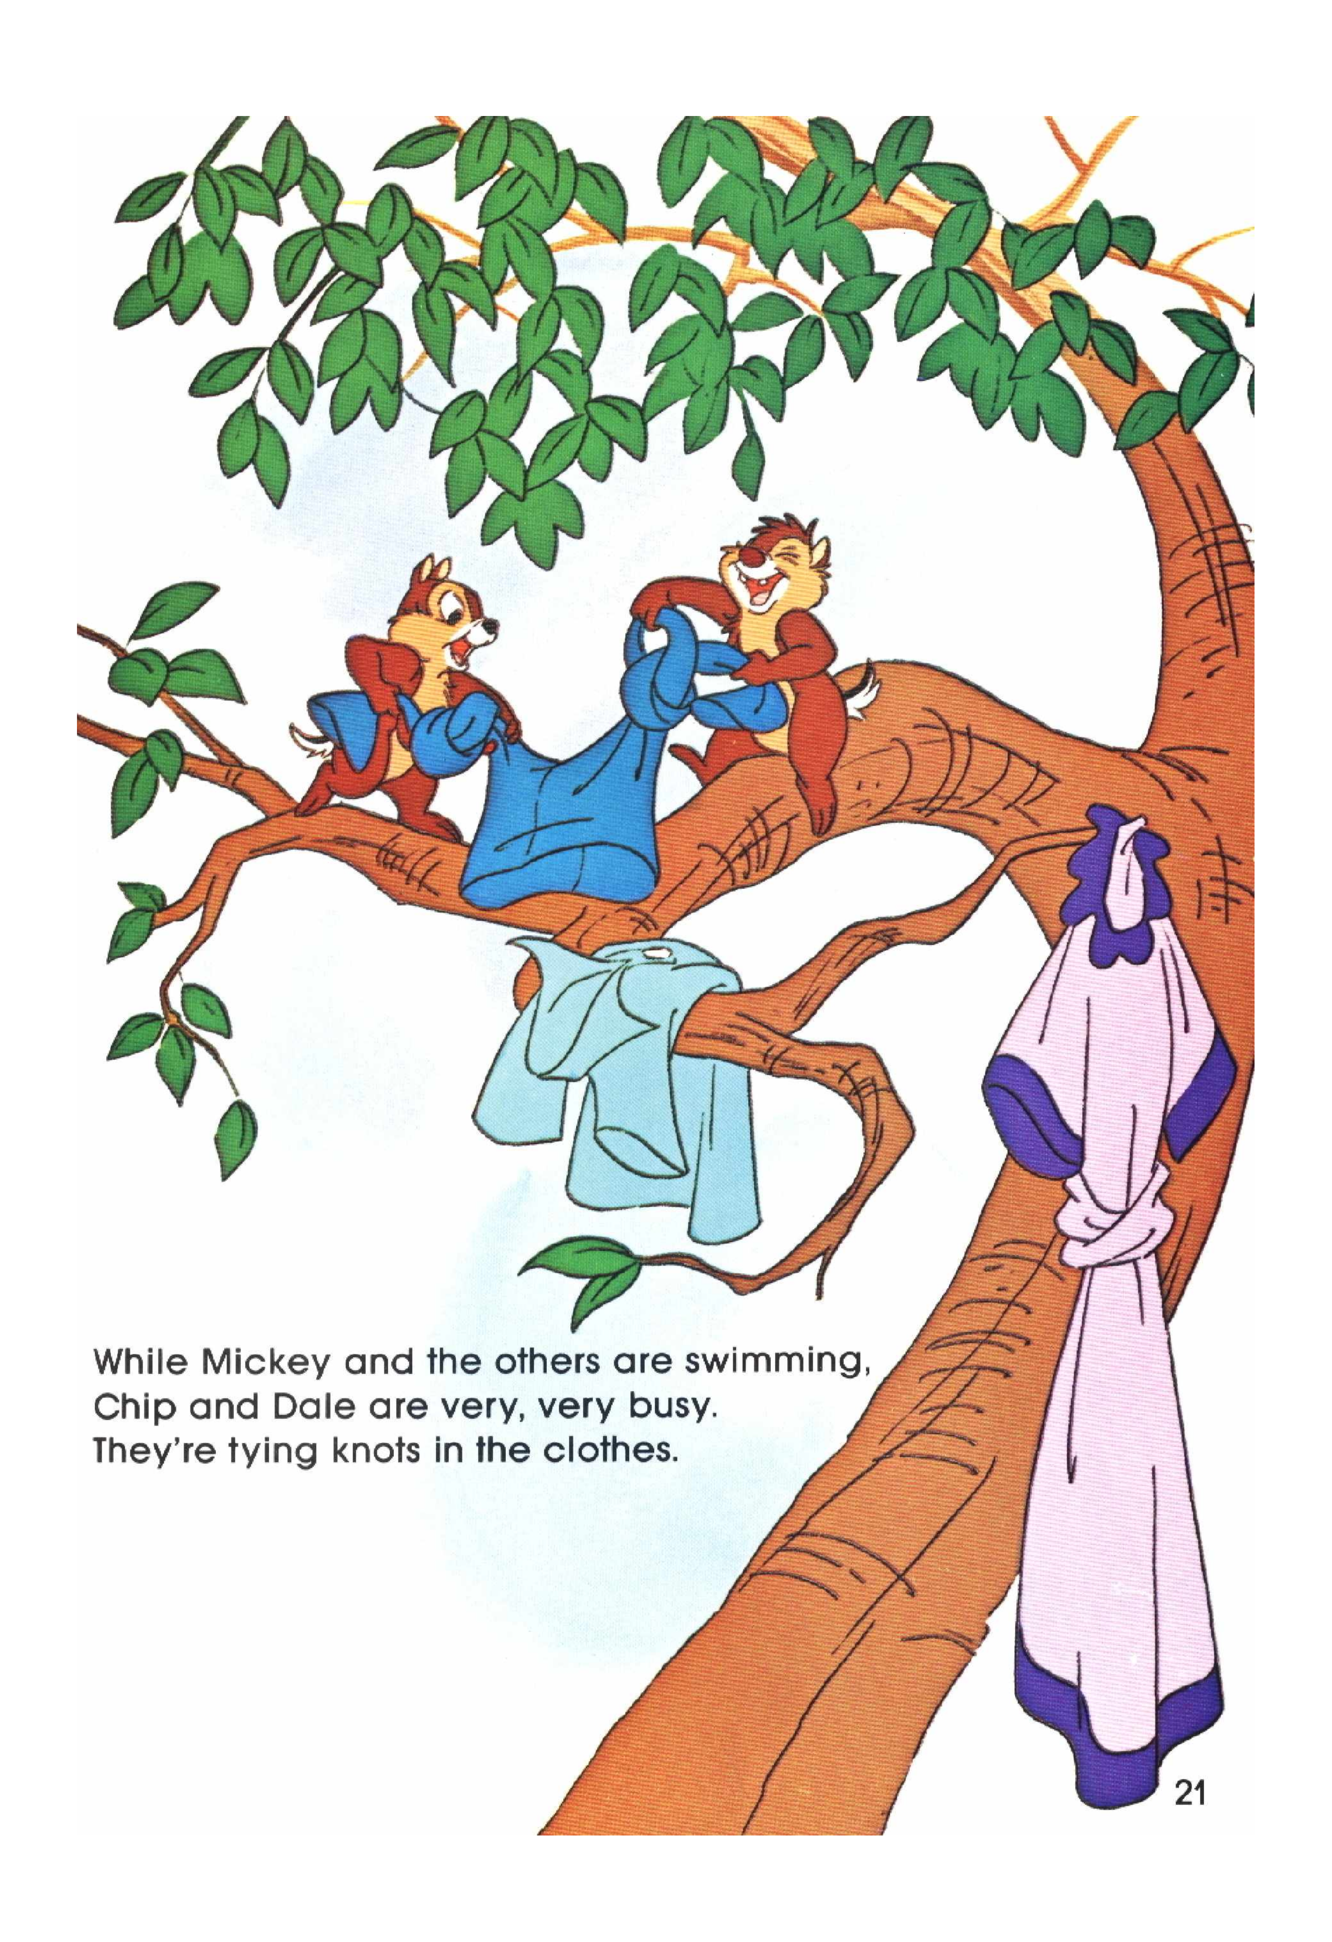

Huey is going to tie the rope
to the tree.
He ties one end of the rope to the tree.
He makes a big knot.

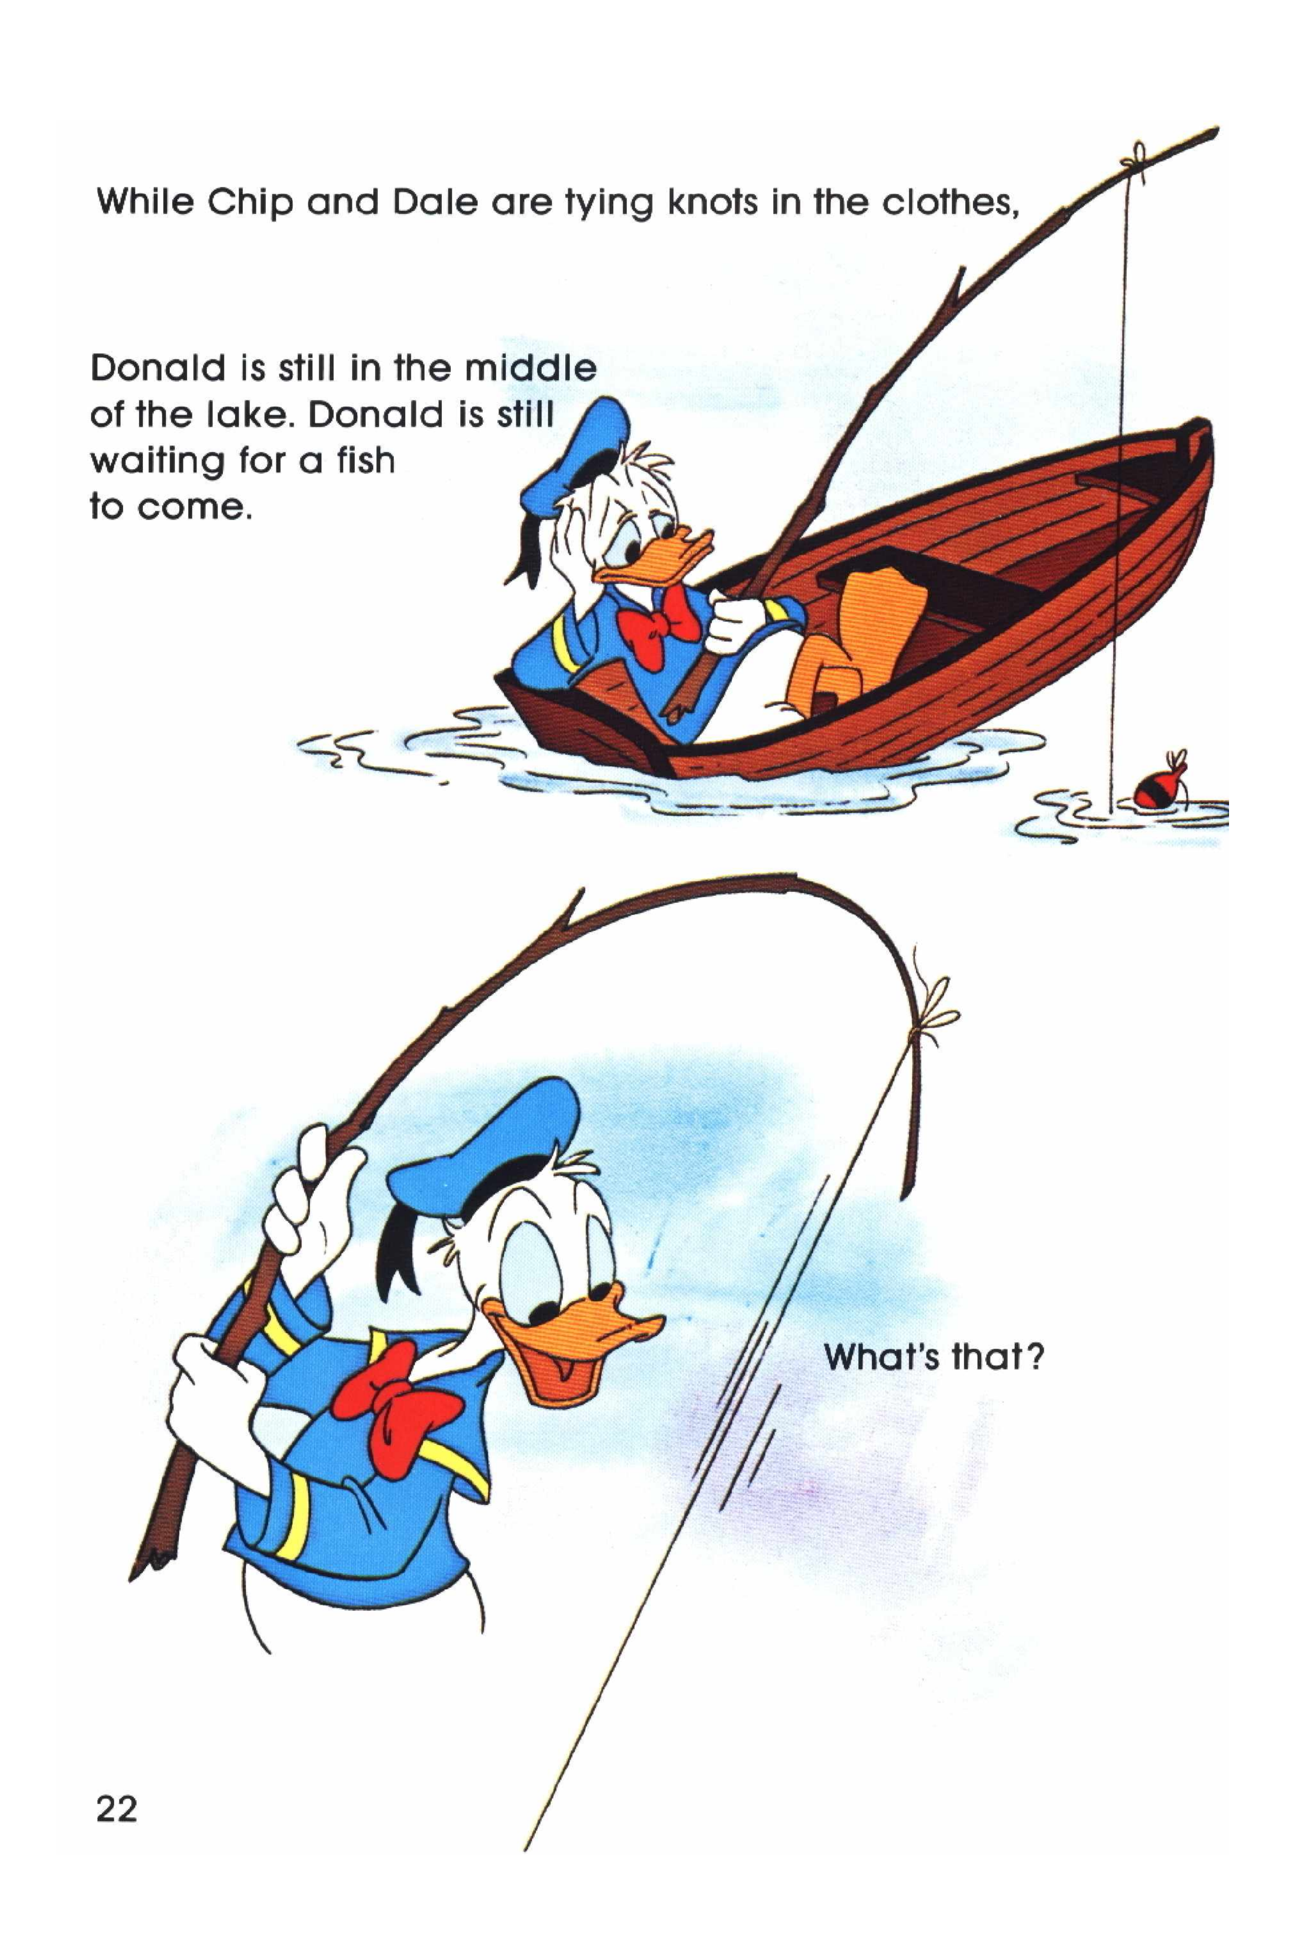

Then he swings from the other end of the rope—just like a monkey. Higher and higher and higher!

He flies through the air—just like a bird.

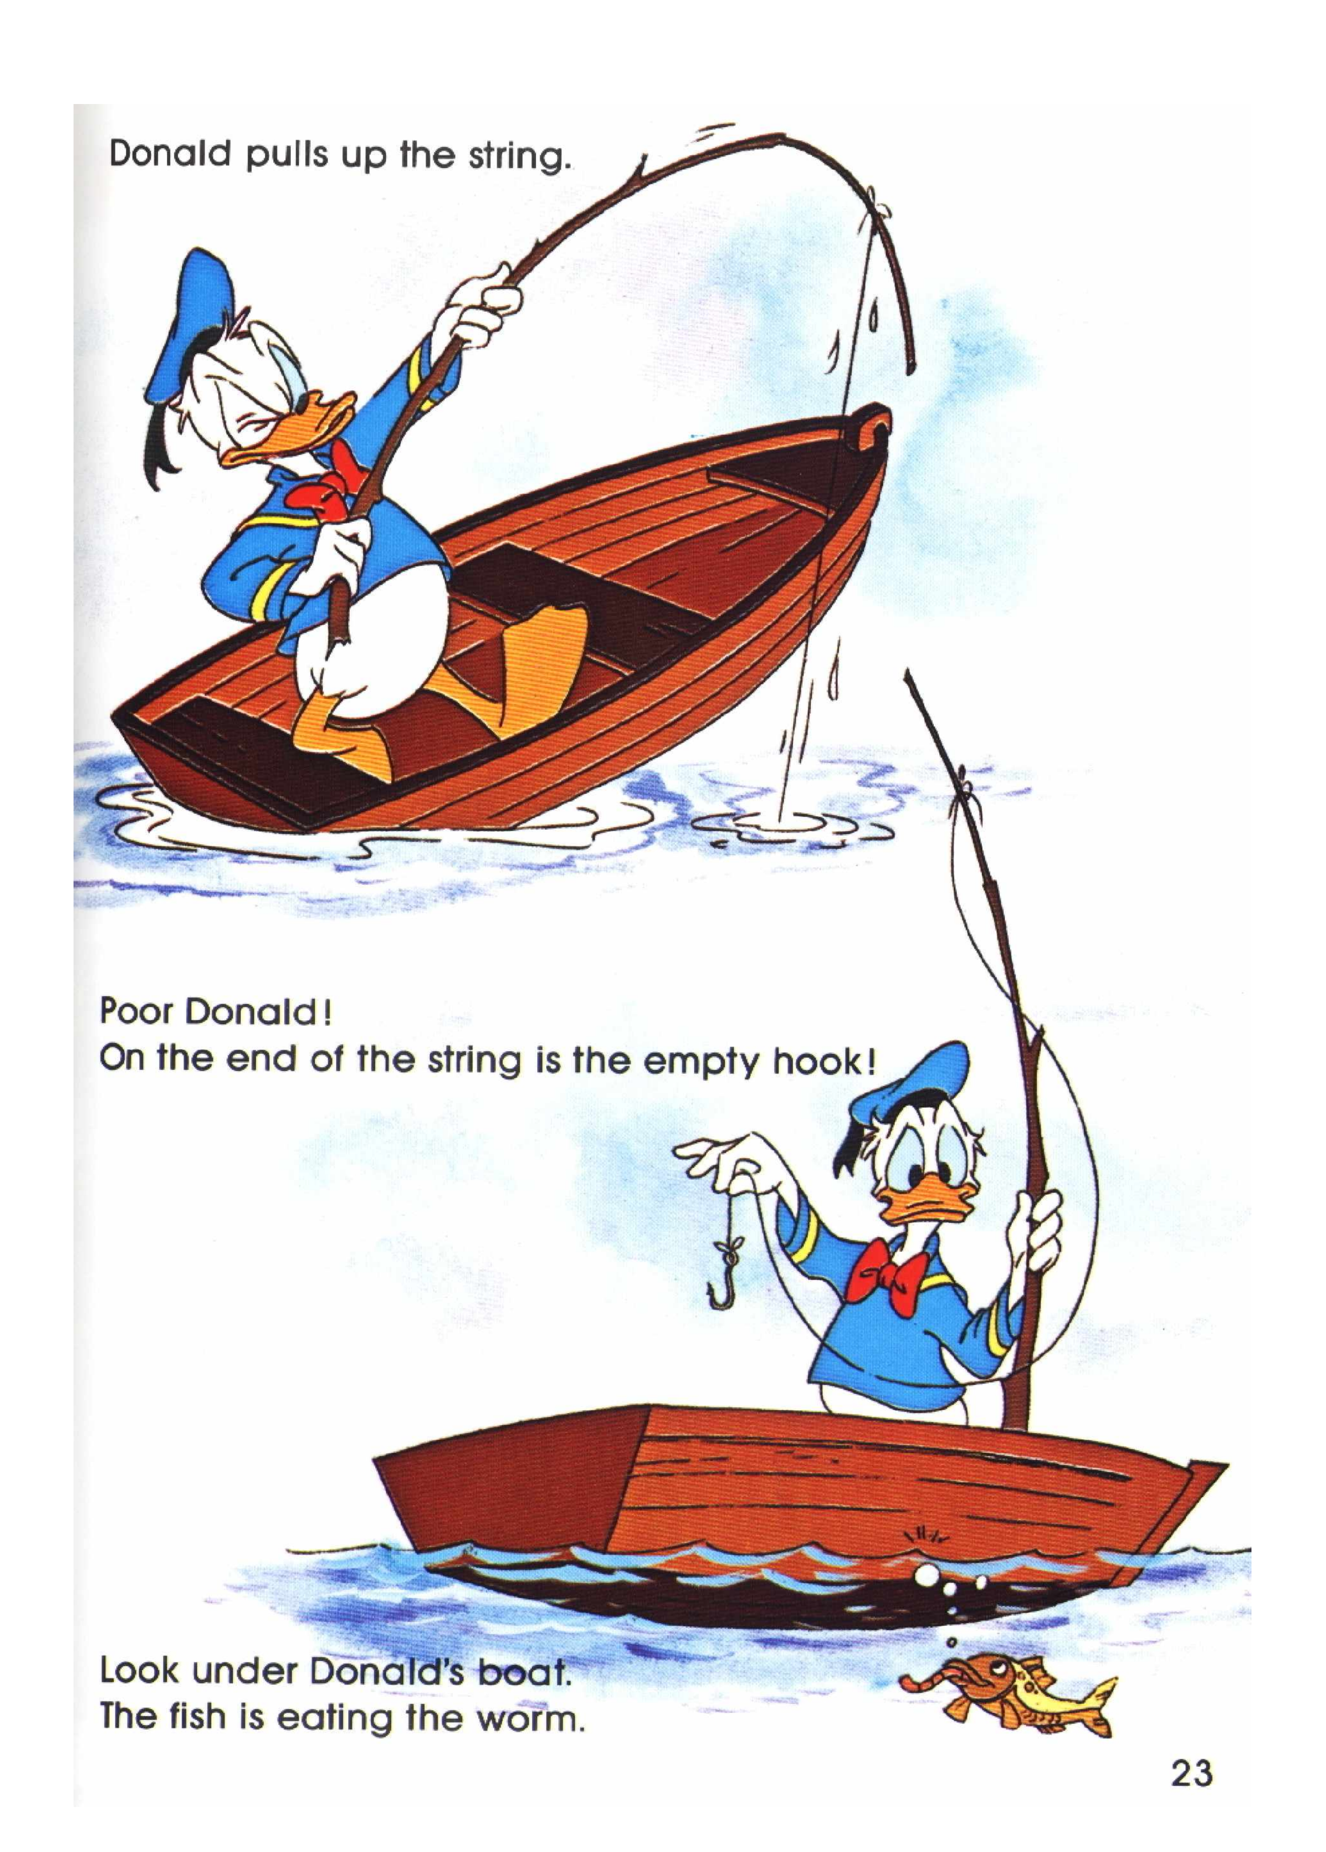

Then—SPLASH!—into the water! He swims away—just like a fish.

While Mickey and the others are swimming,
Chip and Dale are very, very busy.
They're tying knots in the clothes.

While Chip and Dale are tying knots in the clothes,
Donald is still in the middle of the lake. Donald is still waiting for a fish to come.
What's that?

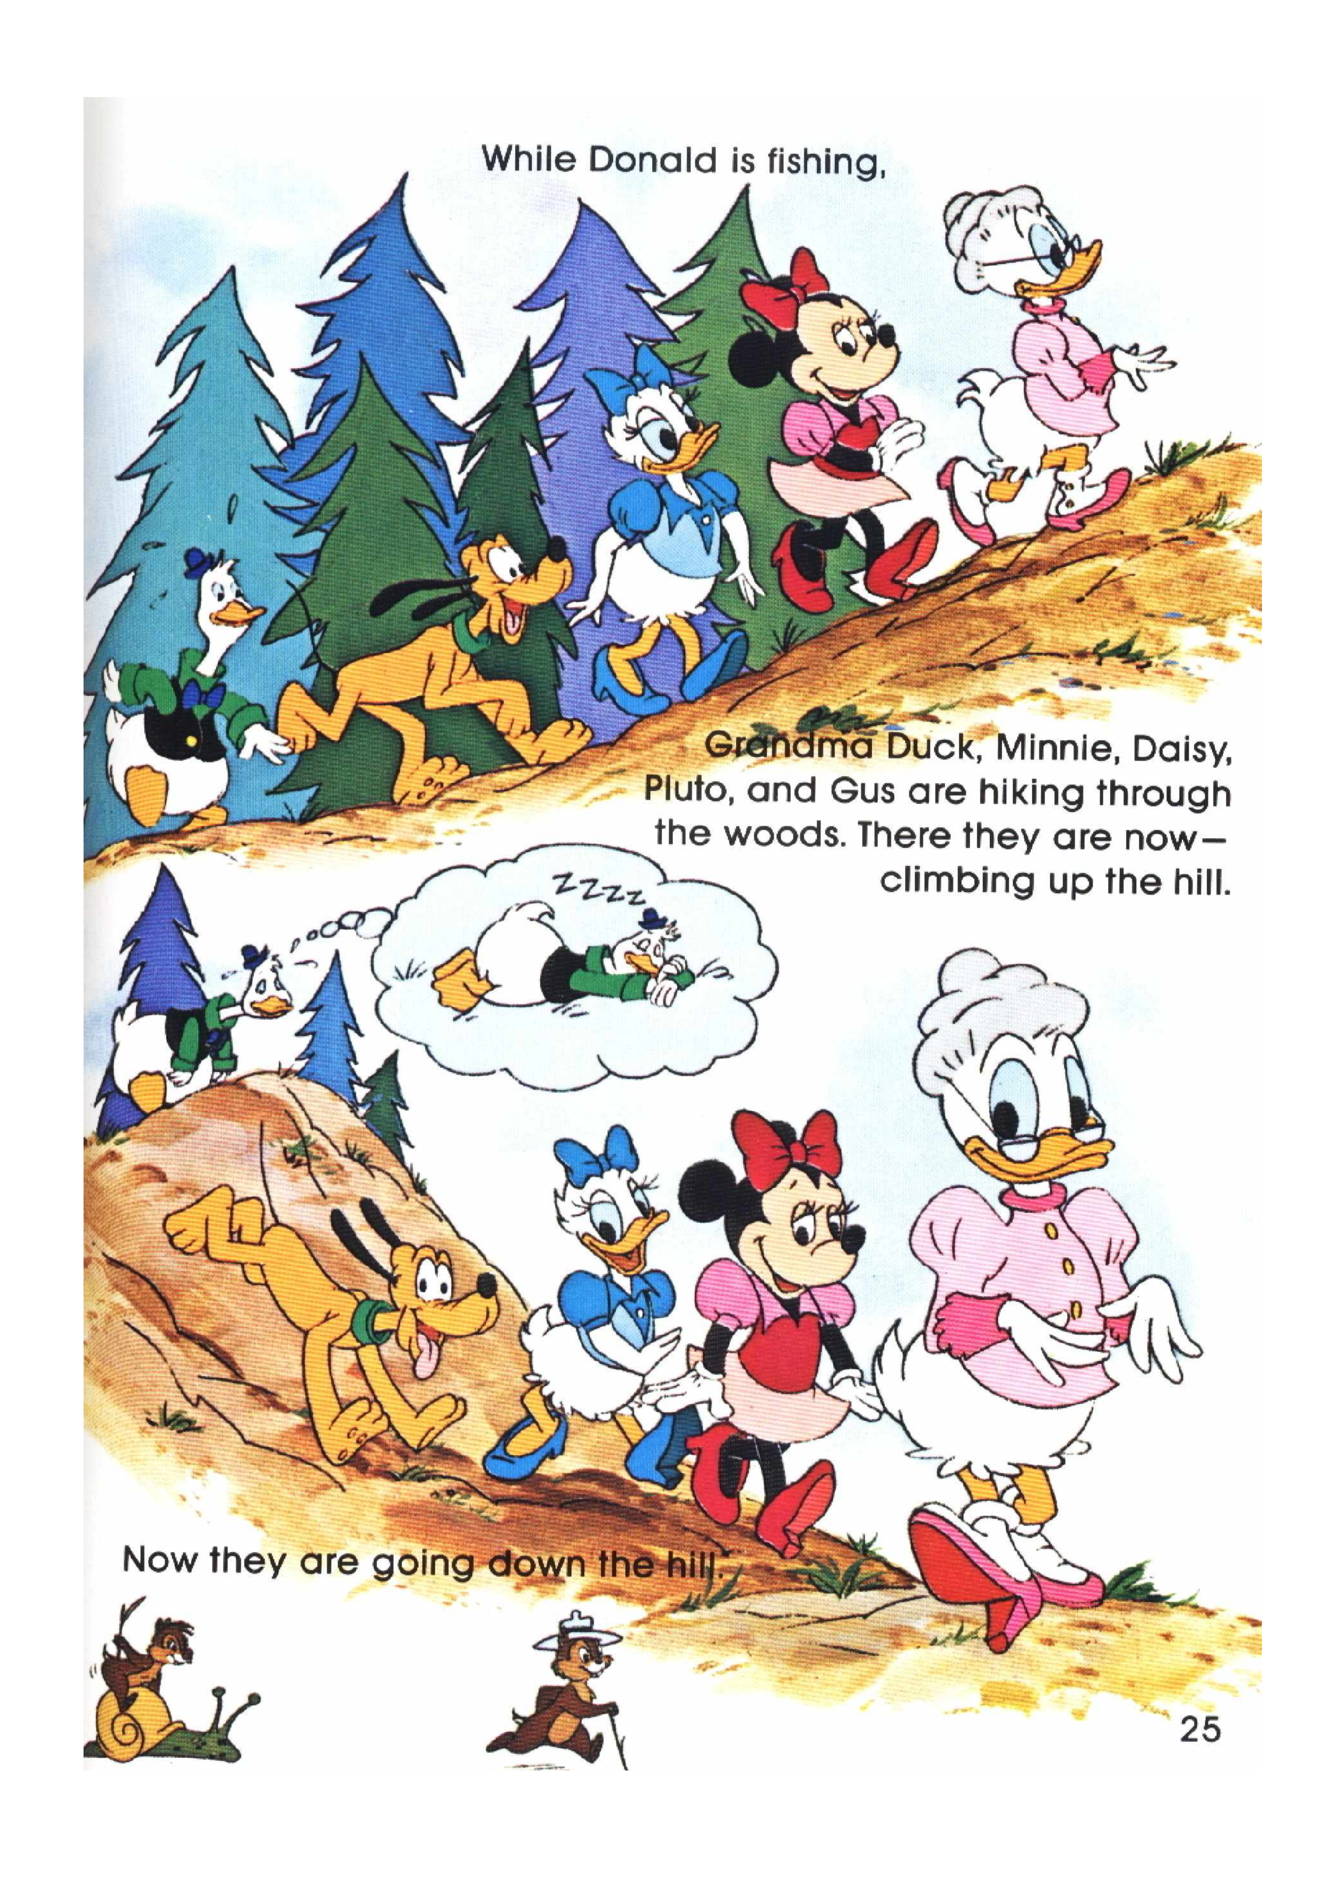

Donald pulls up the string.

Poor Donald!
On the end of the string is the empty hook!

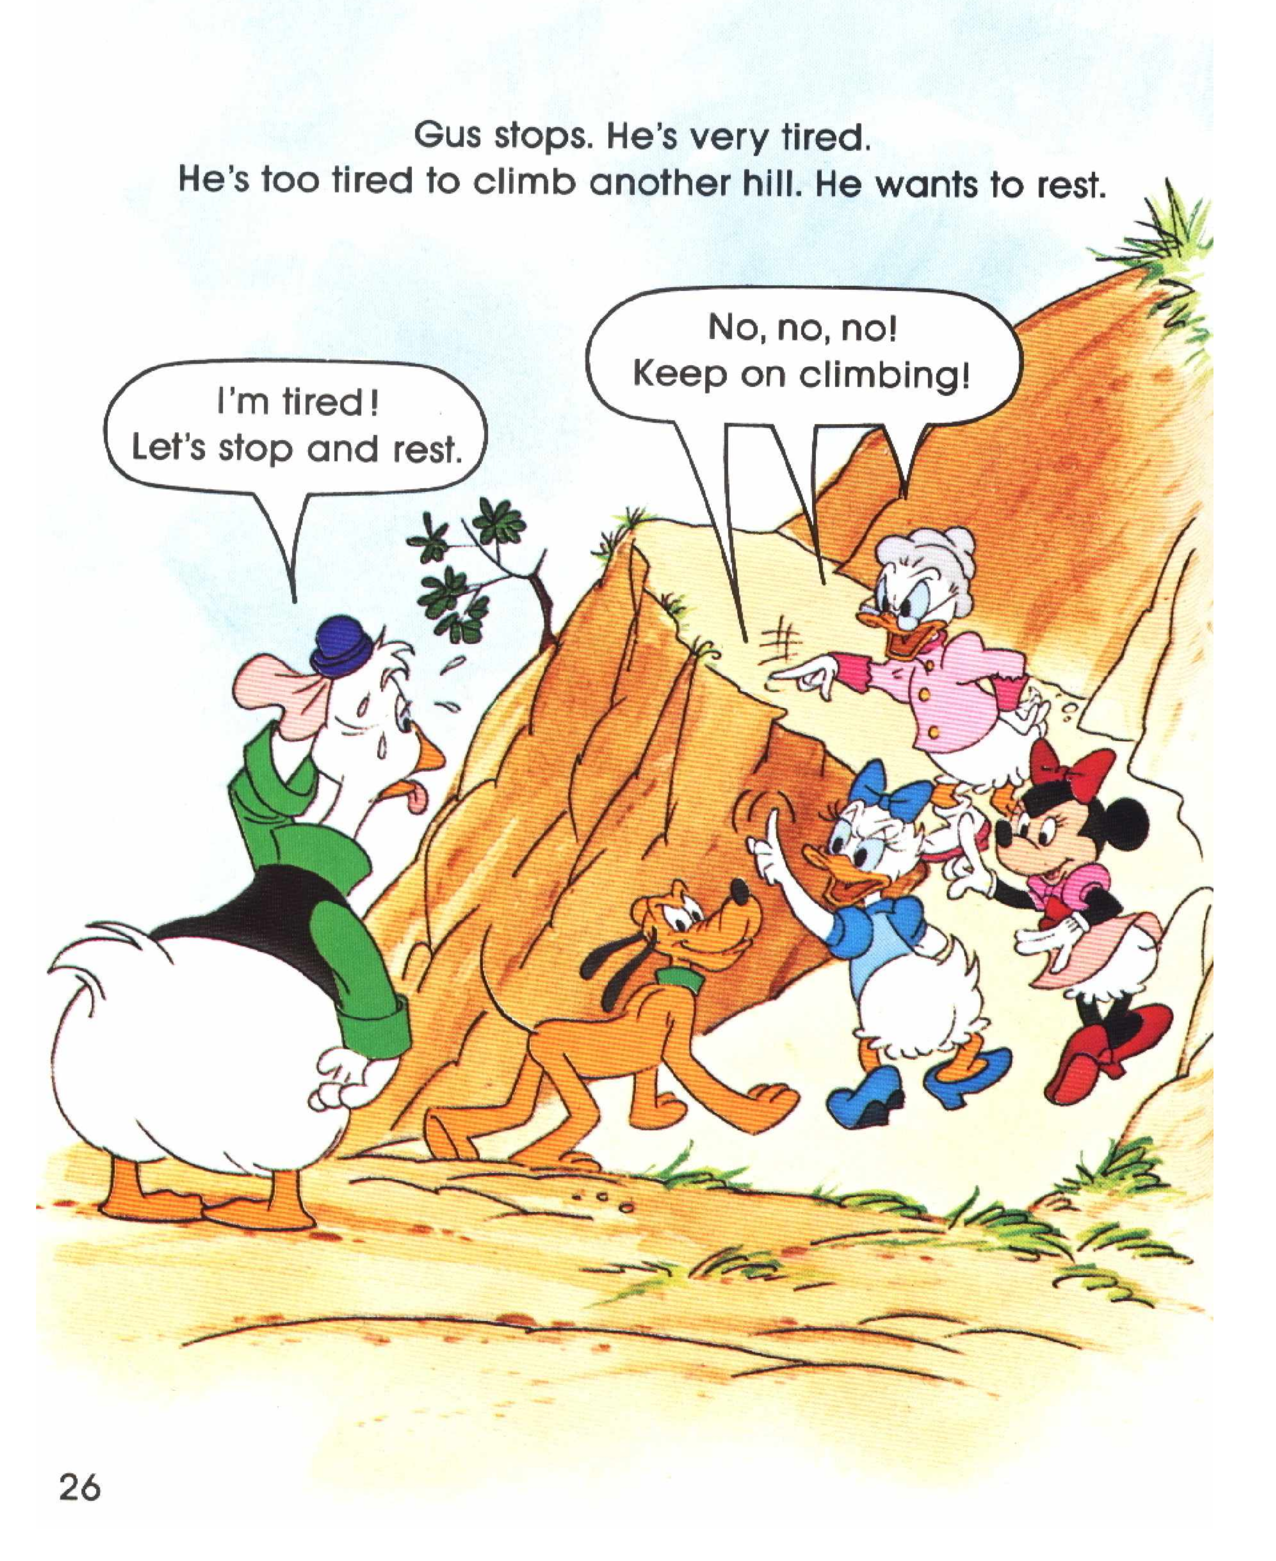

Look under Donald's boat.
The fish is eating the worm.

While Donald is fishing,
Grandma Duck, Minnie, Daisy, Pluto, and Gus are hiking through the woods. There they are now—climbing up the hill.
Now they are going down the hill.

Another hill!

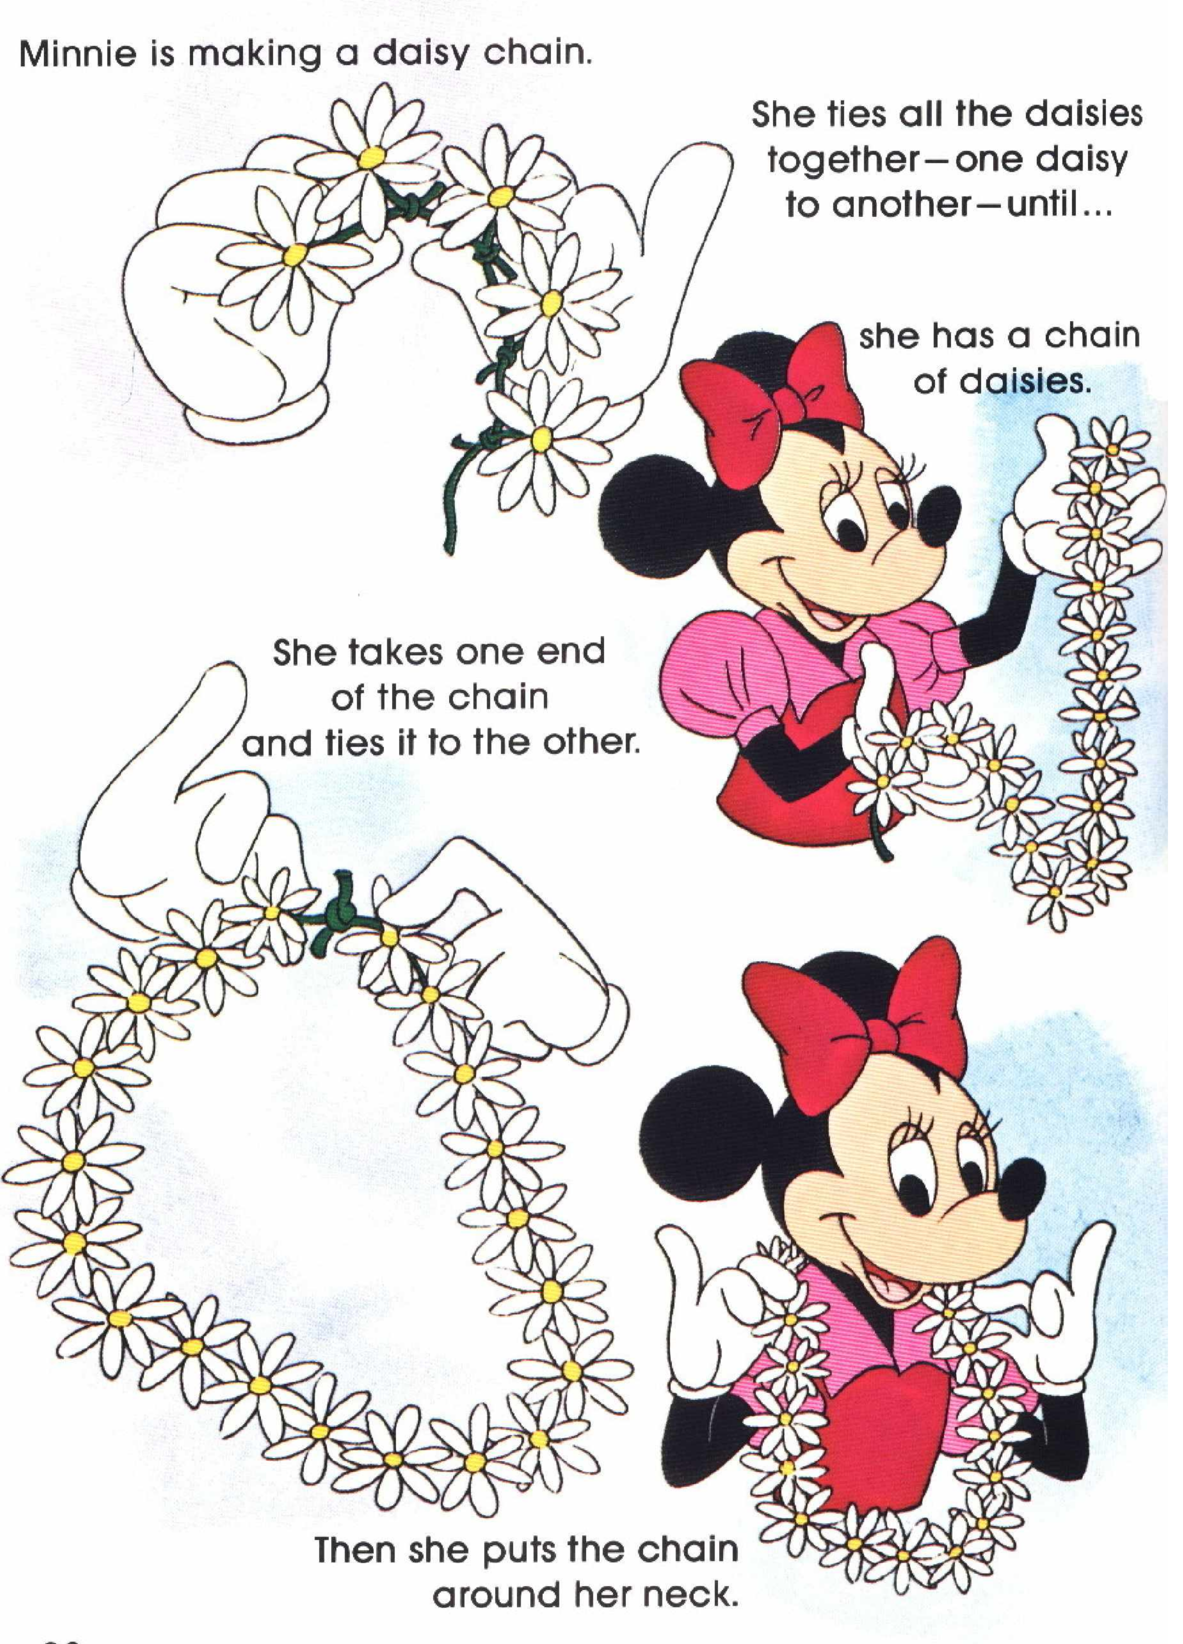

Gus stops. He's very tired.
He's too tired to climb another hill. He wants to rest.

At the top of the hill, there is a big field of daisies.
It's time to rest.

While the others are resting,
Minnie is skipping through the field.

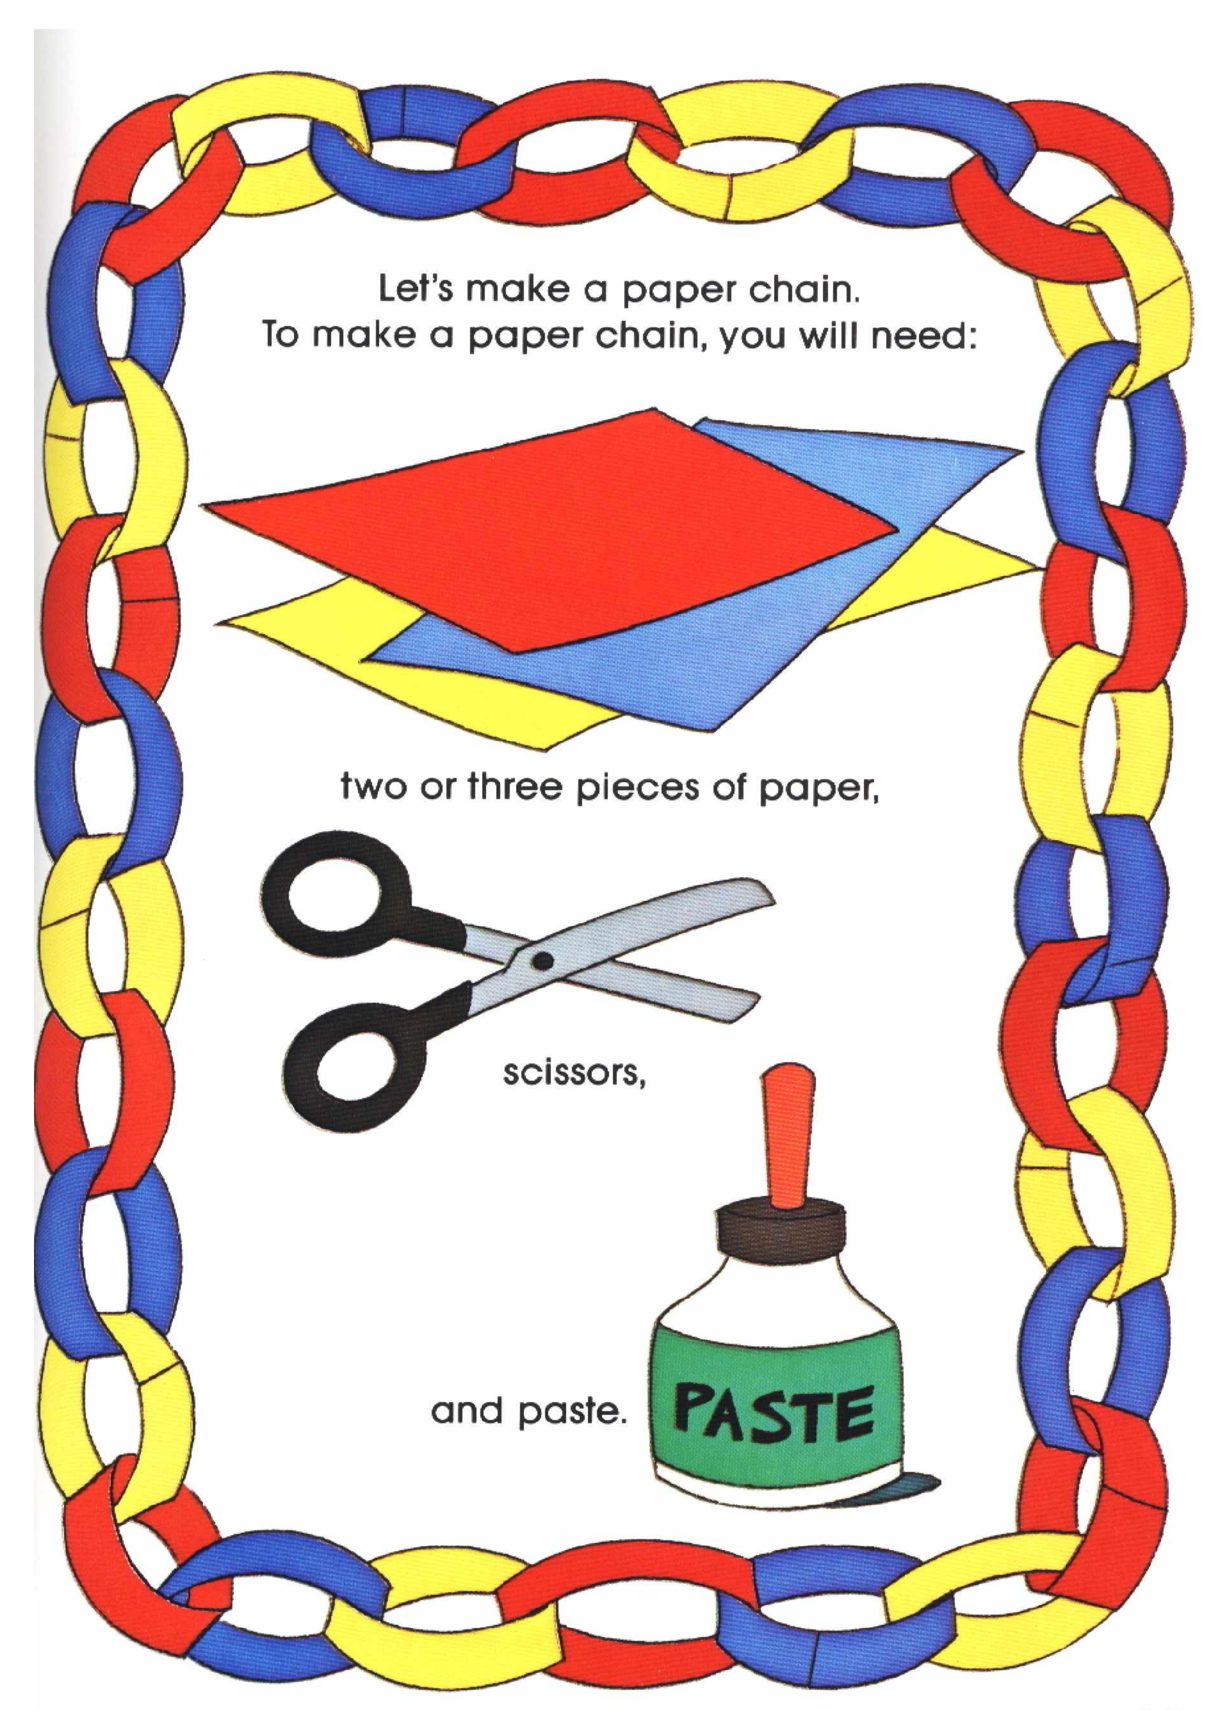

Minnie is making a daisy chain.

She ties all the daisies together—one daisy to another—until...

she has a chain of daisies.

She takes one end of the chain and ties it to the other.

Then she puts the chain around her neck.

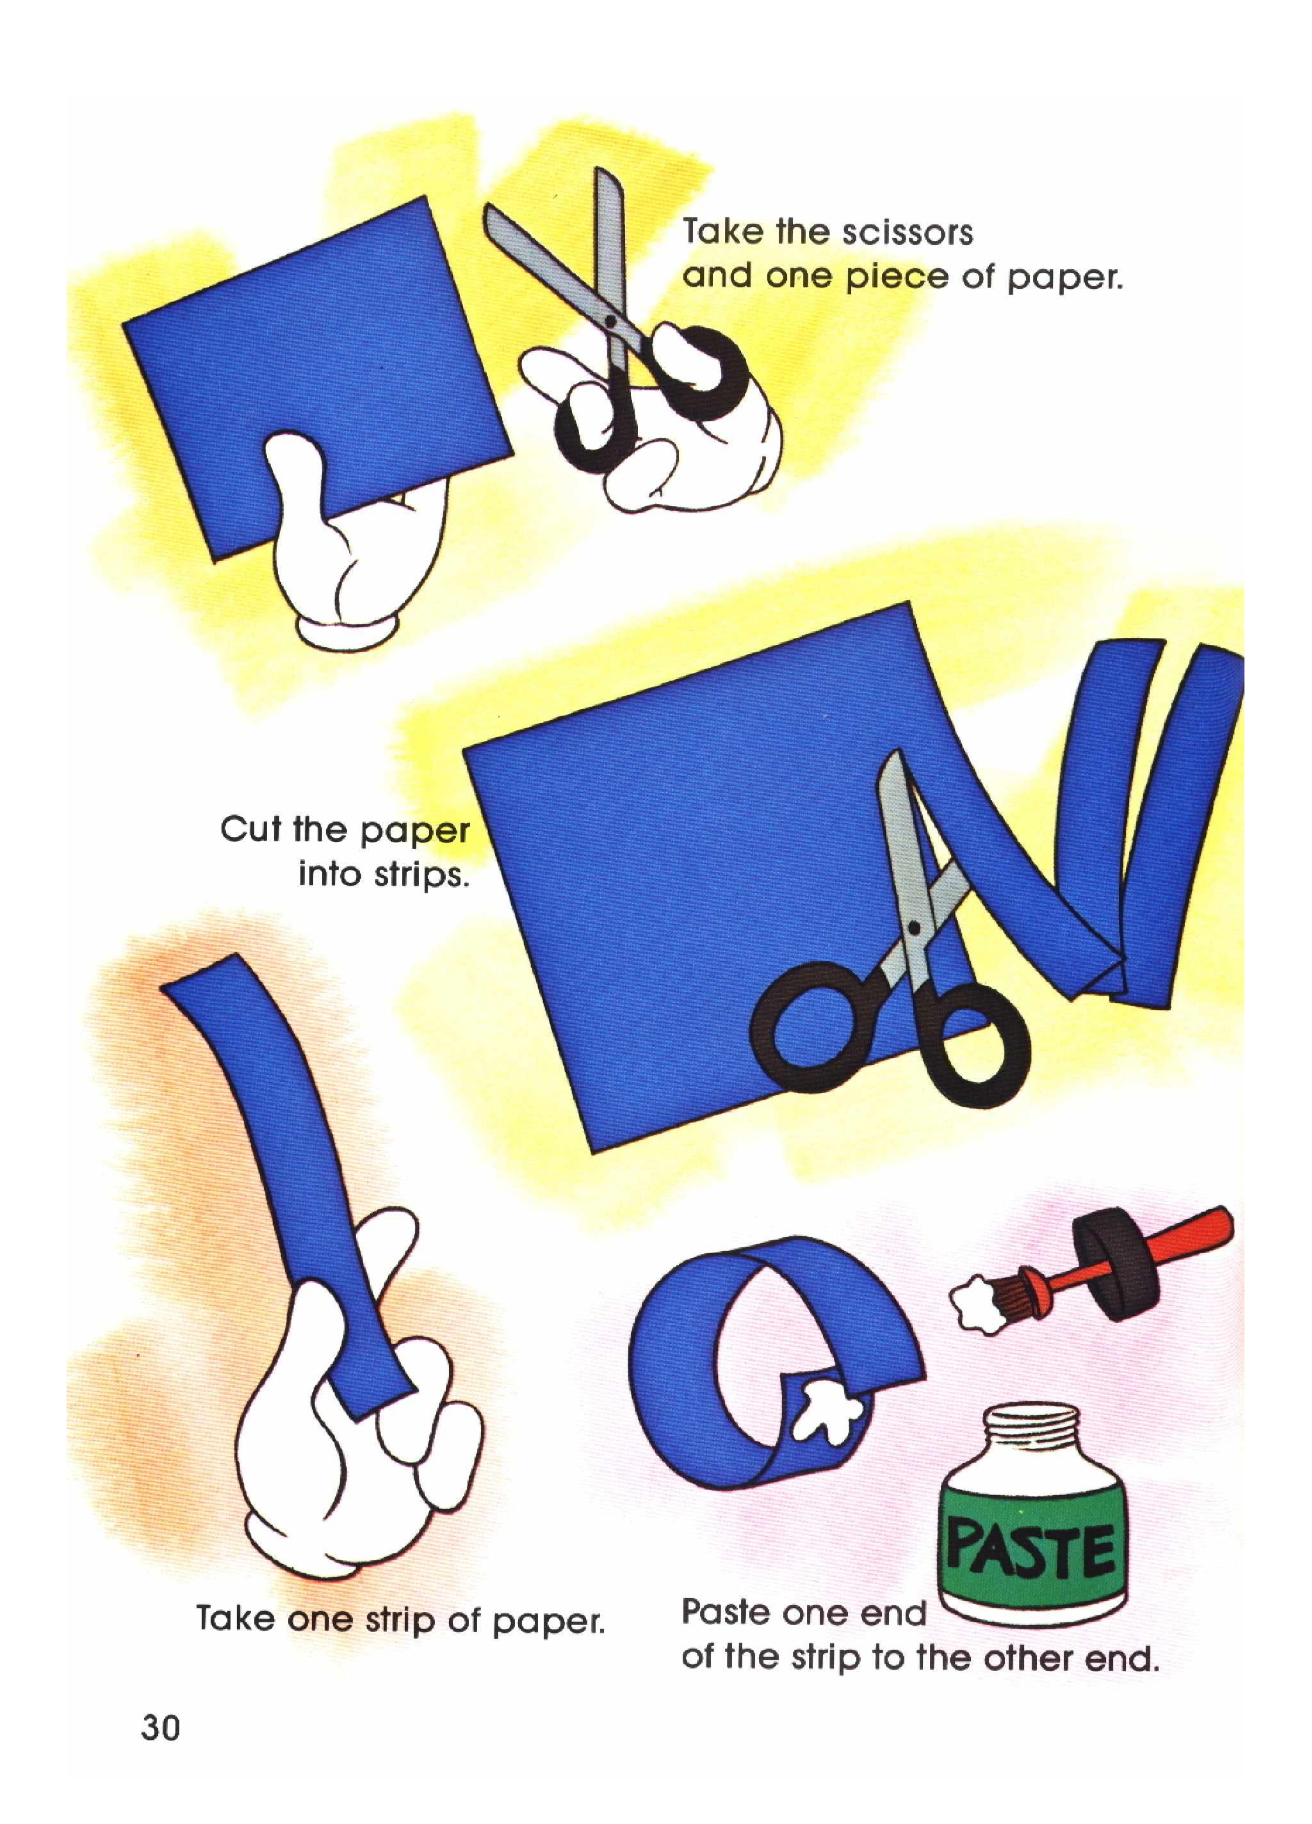

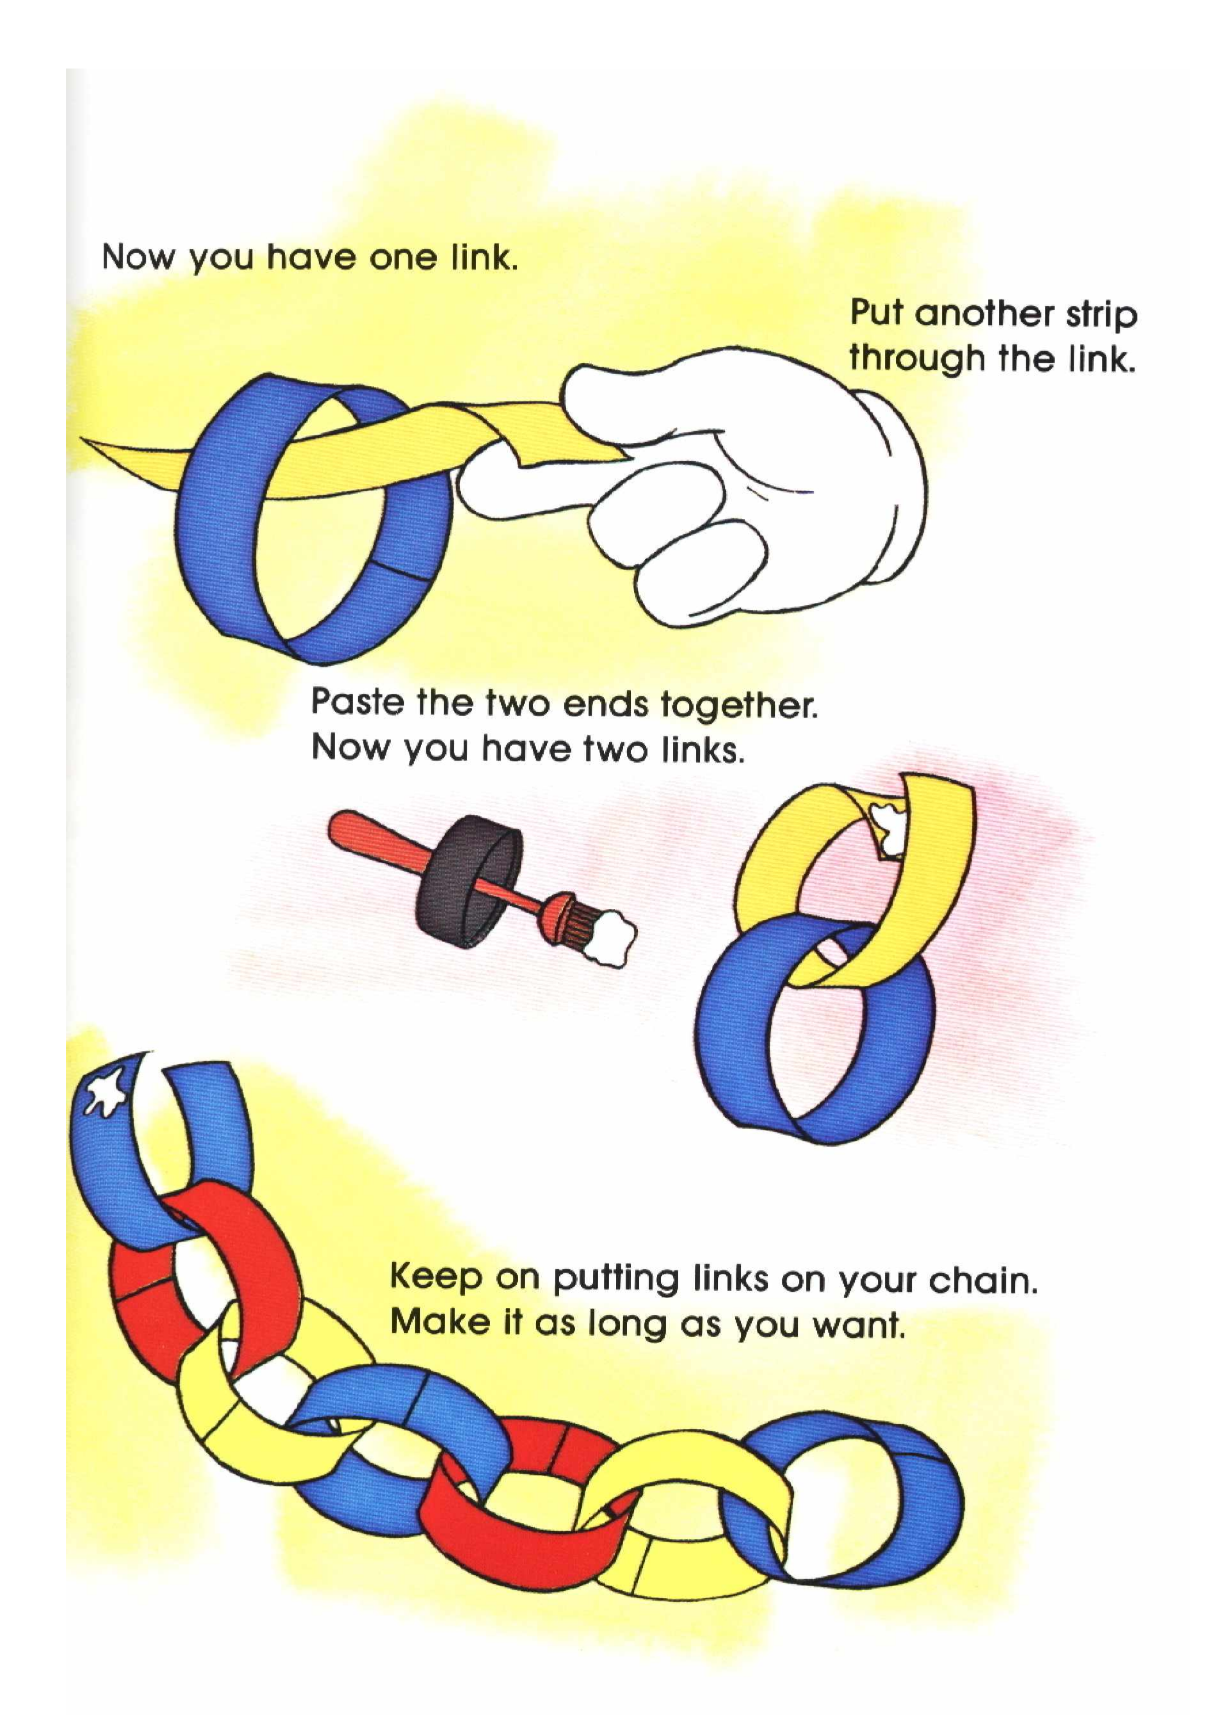

Let's make a paper chain.
To make a paper chain, you will need:

two or three pieces of paper,

scissors,

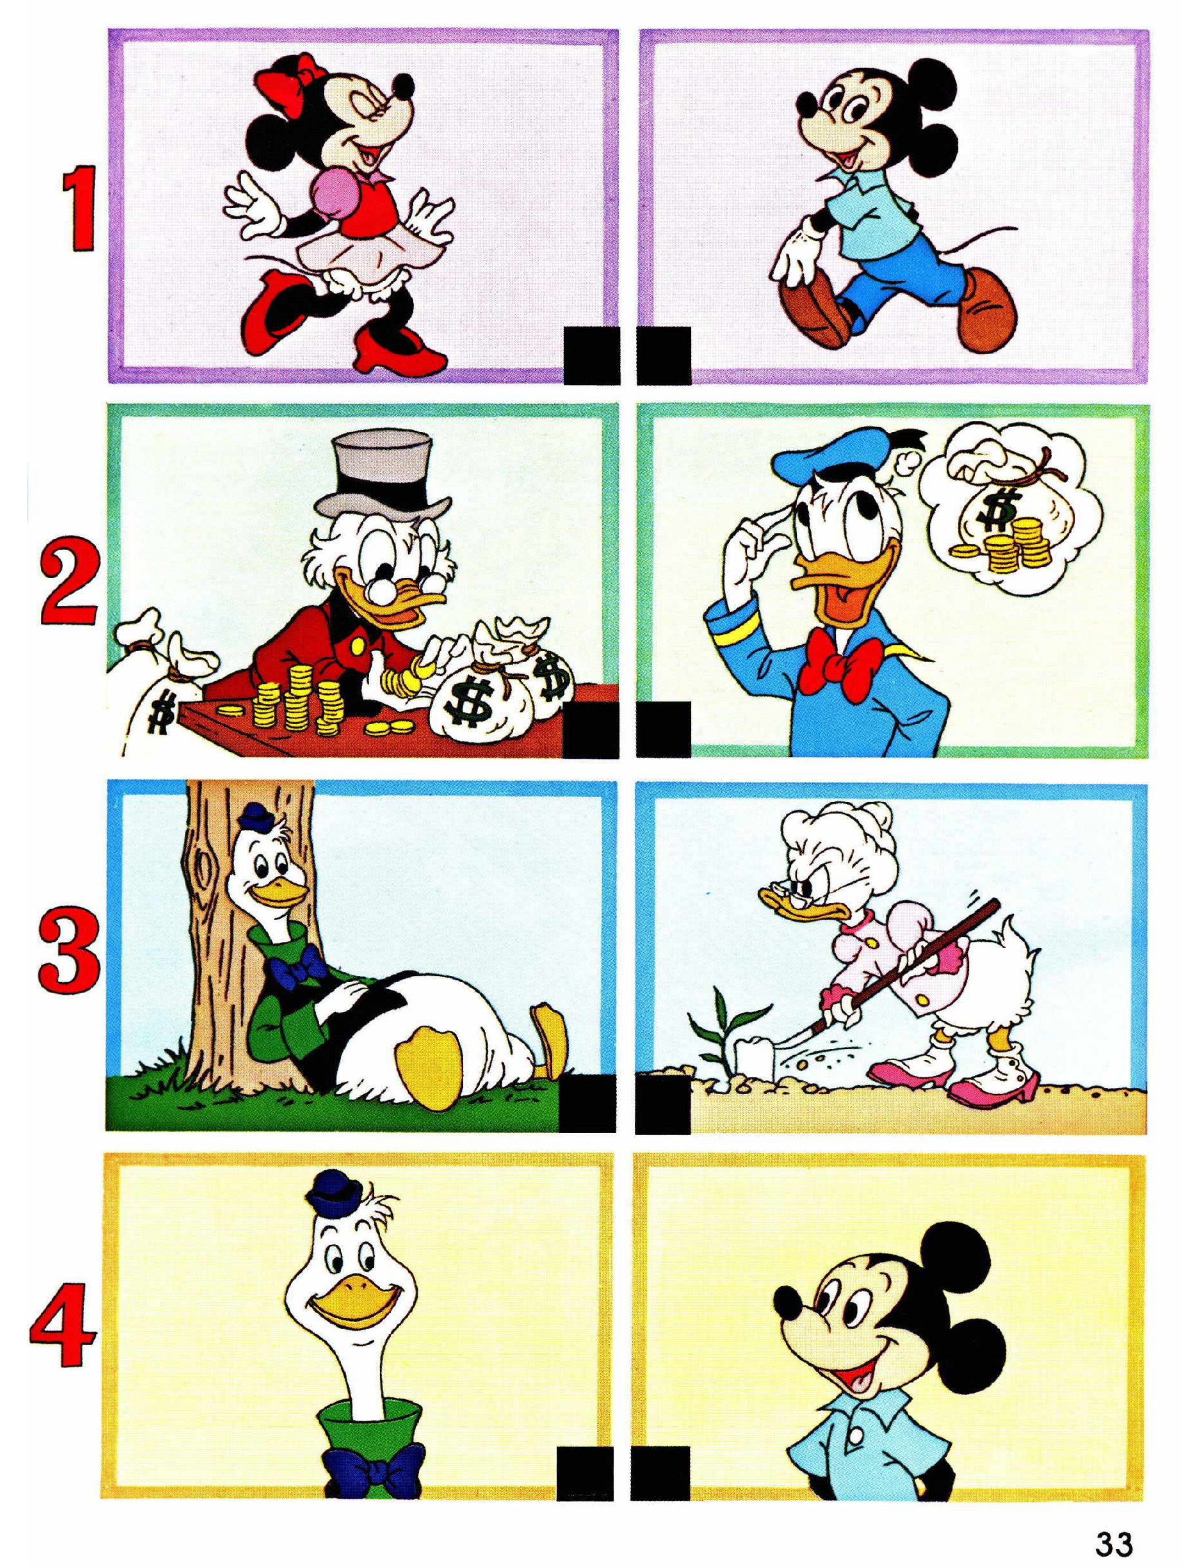

and paste.

Take the scissors
and one piece of paper.
Cut the paper
into strips.
Take one strip of paper.
PASTE
Paste one end
of the strip to the other end.

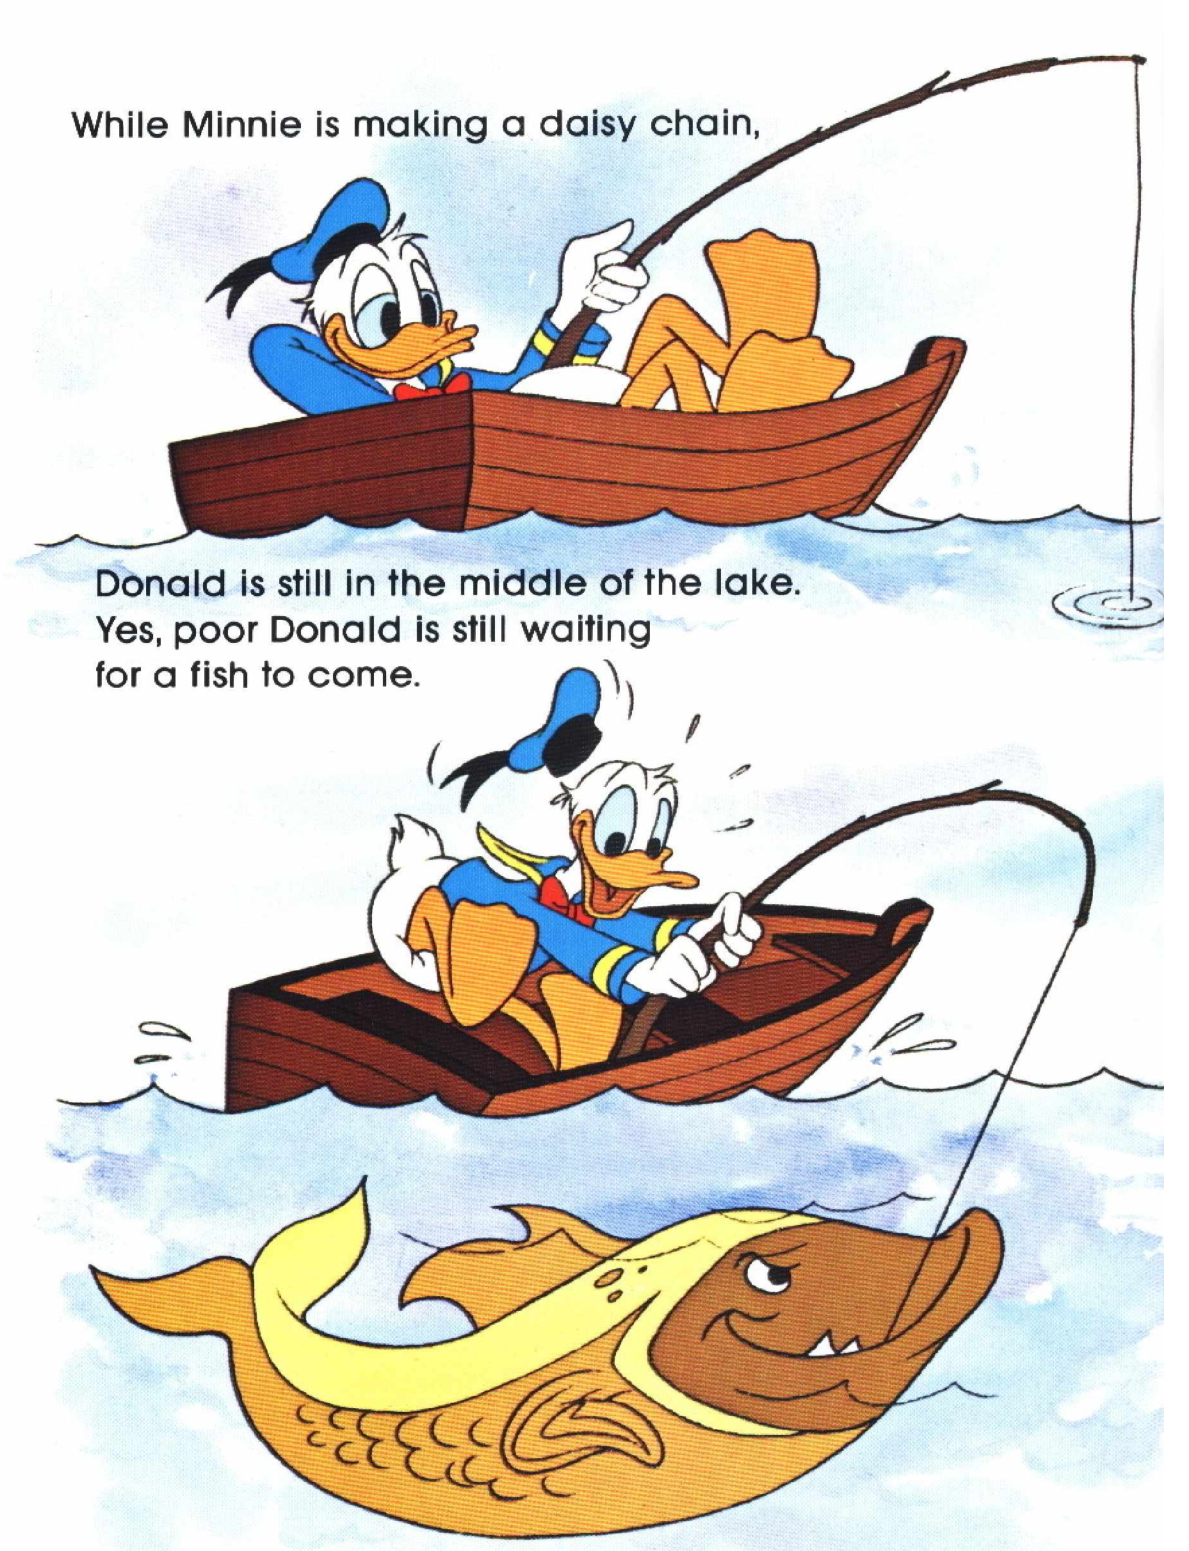

Now you have one link.
Put another strip
through the link.
Paste the two ends together.
Now you have two links.
Keep on putting links on your chain.
Make it as long as you want.

Close your eyes and listen! What do you hear?
Open your eyes and look! What do you see?

While Minnie is making a daisy chain,

Donald is still in the middle of the lake.
Yes, poor Donald is still waiting
for a fish to come.

What's that? Something is pulling on the string.

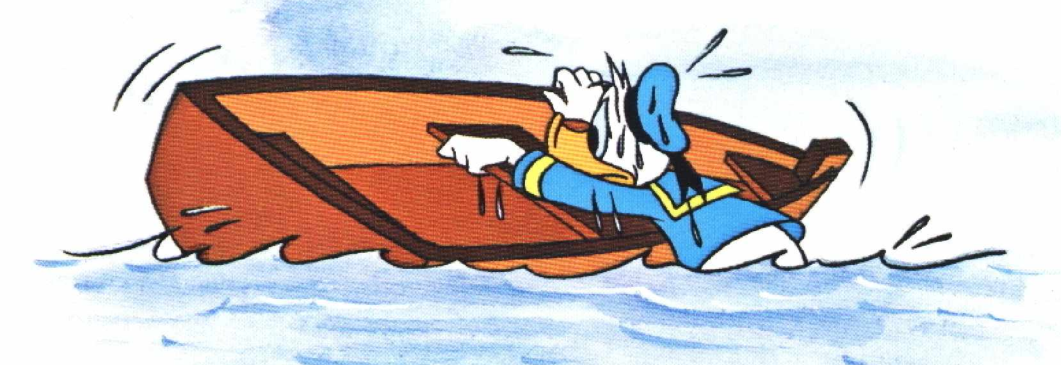

Donald pulls and the fish pulls.
Donald pulls harder and the fish pulls harder. The fish pulls so hard that...

...it pulls Donald into the water—SPLASH!—

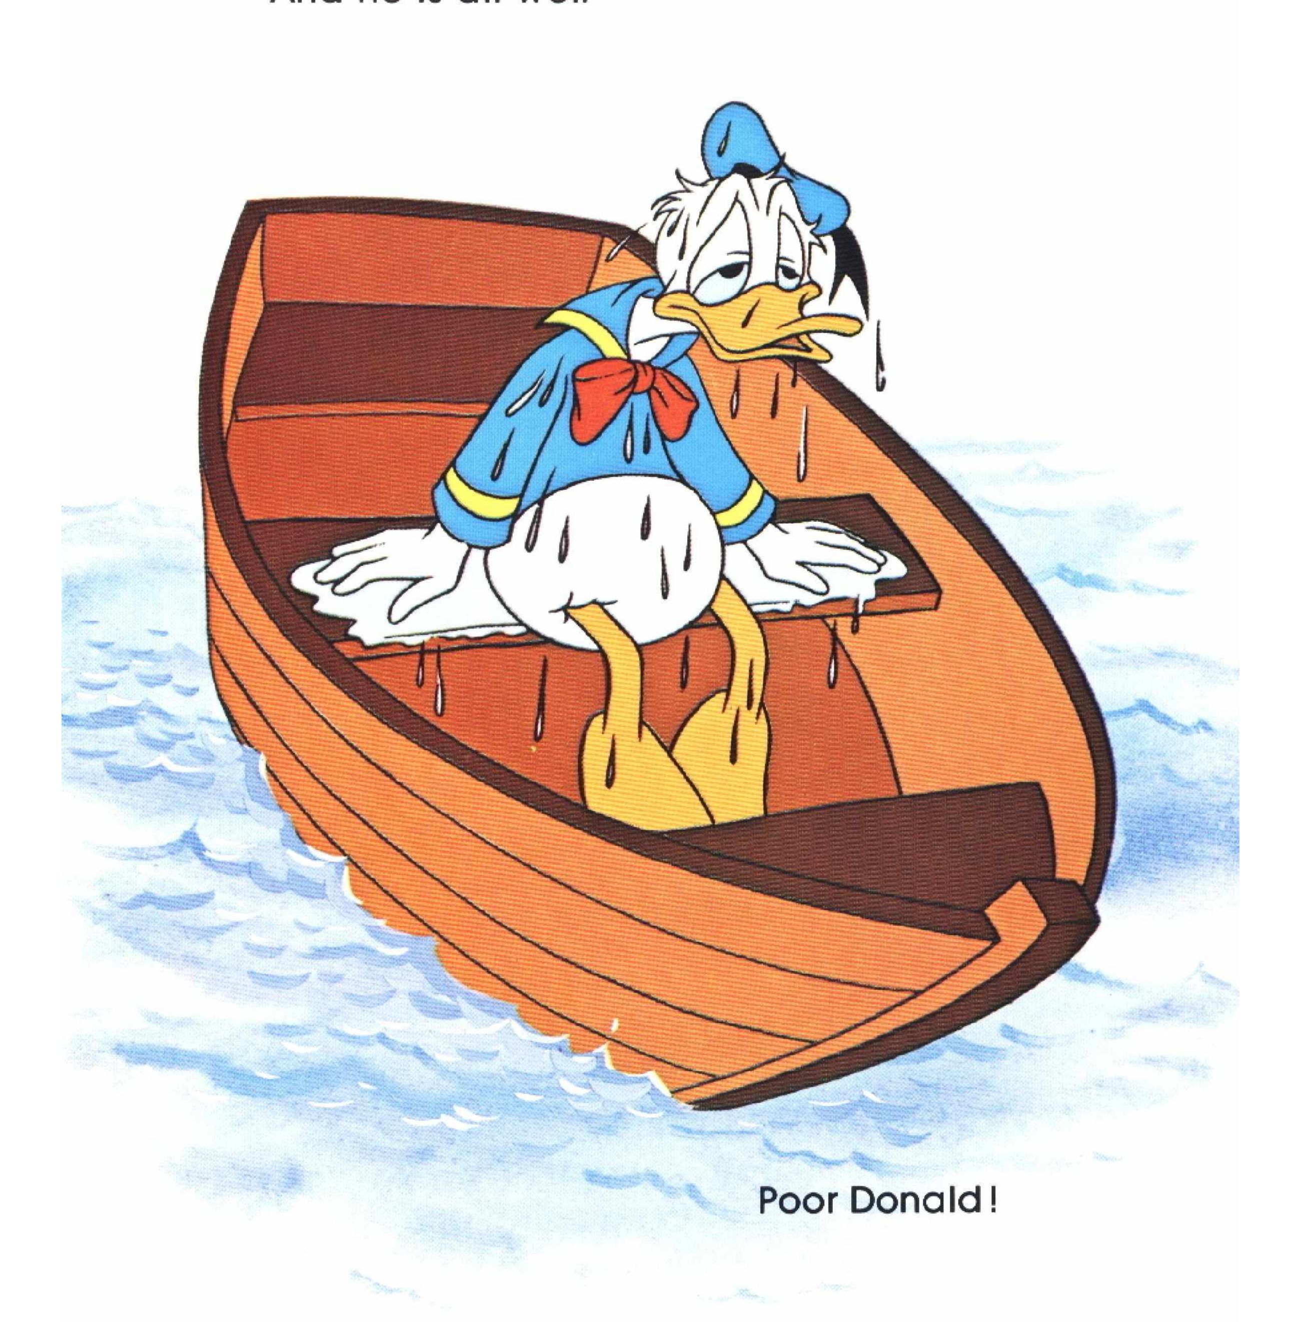

and swims away with Donald's fishing pole!

Donald swims back to his boat. He climbs into the boat.

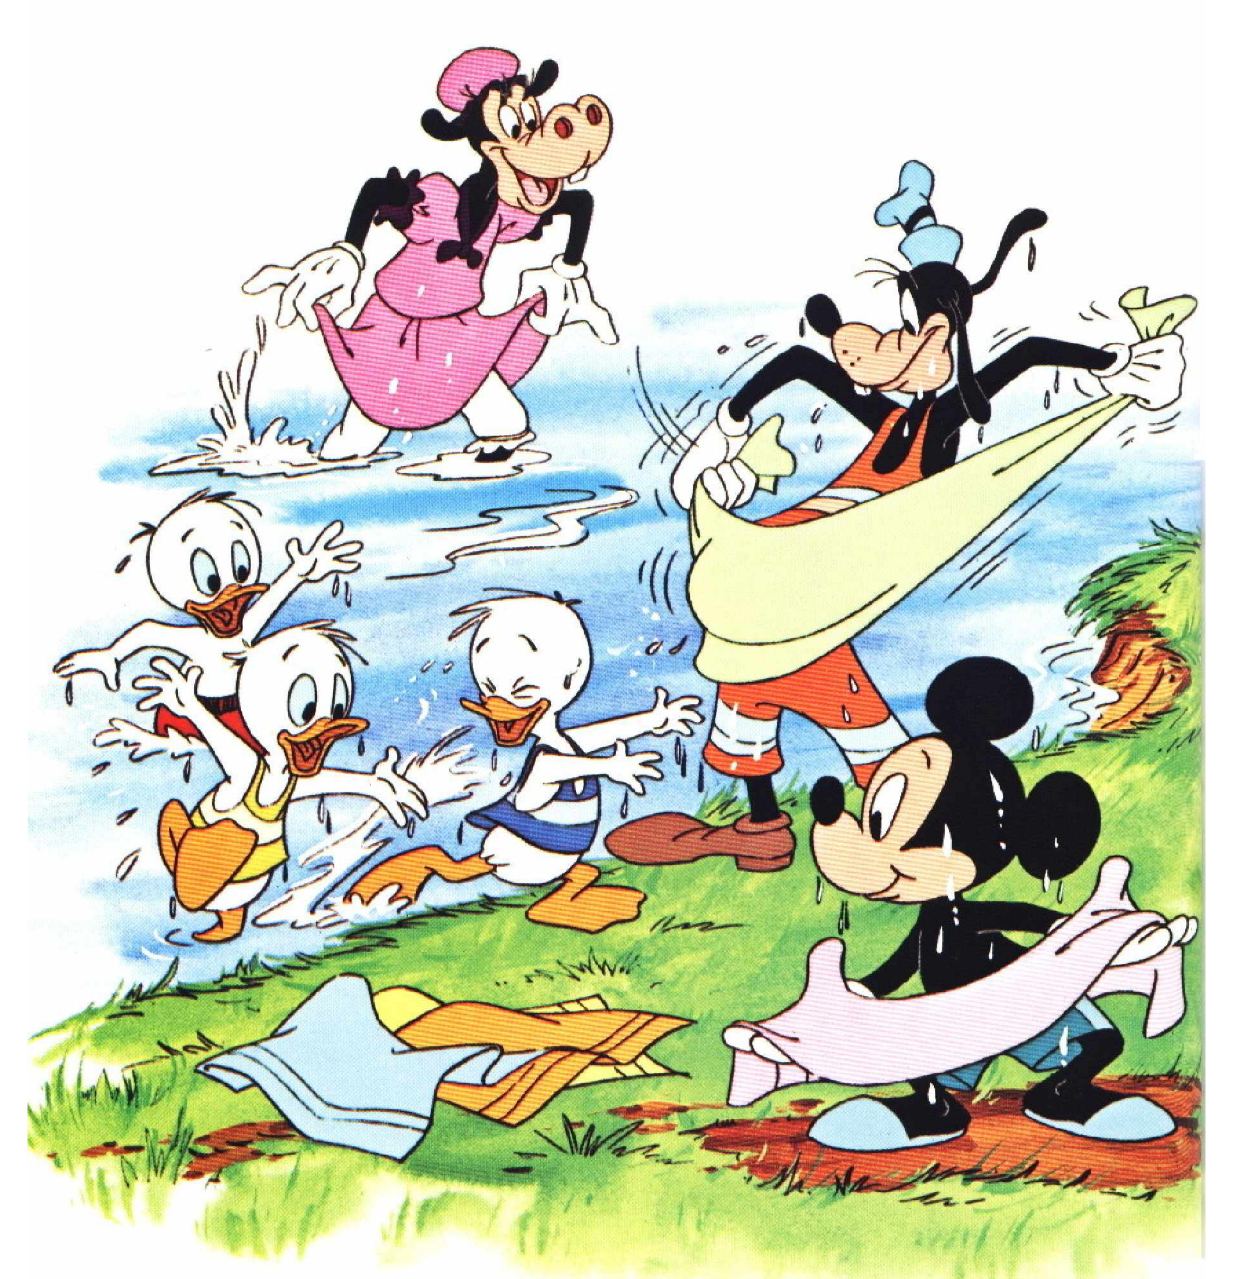

He doesn't have a fish.
He doesn't even have a fishing pole.
And he is all wet.

Poor Donald!

While Donald is sitting in his boat,
very, very unhappy and very, very wet,

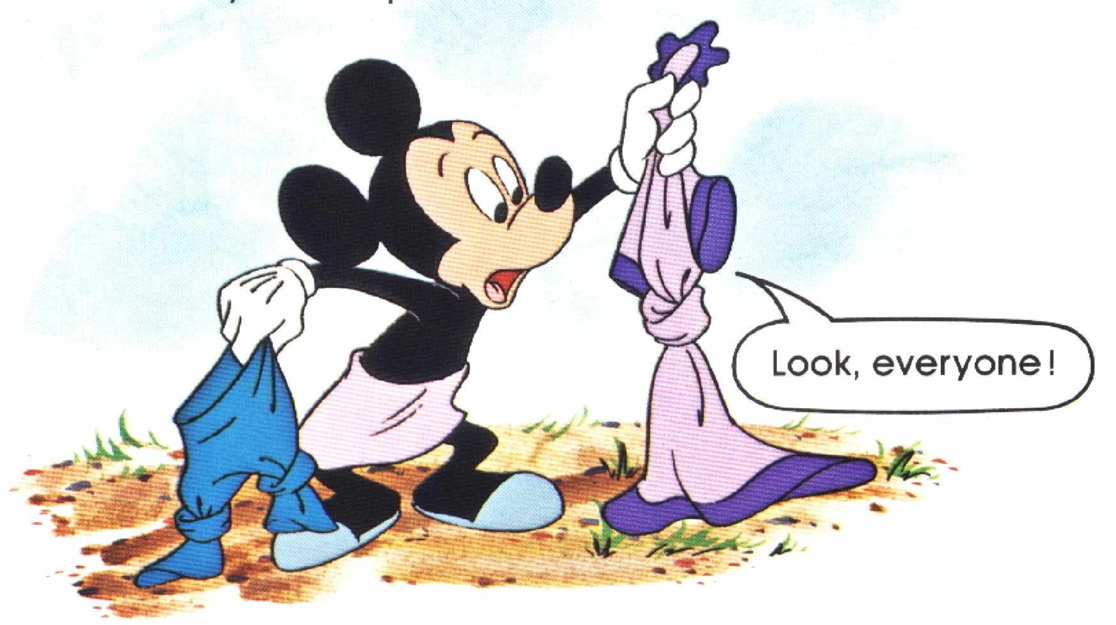

the swimmers are getting out of the water.
They are very wet, too.

Everyone takes off his bathing suit. The bathing suits are very wet. They're going to hang the bathing suits in the tree to dry. The sun will dry the suits.

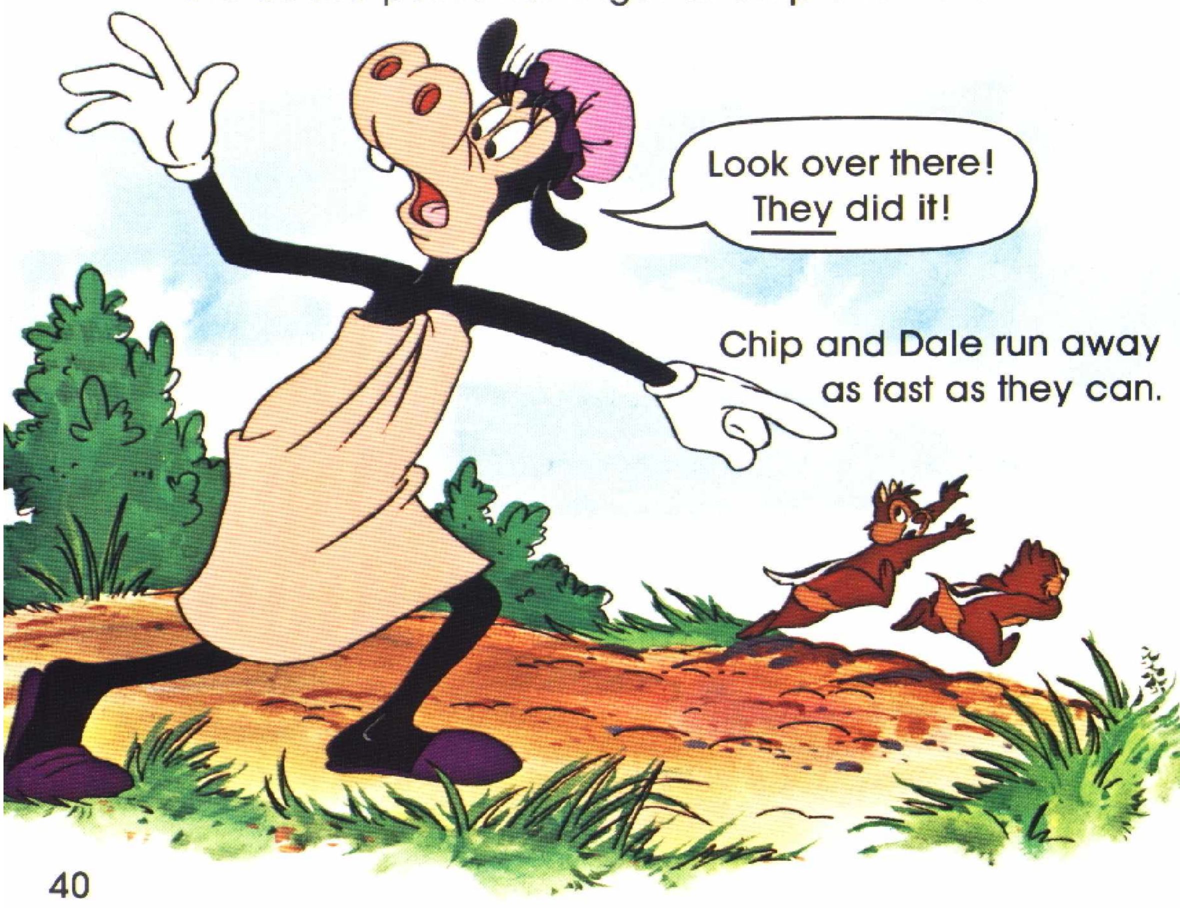

Look at Mickey's face.
Why does Mickey look so surprised?

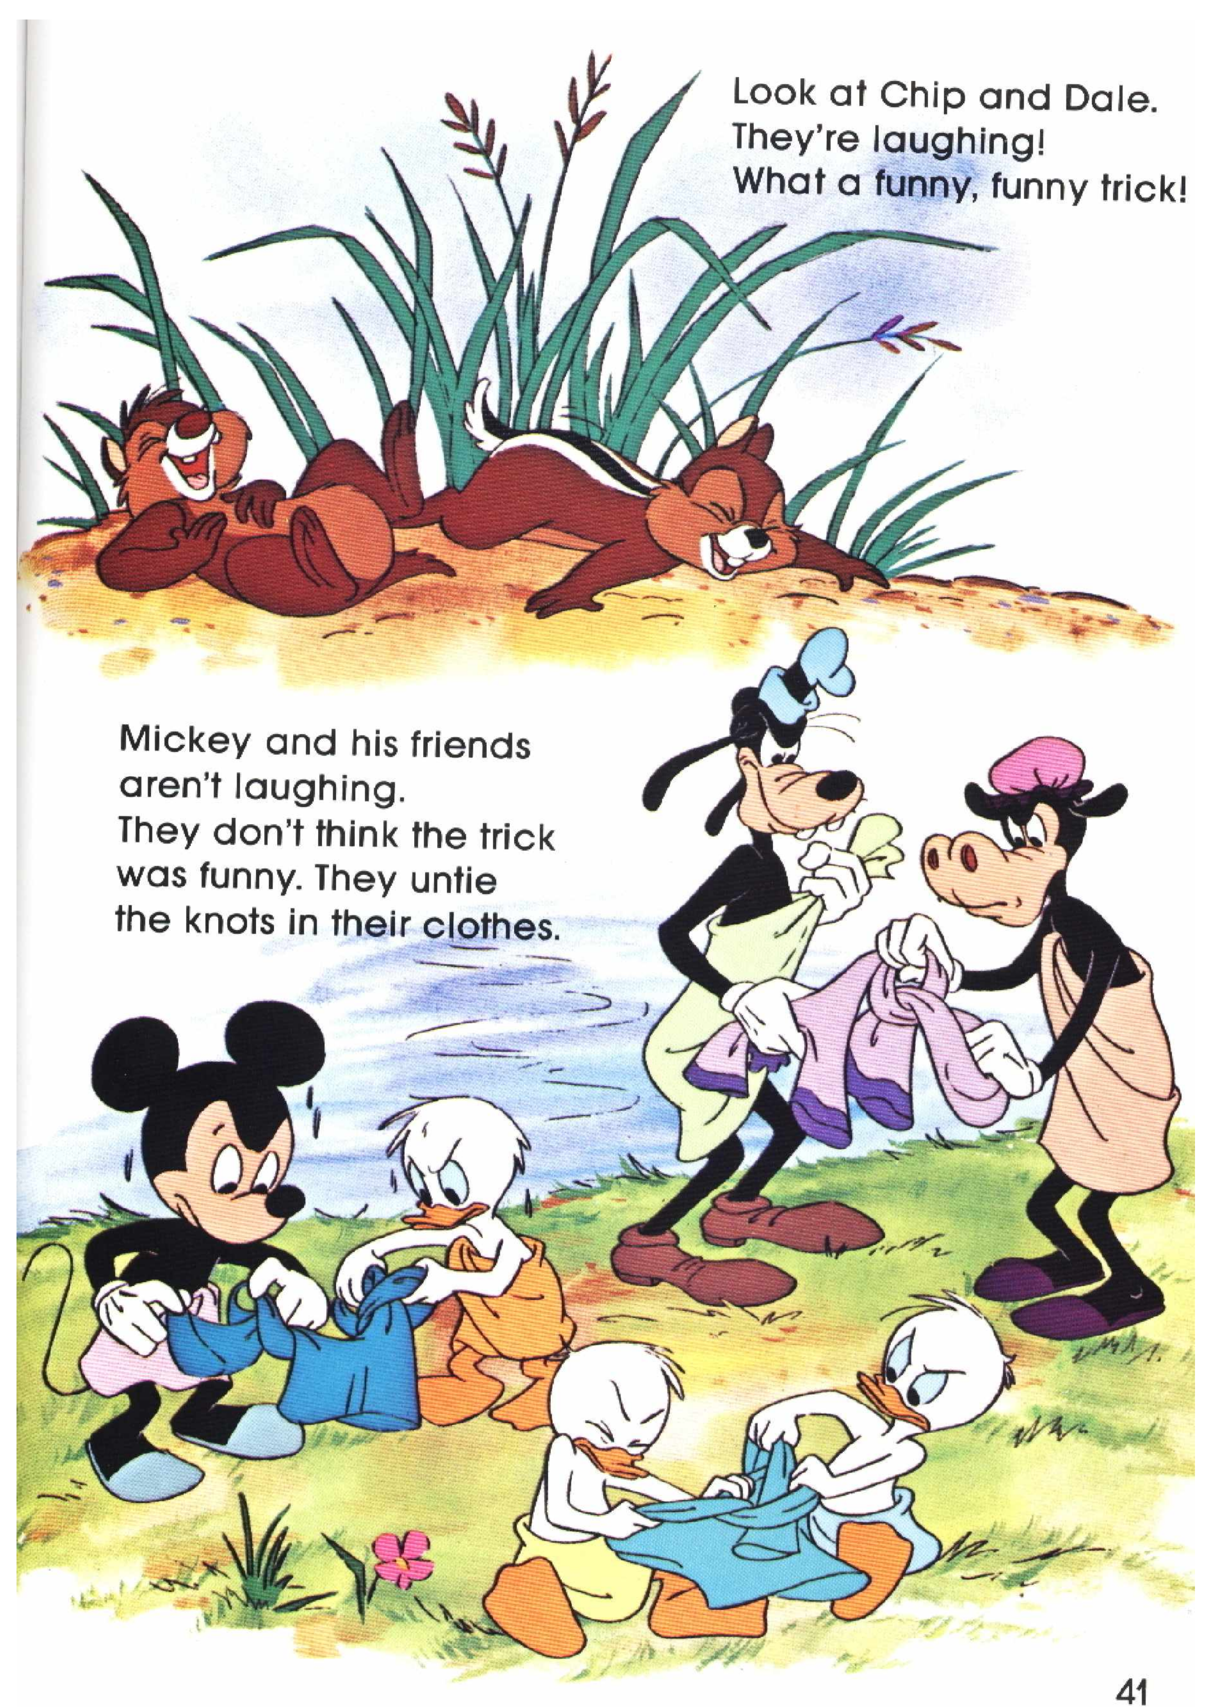

Mickey holds up the clothes with the knots in them.

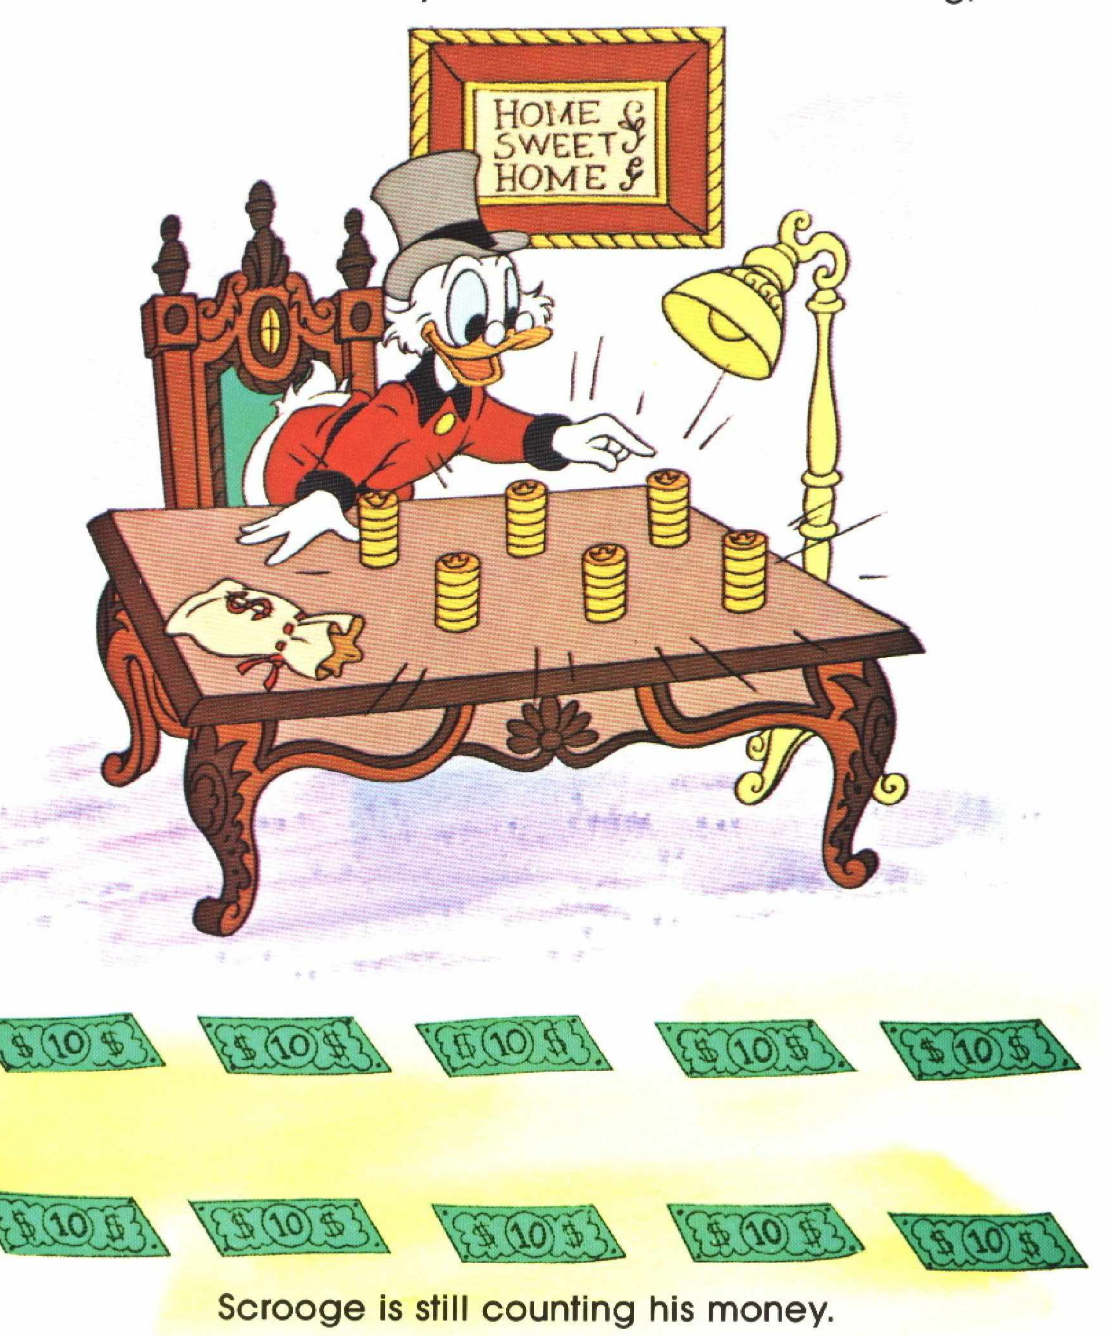

Clarabelle points her finger at Chip and Dale.

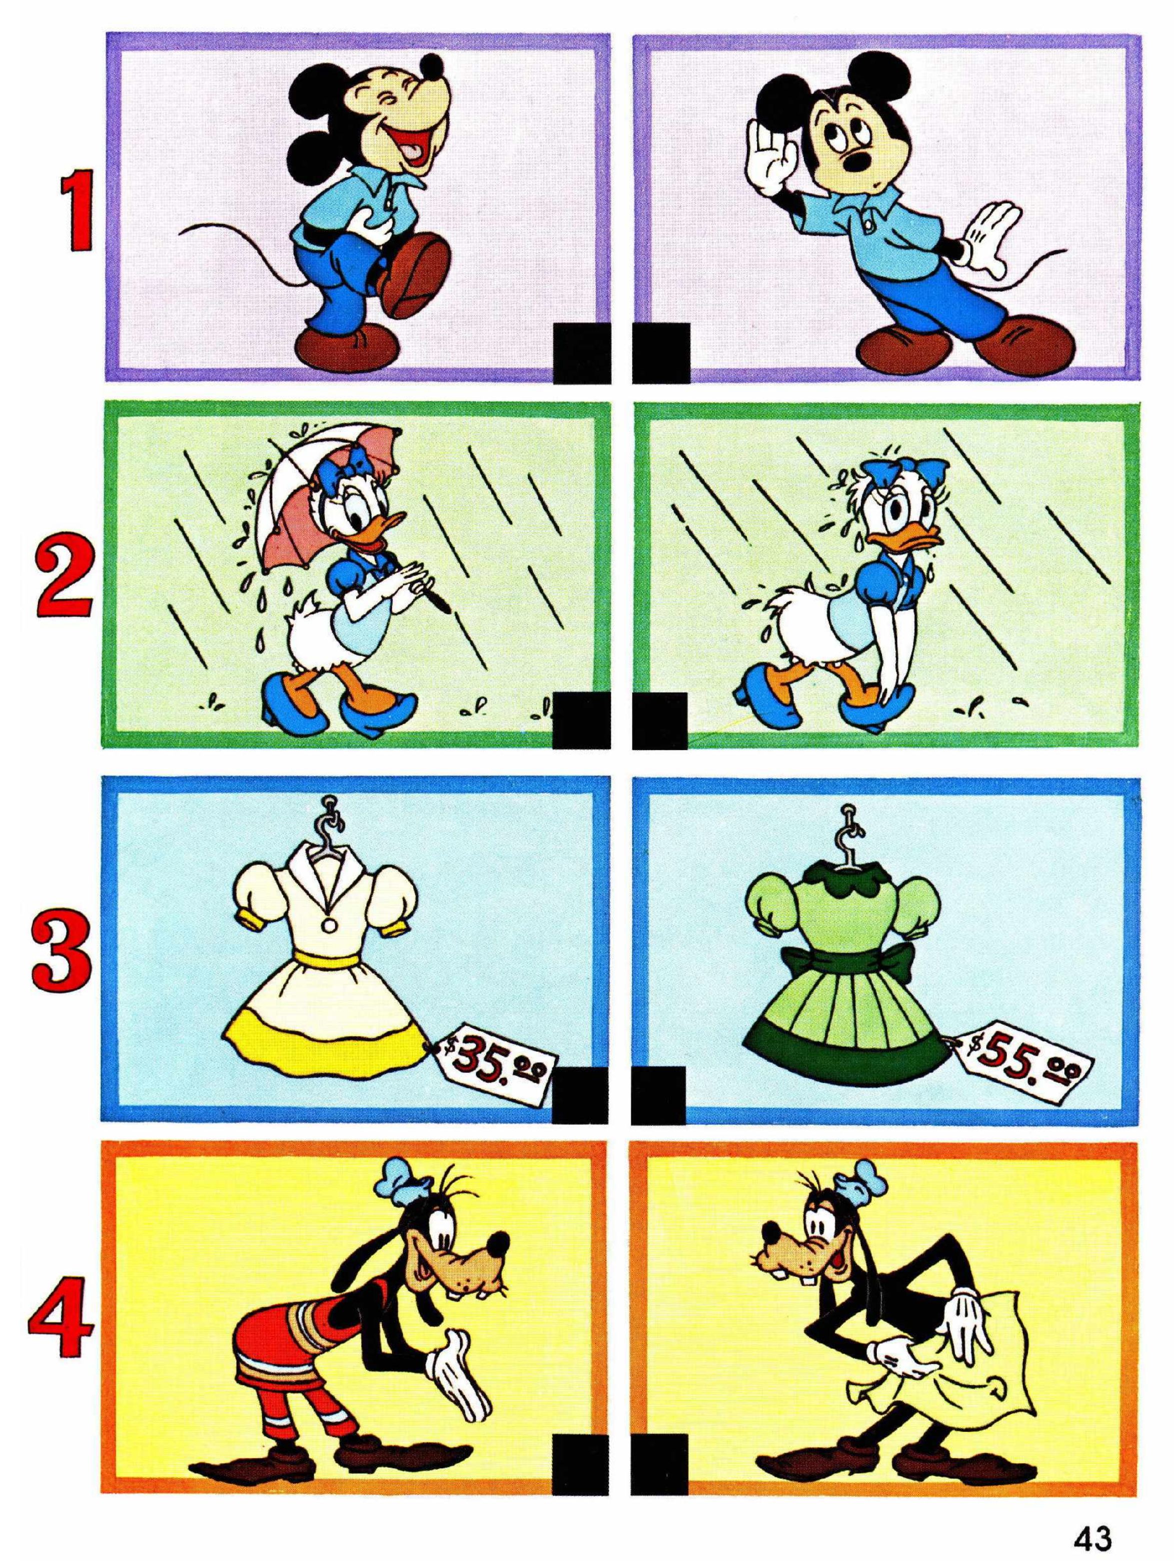

Chip and Dale run away as fast as they can.

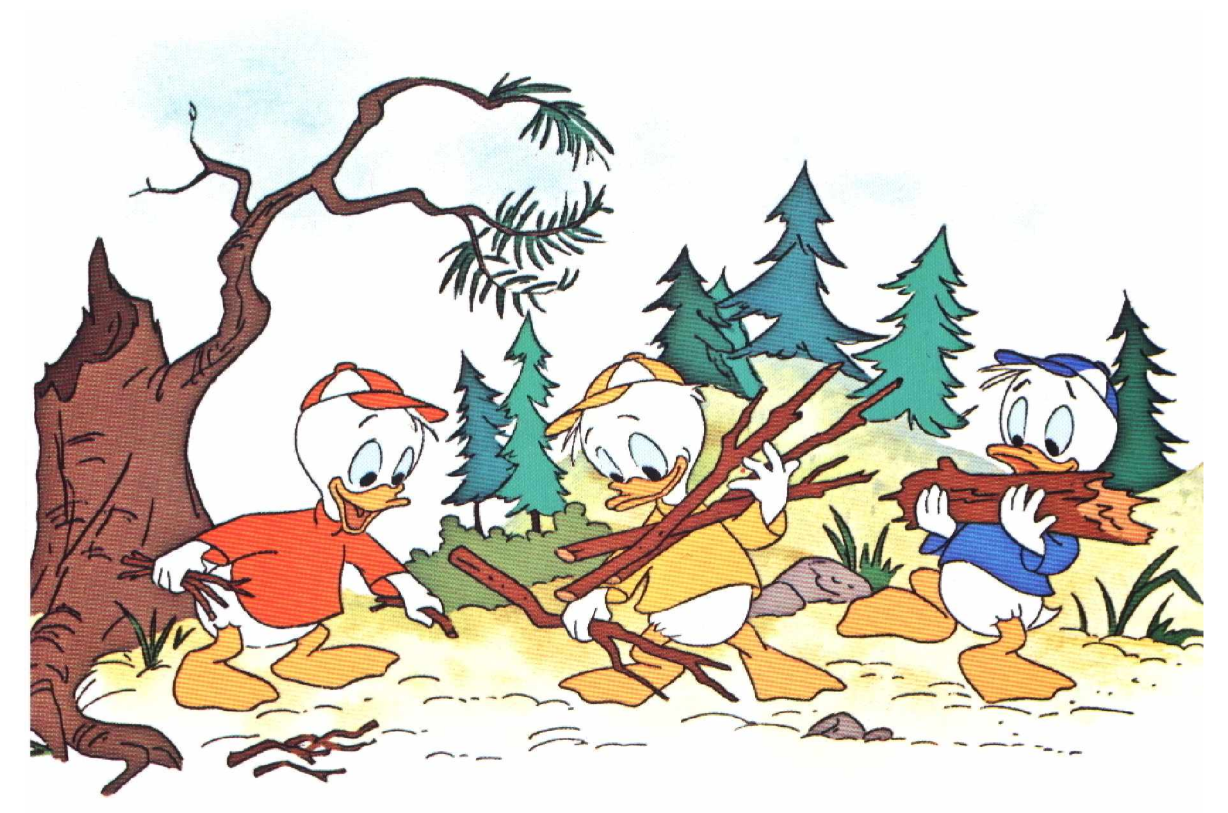

Look at Chip and Dale.
They're laughing!
What a funny, funny trick!
Mickey and his friends
aren't laughing.
They don't think the trick
was funny. They untie
the knots in their clothes.

While Donald is fishing,
while Minnie and her friends are hiking,
and while Mickey and his friends are swimming,

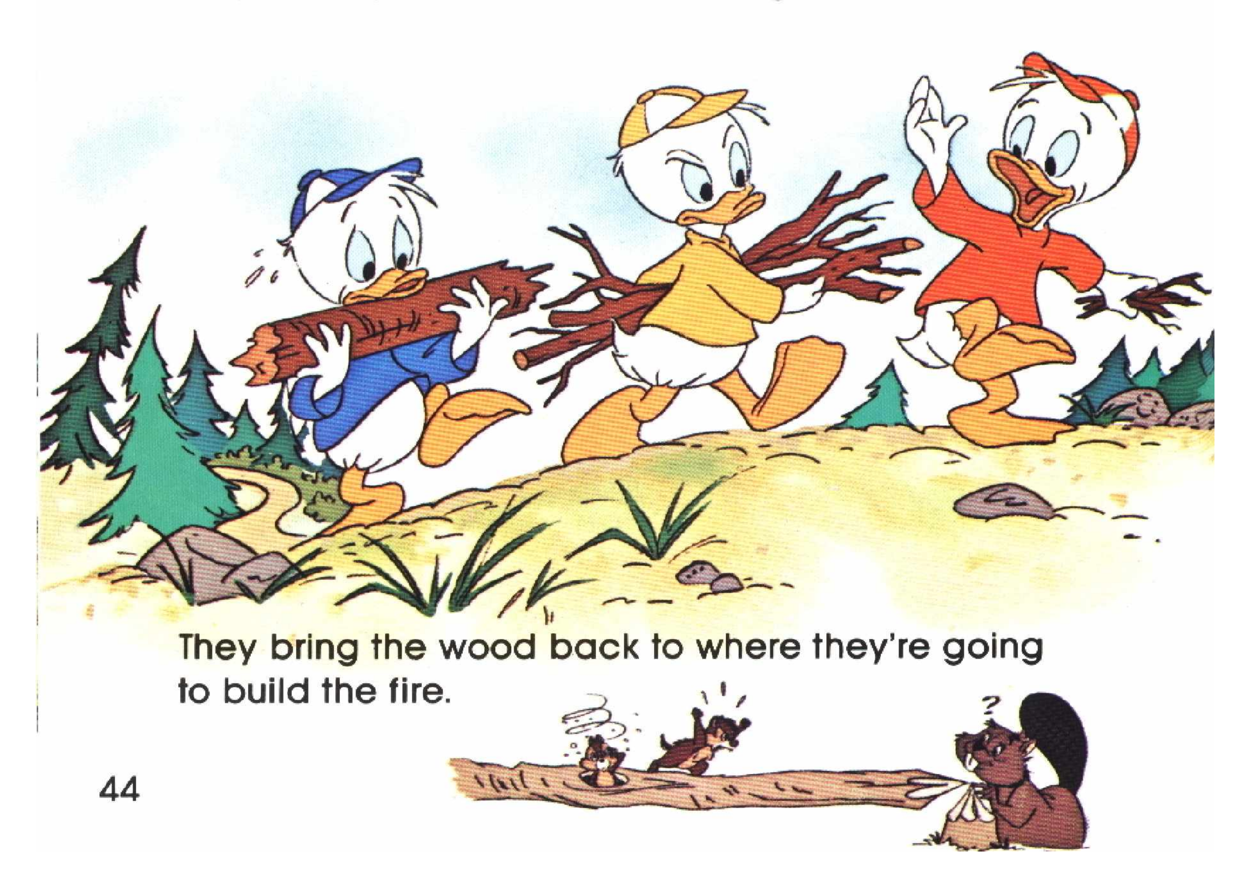

Scrooge is still counting his money.

Huey, Dewey, and Louie are looking for wood.

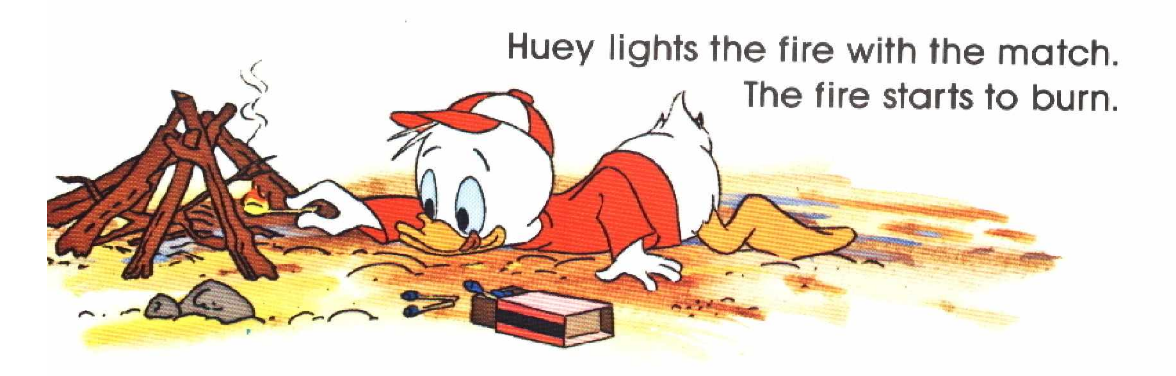

They bring the wood back to where they're going to build the fire.

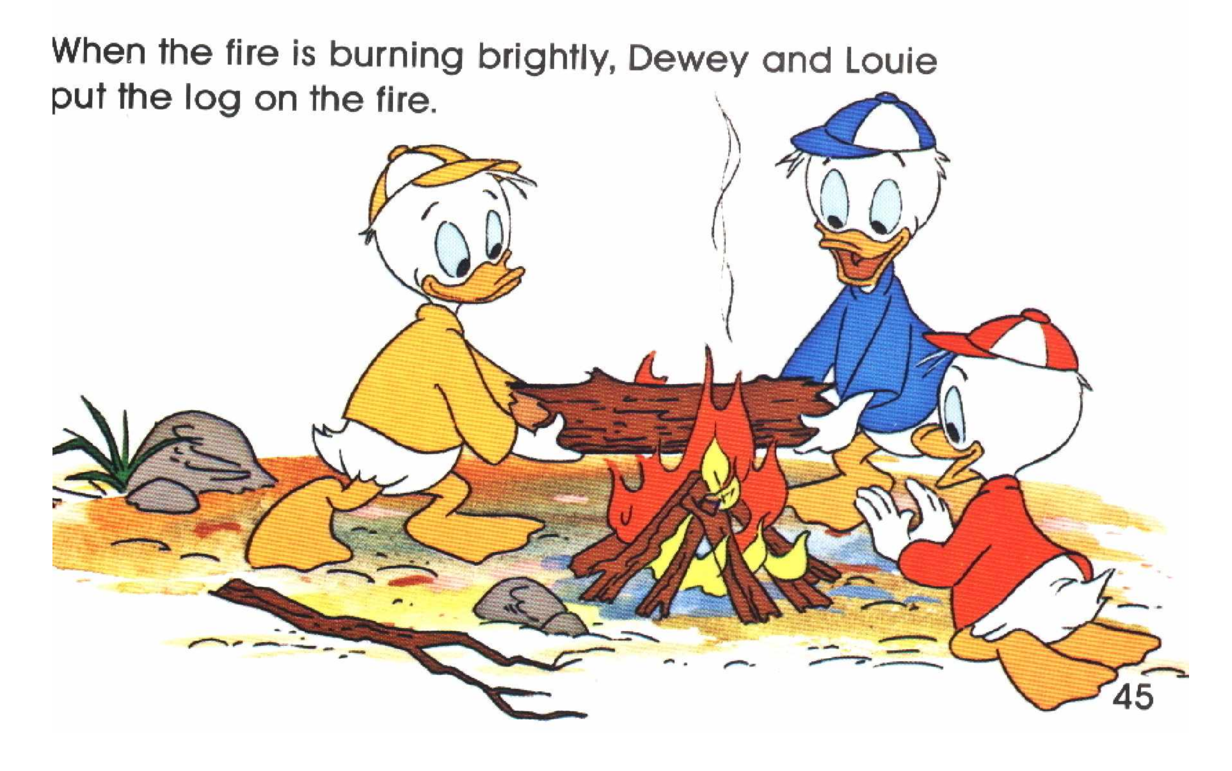

They pile up the wood.

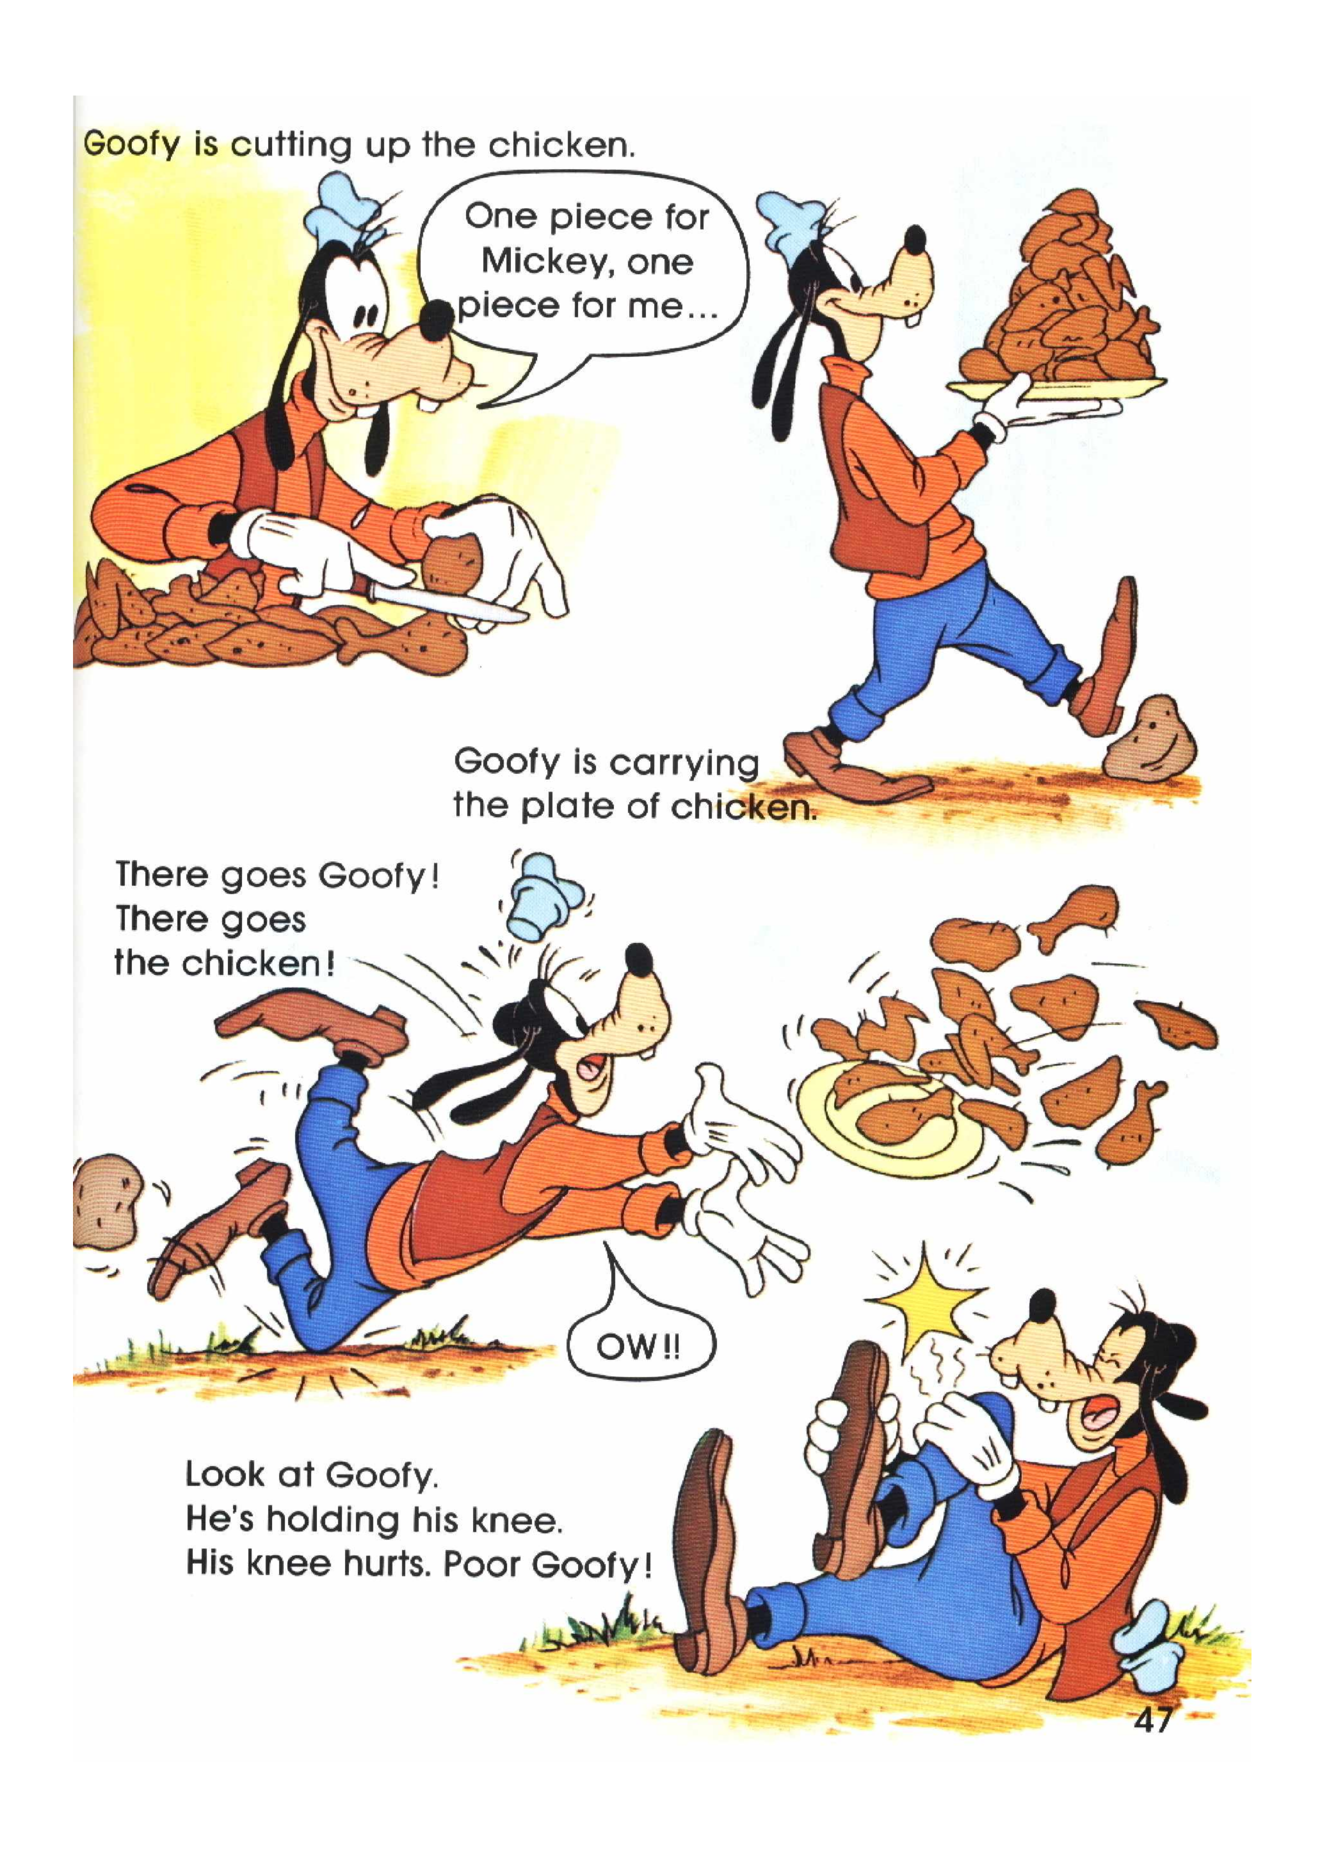

Huey lights the fire with the match.
The fire starts to burn.

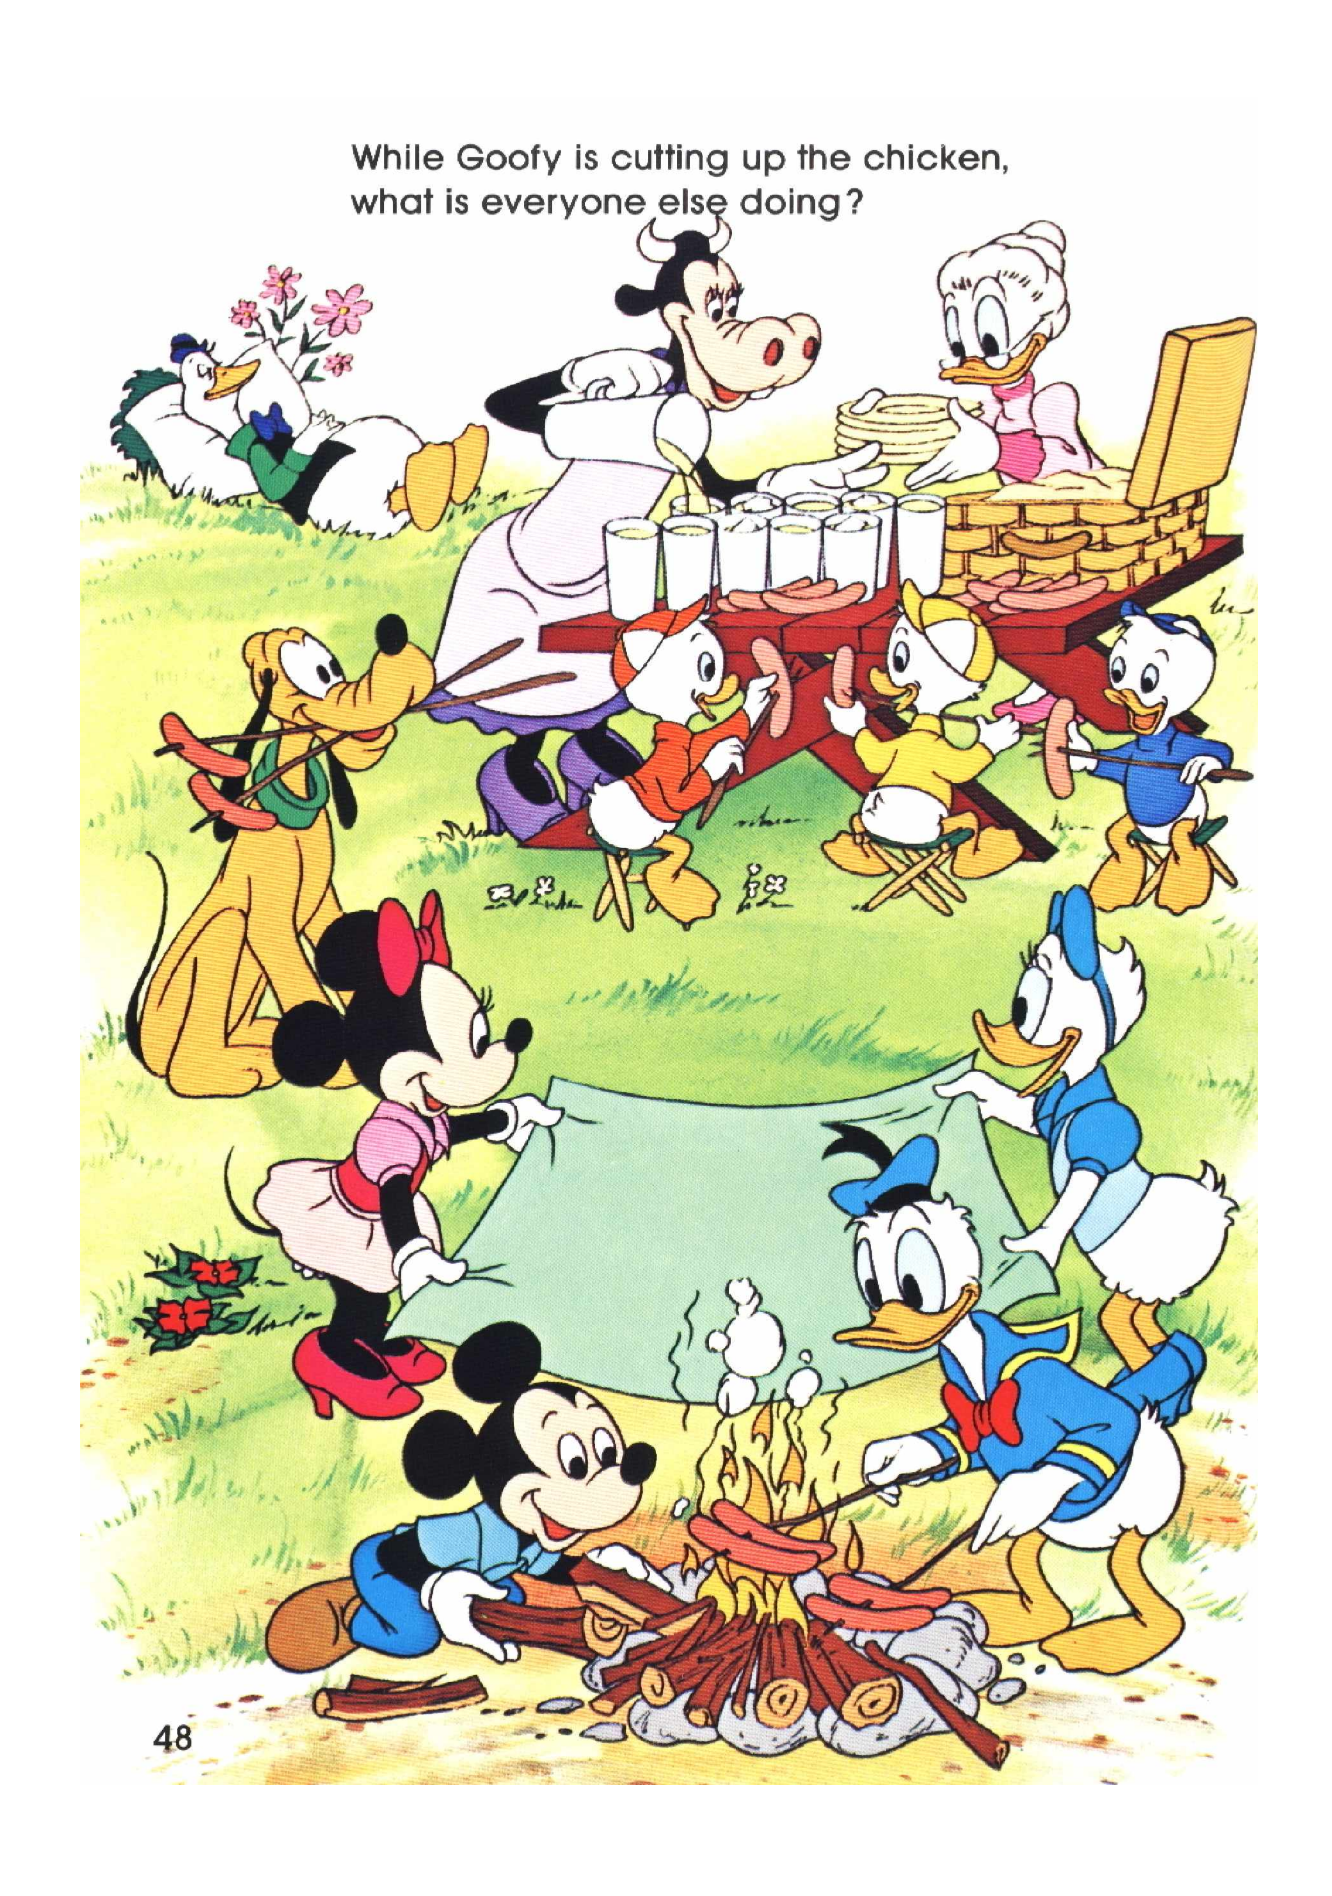

When the fire is burning brightly, Dewey and Louie put the log on the fire.

FIRE
When we are hungry, we can cook on a fire.
When it's cold, a fire can keep us warm.
When it's dark, a fire can give us light.

Goofy is cutting up the chicken.
One piece for Mickey, one piece for me...
Goofy is carrying the plate of chicken.
There goes Goofy! There goes the chicken!
OW!!
Look at Goofy. He's holding his knee. His knee hurts. Poor Goofy!

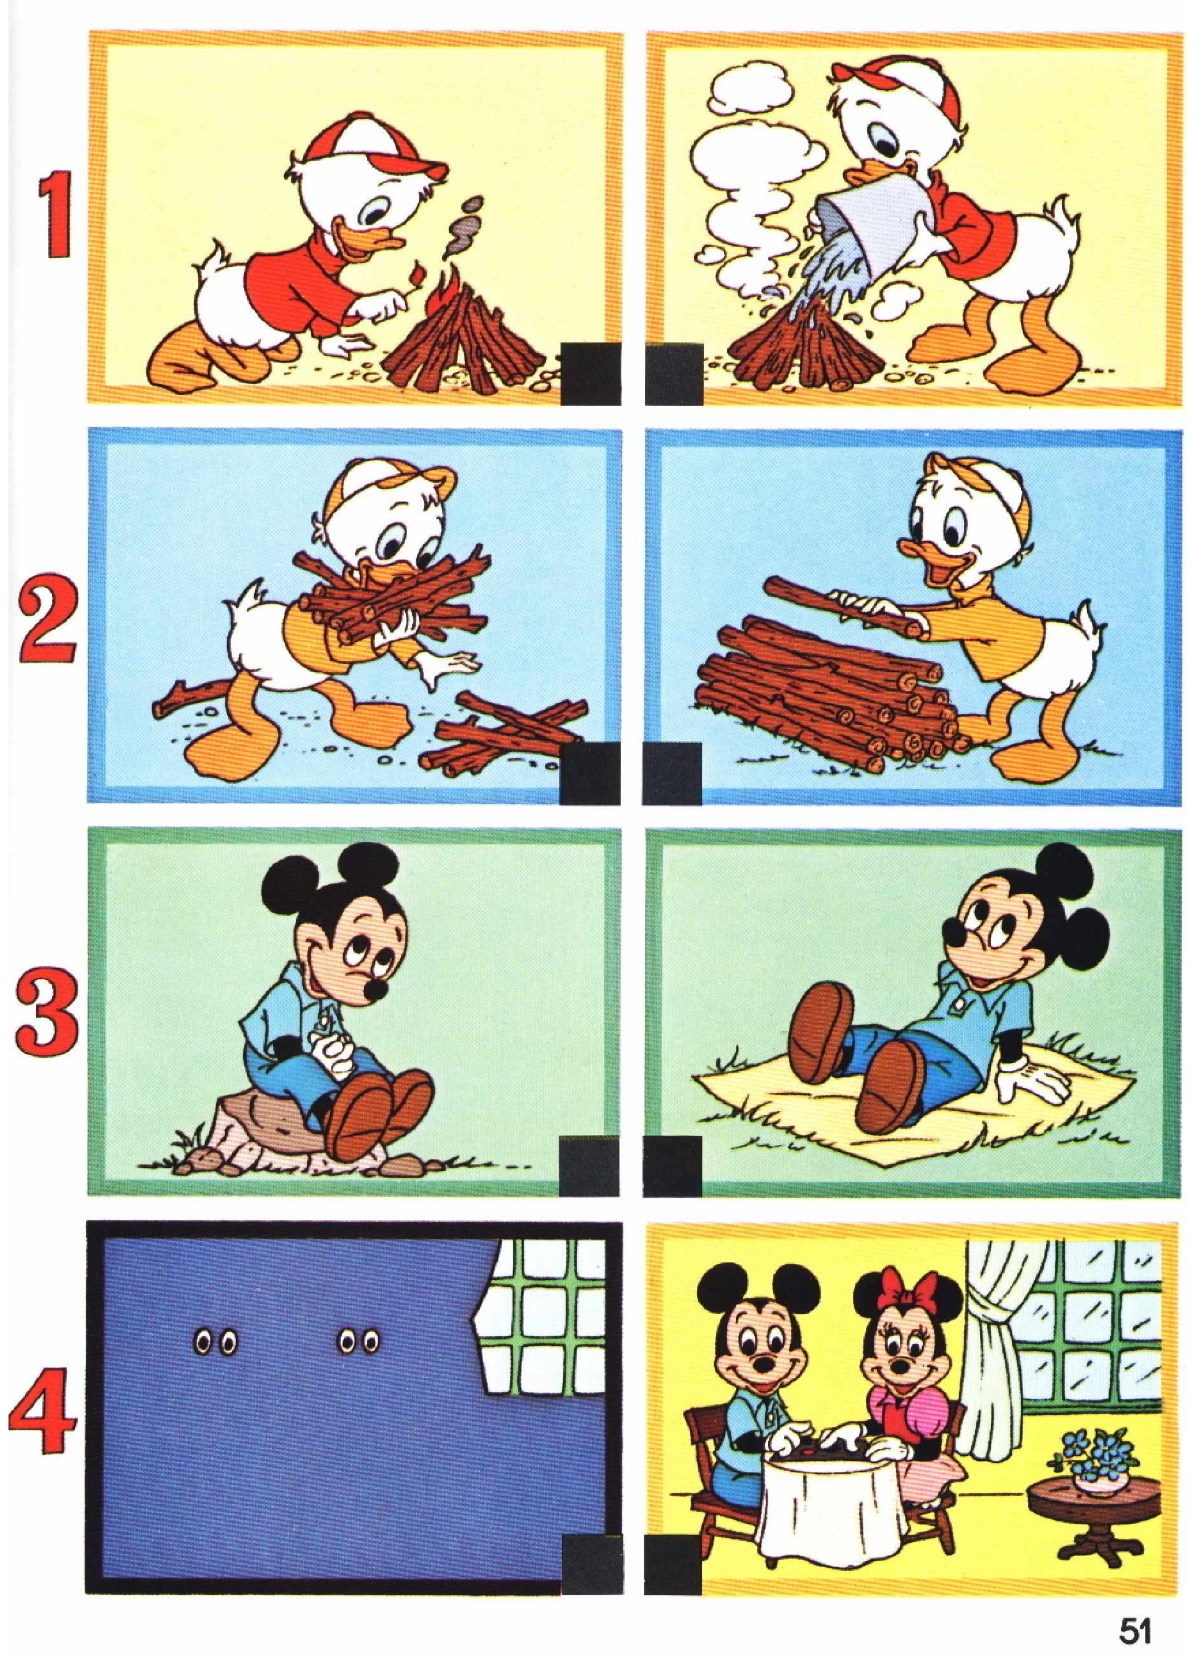

While Goofy is cutting up the chicken,
what is everyone else doing?

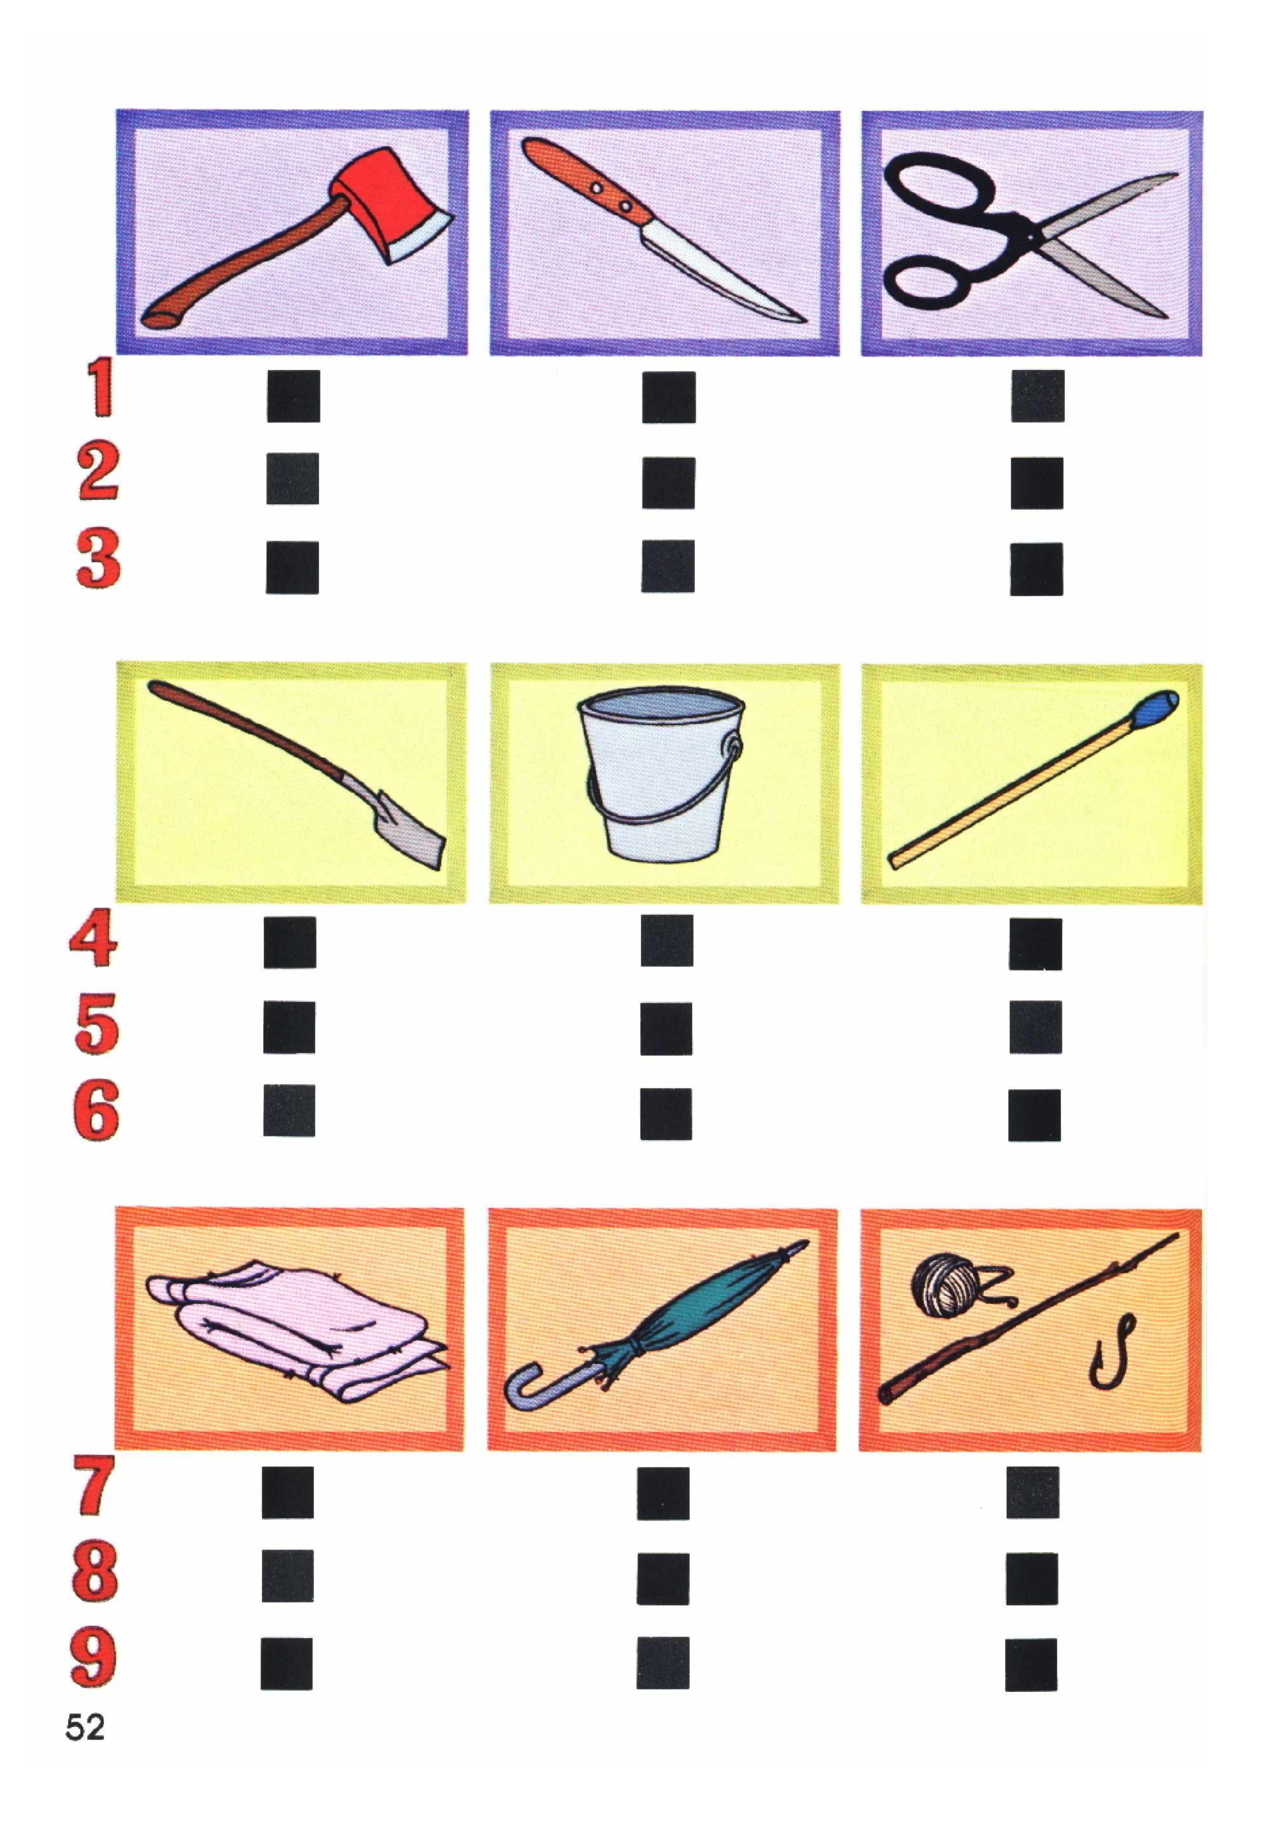

It's time to eat lunch! What is everyone eating?

Goofy is at the river.
He's filling up a bucket with water.
He's going to put the fire out.
Goofy is pouring
the water on the fire.
He's putting the fire out.

Everyone is covering his eyes.
Why? Because Grandma Duck is opening the box,
and it's a big surprise.

Grandma opens the box and takes out a big chocolate cake!
Yummy, yummy! What a wonderful surprise!

SING ALONG!

We're Going to Plant a Tree

We're going to plant a tree.
We're going to plant a tree.
We'll take the shovel and dig, dig, dig!
We're going to plant a tree.

The Tree in the Hole

Oh, in the ground,
There is a hole —
The deepest hole
That you'll ever see.

A hole in the ground
And the green grass grows
all around, all around,
And the green grass grows all around.
And in that hole,
There is a tree —
The tallest tree
That you'll ever see.

A tree in the hole
And the hole in the ground
And the green grass grows
all around, all around,
And the green grass grows all around.

And on that tree,
There is a branch —
The longest branch
That you'll ever see.

And on that branch,
There is a nest —
The prettiest nest
That you'll ever see.

And in that nest,
There is an egg —
The whitest egg
That you'll ever see.

And on that egg,
There is a bird —
The bluest bird
That you'll ever see.

And on that bird,
There is a beak —
The yellowest beak
That you'll ever see.

And in that beak,
There is a worm —
The wiggliest worm
That you'll ever see.

Sitting in a Little Boat

Sitting in a little boat
On a little lake,
Waiting for a little fish.
How long will it take?
One hour, two hours, three or four?
Five hours, six hours, maybe more,
When you're sitting in a little boat
On a little lake,
Waiting for a little fish
A little worm to take.

Jump - Splash! - Into the Water

Go hang your clothes
Up in the tree.
Then come in the water
And swim with me.

We'll jump —
Splash! —
Into the water.
Around the pond we'll swim!
We'll dive to the bottom,
Come back to the top,
And swim and swim without a stop!

How Deep Is the Water?

How deep is the water?
Can you tell me, please?
Does it cover your toes,
Come up to your nose,
Or does it come up to your knees?

If I stand in the water,
How high will it be?
When I am in,
Will it cover my chin,
Or maybe cover all of me?

Look at Me!

Look at me!
Look at me!
Like a monkey in a tree
I can swing!
I can swing!
Look at me!

Watch me now!
Here I go -
Swinging high,
Swinging low!
Look at me!
Look at me!

Look at me!
Look at me!
Like a bird in the sky
I can fly!
I can fly!
Look at me!

Watch me now!
Here I go —
Flying high,
Flying low!
Look at me!
Look at me!

Look at me!
Look at me!
Like a fish in the sea
I can swim!
I can swim!
Look at me!

Watch me now!
Here I go —
Swimming fast,
Swimming slow!
Look at me!
Look at me!

The Fish Eats the Worm

The fish eats the worm.
The fish eats the worm.
He eats the worm
And swims away.
The fish eats the worm.

We're Hiking Through the Woods

We're hiking through the woods,
Left, right, left, right,
We're hiking through the woods,
Left, right, left!

We're climbing up a hill,
Left, right, left, right,
We're climbing up a hill,
Left, right, left!

We're running down the hill,
Left, right, left, right,
We're running down the hill,
Left, right, left!

Keep On Climbing

Keep on climbing,
Keep on climbing,
Keep on climbing,
Don't you stop!
Keep on climbing,
Keep on climbing,
Keep on climbing,
To the top!

Skip Through the Field

Skip through the field
And pick some daisies,
Pick some daisies,
White and yellow.
Skip through the field
And pick some daisies.
Make a daisy chain.

Tie one daisy to another,
First one end and then the other.
As your daisy chain grows long,
You can sing this little song

If You Listen

If you listen,
Then you will hear
The bee that is buzzing in your ear,
The bird that is singing in the tree,
Singing his song for you and me.

Listen! Listen!
Just open your ears
And listen!

If you look,
Then you will see
The bird that is flying from tree to
tree,
The butterfly fluttering through the air,
The sun that is shining on your hair.

Look! Look!
Just open your eyes
And look!

Who Did It?

Who did it?
Who did it?
Who tied the knots?

They did it! They did it!
They tied the knots!

Who did it?
Who did it?
Who untied the knots?

We did it!
We did it!
We untied the knots!

Twigs and Branches, Twigs and Logs

Pick them up,
Pick them up,
Twigs and branches.
Pick them up,
Pick them up,
Twigs and logs.

Pick up twigs and logs and branches,
And our fire will be bright,
Will keep us warm,
Will cook our food,
And when it's dark,
Will give us light.

Pick them up
Bring them back
Pile them up
Burn them up

Put it in the water,
And that's how you fill the bucket up,
That's how you fill it up!

Put out the fire,
Put it out,
Put it out,
Put out the fire,
Put it out!

How do you put the fire out?
Just get a bucket,
Take it to the river,
Fill it up with water,
Pour it on the fire,
And that's how you put the fire out,
That's how you put it out!

Cover Your Eyes

Cover your eyes and don't look!
Don't look! Don't look!
Cover your eyes and don't look!

And when you uncover your eyes,
You'll have a big surprise!
